Business Development Consultant When I read the original version of Vibrational Harmony I was so impressed I asked Beverly if I could write the Forward I had read many self help books but none like hers When she told me she was revising the book I couldnt imagine how or why Then I read this new revised version and was amazed The new chapters the expansion of several chapters her personal story and clarification of the powerful energy techniques she teaches makes the revise3d Vibrational Harmony a must read for anyone who is on a personal growth journey spiritual journey or both even if you read the original version Joyce E Barrie Success Coach Host of Joyce Barrie Friends Internet Radio Show Beverly Nadlers Vibrational Harmony brings breakthrough insights in the self development field that allow you to be do and have all you yearn for and are intended to be Theres been a revolution as far reaching as anything humanitys ever witnessed and only the few even know its happened It all began she explains with physicists who ventured into the sub atomic world in which they discovered solidity was the illusion and the real reality is conscious energy And being wavelike and electrical it operates differently than the 3 dimensional world The classical Material Model thinking everything is hard 3 dimensional and difficult to change was the appropriate level of evolution during our recent epoch of development And thats why things looked that way Vibrational Harmony leads you all the way from an introduction to this new view of the world to embracing The Energy Model to finally manifest the good things you want in life Its quantum Dr Ted Ciuba Quantum Business Acceleration Coach founder of World Internet Summit Author of The New Think And Grow Rich *Animal Lessons* Kelly Oliver,2009-10-08 Philosophy reads humanity against animality arguing that man is man because he is separate from beast Deftly challenging this position Kelly Oliver proves that in fact it is the animal that teaches us to be human Through their sex their habits and our perception of their purpose animals show us how not to be them This kinship plays out in a number of ways We sacrifice animals to establish human kinship but without the animal the bonds of brotherhood fall apart Either kinship with animals is possible or kinship with humans is impossible Philosophy holds that humans and animals are distinct but in defending this position the discipline depends on a discourse that relies on the animal for its very definition of the human Through these and other examples Oliver does more than just establish an animal ethics She transforms ethics by showing how its very origin is dependent upon the animal Examining for the first time the treatment of the animal in the work of Heidegger Merleau Ponty Derrida Agamben Freud Lacan and Kristeva among others *Animal Lessons* argues that the animal bites back thereby reopening the question of the animal for philosophy *Abracadabra* Nathaniel Schiffman,2009-09-25 Magicians use more than just mirrors string and sleight of hand to deceive their audience Those who are masters at this trade have developed an arsenal of techniques to manipulate people Every action and utterance on stage and off is precisely planned to achieve a specific effect *Abracadabra* is an insider s look at what goes on at a magic show behind the scenes and in the mind of the magician Nathaniel Schiffman explains the principles of deception exposing those innocent seeming motions that conceal vital actions from onlookers how the conjurer uses misdirection of space and time to mislead the audience how silly and

simple optical illusions can fool us and what to look for during a magic show Also explored in detail is the world of off stage magic Some magicians use various techniques in life to deceive and influence you yet these magicians don t boast of their magic talent because they are advertisers politicians army commanders spies con artists computer programmers movie directors faith healers psychics and others These magicians work to make you buy their product believe in their cause and influence your thinking from the time you get up in the morning until you go to bed at night This is not a how to book for aspiring magicians but a layperson s guide to methods used to mislead or fool you Lighthearted and informal Abracadabra will fascinate anyone interested in knowing how one person can control many Included are hands on experiments magic tricks and reader participation segments You ll soon see that magicians don t just manipulate playing cards and animals they manipulate you
