Sicilian Carousel:

Sicilian Carousel Lawrence Durrell, 2012-06-12 A moving account of friendship and discovery on the island of Sicily from the acclaimed travel writer and bestselling author of *The Alexandria Quartet*. Despite decades spent writing poetic evocations of the timeless pleasures of life in the Mediterranean, Lawrence Durrell had never set foot on the sea's largest island, mysterious impenetrable Sicily. For years his friend Martine begged him to visit her on this sun-kissed paradise, and though he always intended to, life inevitably interfered. It took Martine's sudden death to finally bring him to the island's shores. With Martine's letters in his pocket, Durrell signs up for a tour group, hoping to learn the travel habits of those who aren't obsessively devoted to island life. As he treks from sight to sight, dizzy with history and culture, Durrell finds echoes of his past lives in Rhodes, Cyprus, and Corfu.

Sicilian Carousel Lawrence Durrell, 1977 *Lawrence Durrell* Julius Rowan Raper, Melody L. Enscoe, Paige Matthey Bynum, 1995 Lawrence Durrell excelled in a great variety of genres: poetry, drama, travel books, humorous writings, translations, critical essays, philosophical essays, character sketches, and above all, genre and culture transforming experimental novels. In keeping with Durrell's multifaceted career and the centrality of his experiments, the essays in this collection use a variety of literary approaches to the diversity of Durrell's contributions to literature, illuminating four major dimensions of Durrell's writing.

Islands of the Mind Richard Pine, 2020-02-05 730 million people, almost 10% of the world's population, inhabit islands. One quarter of the states represented at the United Nations are islands. Islands constitute almost twenty percent of the total land area of Greece and exhibit more significant aspects of biodiversity than other global contexts. They are both occasions of triumph and occurrences of catastrophe. Islands are both open and enclosed communities, points of arrival and departure. Islands exert a fascination for the visitor and generate in the islander both positive and negative mindsets. The romantic fallacies about self-sufficiency and insularity of islands are constantly challenged. This collection of essays by scholars from some of the world's most compelling islands—Jersey, Ireland, Tasmania, Corfu, Ereikousa, Prince Edward Island, Malta—explores the psychology of islands, islanders, and their visitors; the literatures they stimulate; and the scientific, ethical, and biogeographical issues they present in an increasingly globalised world. Corfu, the home of Lawrence and Gerald Durrell in the 1930s and host to literary and scientific enquiry, is the place where this collection was conceived and occupies a central place in its discussions.

The Heraldic World of Lawrence Durrell Bruce Redwine, 2022-03-02 Lawrence Durrell's position as one of the twentieth century's leading novelists is continually being enlarged and revised. This book presents unusual and unorthodox explorations of Alexandria, the city at the heart of Durrell's writing; his family relationships; his biographer Michael Haag; and his affinity with such diverse writers as Rilke and Virgil. In particular, it offers an insight into Durrell's emotions and sensibilities in elaborating his *Sicilian Carousel* and a penetrating and totally unique reading of Durrell's *Alexandria Quartet* in the light of the art and landscape of ancient Egypt.

The Mediterranean Passion John Pemble, 2015-07-16 The only remarkable thing people can tell of their doings these days is that they have stayed at home declared George Eliot in 1869 In Victorian and Edwardian Britain travel became the rage The middle classes and the aristocracy seemed in a constant flux of arrival and departure their luggage festooned with foreign labels The revolution in transport made this possible The Mediterranean Passion describes how the British travelled to the South and where they went Drawing on what these travellers wrote and what was written for them it enriches our understanding of the Victorians and Edwardians by exploring the medical religious sexual and aesthetic dimensions of their journeys and illuminates an important but neglected aspect of British social and cultural history combines scholarship with charm It could easily be taken to the Mediterranean on a holiday and read with pleasure on a sunny beach or in the shade of a church Asa Briggs Financial Times I was impressed not merely by the range of his erudition historical cultural literary topographical medical et al and by the depth of his enquiries into his subject but by the subtlety and refinement of his prose He deals with very elusive complex and culturally contradictory matters upon which few if any could arrive at persuasive generalisations yet he does so throughout the book while his conclusion is a marvel of judgment excelling even what his preceded David Selbourne author of The Principle of Duty The Mediterranean Passion was the joint winner of the 1987 Wolfson Literary Award for History

Reflections on a Marine Venus Lawrence Durrell, 2012-06-12 After World War II an Englishman seeks peace on an ancient Greek island in this remarkable travel memoir The New York Times Islamonia is a disease not yet classified by Western science but to those afflicted its symptoms are all too recognizable Men like Lawrence Durrell are struck by a powerful need to live on the ancient islands of the Mediterranean where the clear blue Aegean is always within reach After four tortuous wartime years in Egypt Durrell finds a post on the island of Rhodes where the British are attempting to return Greece to the sleepy peace it enjoyed in the 30s From his first morning when a dip in the frigid sea jolts him awake for what feels like the first time in years Durrell breathes in the fullest joys of island life meeting villagers eating exotic food and throwing back endless bottles of ouzo as though the war had never happened at all The charms of his stay there still resonate today for the pleasures of Greece are older than history itself

Mediterranean Winter Robert D. Kaplan, 2011-11-23 In Mediterranean Winter Robert D Kaplan the bestselling author of Balkan Ghosts and Eastward to Tartary relives an austere haunting journey he took as a youth through the off season Mediterranean The awnings are rolled up and the other tourists are gone so the damp cold weather takes him back to the 1950s and earlier a golden intensely personal age of tourism Decades ago Kaplan voyaged from North Africa to Italy Yugoslavia and Greece luxuriating in the radical freedom of youth unaccountable to time because there was always time to make up for a mistake He recalls that journey in this Persian miniature of a book less to look inward into his own past than to look outward in order to dissect the process of learning through travel in which a succession of new landscapes can lead to books and artwork never before encountered Kaplan first imagines Tunis as the glow of gypsum lamps shimmering against lime washed mosques the city he actually discovers is even more intoxicating He takes the reader to the ramparts of a Turkish kasbah where Carthaginian Roman and Byzantine forts once stood I could see deep into Algeria over a rib work of hills so gaunt it seemed the wind had torn the flesh off them In these austere and aromatic surroundings he discovers Saint Augustine the courtyards of Tunis lead him to the historical writings of Ibn Khaldun Kaplan takes us to the fifth century Greek temple at Segesta where he reflects on the ill fated Athenian invasion of Sicily At Hadrian's villa Shattered domes revealed clouds moving overhead in countless visions of eternity It was a place made for silence and for contemplation where you wanted a book handy Every corner was a cloister No view was panoramic each seemed deliberately composed Kaplan's bus and train travels his nighttime boat voyages and his long walks in one archaeological site after another lead him to subjects as varied as the Berber threat to Carthage the Roman army's hunt for the warlord Jugurtha the legacy of Byzantine art the medieval Greek philosopher Georgios Gemistos Plethon who helped kindle the Italian Renaissance twentieth century British literary writing about Greece and the links between Rodin and the Croatian sculptor Ivan Mestrovic Within these pages are smells tastes and the profundity of chance encounters Mediterranean Winter begins in Rodin's sculpture garden in Paris passes through the gritty streets of Marseilles and ends with a moving epiphany about Greece as the world prepares for the 2004 Summer Olympics in Athens

Mediterranean Winter is the story of an education. It is filled with memories and history not the author's alone but humanity's as well. **Larry** Michael Haag, 2025-07-03. Highly readable and elegant. Spectator. Lawrence Durrell was unquestionably one of the most distinctive original and compelling literary figures of his age. From his childhood in India and Burma to his bohemian youth in London and Paris, from his madcap scheme to move his family to Corfu to the formative war years spent in Alexandria, this masterful and richly detailed biography is essential reading to understand the man and the writer. In Larry Michael Haag, the world's foremost expert on the Durrells, brought together his unrivalled knowledge and first-hand meetings with the Durrell family and associates to offer the definitive account of the young Lawrence and the real-life settings and stories that inspired his acknowledged masterpiece *The Alexandria Quartet*. *From the Elephant's Back*. Lawrence Durrell, 2015-08-16. Rare and previously unpublished essays and letters showcasing Durrell's wit, elegance, philosophy, joie de vivre, and flaming intelligence. The Irish Times. The proverb says that whoever sees the world from the back of an elephant learns the secrets of the jungle and becomes a seer. I had to be content to become a poet. Lawrence Durrell. Best known for his novels and travel writing, Lawrence Durrell defied easy classification within twentieth-century Modernism. His anti-authoritarian tendencies put him at odds with many contemporaries aesthetically and politically. However, thanks to a compelling recontextualization by editor James Gifford, these thirty-eight previously unpublished and out-of-print essays and letters reveal that Durrell's maturation as an artist was rich, complex, and subtle. Durrell fans will treasure this selection of rare nonfiction, while scholars of Durrell, Modernist literature, anti-authoritarian artists, and the Personalist movement will also appreciate Gifford's fine editorial work. Gifford's scholarly command of the archives shows especially his working intimacy with the unpublished, archived words of Durrell's editors, publishers, and collaborators. I have no doubt that this collection will serve as a starting point for any number of new critical ventures into the life and writing of Lawrence Durrell. Charles Sligh, University of Tennessee at Chattanooga.
