Side Effects of Drugs Annual, 2001-09-06 The *Side Effects of Drugs Annual* is designed to provide a critical and up to date account of new information related to adverse drug reactions and interactions from the clinician's point of view. Under the supervision of the series editors an international team of expert authors have gathered together the latest information on adverse drug effects from the international literature. In addition to describing new reports of adverse drug effects the authors have subjected those reports to critical analysis setting them into context in terms of clinical relevance and importance and cross referring to previous reports where necessary. New adverse effects are reported and evaluated and previously reported adverse effects are re-evaluated in the light of the most recent information. A special feature is the reviews in which selected adverse effects are discussed in depth. The use of the book is enhanced by two separate indexes allowing the reader to enter the text by drug name, adverse effect name or drug interaction. The current Annual is the first update of the standard encyclopaedic work in this field. <http://www.elsevier.nl/locate/isbn-0444500936> Meyler's *Side Effects of Drugs* Fourteenth Edition which was published in December 2000.
