traditional Jewish liturgy a man thanks God daily for not having been made a gentile a woman or a slave Yoel Kahn traces the history of this prayer from its extra Jewish origins to the present demonstrating how different generations and communities understood the significance of these words Marginalized and persecuted groups used this prayer to mark the boundary between us and them affirming their own identity and sense of purpose After the medieval Church seized and burned books it considered offensive new coded formulations of the three blessings emerged as forms of spiritual resistance Book owners voluntarily expurgated the passage to save the books from being destroyed creating new language and meaning while seeking to preserve the structure and message of the received tradition During the Renaissance Jewish women defied their rabbis and declared their gratitude at being made a woman and not a man And as Jewish emancipation began in the nineteenth century Jews again had to balance fealty to historical practice with their place in the world Seeking to be recognized as modern and European early modern Jews rewrote the liturgy to suit modern sensibilities and identified themselves with the Christian West against the historical pagan and the uncivilized infidel The Three Blessings is an insightful and wide ranging study of one of the most controversial Jewish prayers showing its constantly evolving language usage and interpretation over the past 2 000 years Catalog of the Hebrew Collection of the Harvard College Library Harvard College Library, 1995 The Catalog of the Hebrew Collection of the Harvard College Library includes some 112 000 transcribed Hebraica bibliographic records approximately 100 000 monograph records 4 700 serials 4 400 sound recordings 2 000 videotapes and 1 000 scores The monograph and serial records include 8 300 microform records The present catalogue is divided into three sections Author Title Subject and Imprint Each item has a main entry citation in the Author Title section All other entries in the catalogue represent access points referring back to these main entry citations

illuminate religious teachings about wisdom history peace forgiveness and divine metaphors Also clarified in these essays are notions of David Greek and Hebrew divine metaphors and the liturgical use of the Hebrew Bible **The National Union** Catalog, Pre-1956 Imprints Library of Congress, American Library Association. Reif, 2012-03-12 Much of the primary research summarized here relates to Cambridge Genizah manuscripts a thousand year old source that testifies to liturgical as well of course as non liturgical developments that greatly predate other source material When the research is concerned with pre Genizah history the Genizah evidence is also relevant since the historian of religious ideas must ultimately decide how to date characterize and conceptualize its contents and how to explain where they vary significantly from what became or is regarded rightly or wrongly as having become the standard rabbinic liturgy sanctioned by the Iraqi Jewish authorities from the ninth to the eleventh century
