Kordus,2014-11-05 When Roland a space smuggler fails at his most important job yet he is forced to crash land his ship on the planet Axonn He awakens sixty years later with no memory of his past As he begins to explore the planet he is quickly launched into an epic quest to regain his memory before his past catches up with him **Esther Denison** Adeline Sergeant,1889 *Pillars in the History of Biblical Interpretation, Volume 3* Stanley E. Porter,Zachary K. Dawson,2021-06-07 This third volume like its predecessors adds to the growing body of literature concerned with the history of biblical interpretation With eighteen essays on nineteen biblical interpreters volume 3 expands the scope of scholars both traditional and modern covered in this now multivolume series Each chapter provides a biographical sketch of its respective scholar s an overview of their major contributions to the field explanations of their theoretical and methodological approaches to interpretation and evaluations and applications of their methods By focusing on the contexts in which these scholars lived and worked these essays show what defining features qualify these scholars as pillars in the history of biblical interpretation While identifying a scholar as a pillar is somewhat subjective this volume defines a pillar as one who has made a distinctive contribution by using and exemplifying a clear method that has pushed the discipline forward at least within a given context and time period This volume is ideal for any class on the history of biblical interpretation and for those who want a greater understanding of how the field of biblical studies has developed and how certain interpreters have played a formative role in that development *Wolf in Winter Clothing (Black Hills Wolves #35)* Heather Long,2015-12-04 Roland James waited a long time to return to the Black Hills After Seth his best friend left was driven away and Seth s family vanished in the night he had no reason to stay Only one purpose remained for him to build his strength and his skills until he could kill the men responsible for their loss When word reaches him about Magnum s demise and Drew s ascension he rushes home Though Drew welcomes him and the town seems to be thriving with a Winter Solstice Run in the offing Roland can t celebrate Not all of his enemies are dead One the worst still lives Professor Claudia Donovan has spent a great deal of time and effort to locate one of her colleagues Then she receives an odd message telling her to meet someone about the woman she s been trying to find in the middle of nowhere in South Dakota Taking the first flight and renting a car she waits at the designated spot A chance meeting and an even riskier hookup for her TA leaves her with more questions than answers When she ends up in Los Lobos no one wants to answer her questions The last thing Roland expects when he lures the human to the Black Hills is to delight in her scent her temper and her cutting tongue He needs the pawn to distract Ryker because the Enforcer has a weakness Take away his mate and Roland can kill him once and for all Maybe his plan makes Roland the bad guy but he can live with that The only problem he has is his need for revenge may cost him Claudia Mamee's Pride Jennifer Harris,2011-07-22 When Roland Beaudreaux is found murdered in the small rustic community of Prairie Louisiana his daughter Ginny is the chief suspect As the Beaudreaux
