## **Sifra In Perspective:**

*The Mishnah in Contemporary Perspective* Alan Avery-Peck, Jacob Neusner, 2015-11-02 The authors of the studies on the Mishnah collected in the present volumes represent the best of contemporary scholarship on that document In the past thirty years the Mishnah seen as a document on its own terms has taken its place as a principal focus in the academic study of religion and of Judaism Many university scholars have participated in the contemporary revolution in the description analysis and interpretation of the Mishnah Nearly all the publishing scholars of the academy as distinct from the yeshiva or rabbinical seminary who are now at work are represented in this project ultimately planned for three volumes In this and the companion volumes the editors place on display a broad selection of approaches to the study of the Mishnah in the contemporary academy What they prove in diverse ways is that the Mishnah defines the critical focus of the study of Judaism It is a document that rewards study in the academic humanities Because many viewpoints register here this is the most representative selection of contemporary Mishnah study available in any state of the question collection in a Western language

**Introduction to the Talmud and Midrash** Hermann Leberecht Strack, 1996 Gunter Stemberger's revision of H L Strack's classic introduction to rabbinic literature which appeared in its first English edition in 1991 was widely acclaimed Gunter Stemberger and Markus Bockmuehl have now produced this updated edition which is a significant revision completed in 1996 of the 1991 volume Following Strack's original outline Stemberger discusses first the historical framework the basic principles of rabbinic literature and hermeneutics and the most important Rabbis The main part of the book is devoted to the Talmudic and Midrashic literature in the light of contemporary rabbinic research The appendix includes a new section on electronic resources for the study of the Talmud and Midrash The result is a comprehensive work of reference that no student of rabbinics can afford to be without

*The Book of Leviticus* Rolf Rendtorff, Robert A. Kugler, Sarah Smith Bartlett, 2003 This collection of essays examines Leviticus in its compositional and literary context issues of cult and sacrifice in Leviticus Leviticus on the priesthood and Leviticus in translation and interpretation The volume will serve biblical studies well long into the future

*The Transformation of Judaism* Jacob Neusner, 2011-03-31 Jacob Neusner describes analyzes and interprets the transformation of one system of the Israelite social order by a connected but autonomous successor system He characterizes the successive systems classifying the one as philosophical and the other as religious He explains the categorical account of each and sets forth the outcome of a number of topical studies on the category formations of Rabbinic Judaism with special attention to the social order politics philosophy and economics These systems emerged as 1 autonomous when viewed synchronically 2 connected when seen diachronically and 3 as a continuous construction when seen at the end of their formative age In their successive stages of categorical autonomy connection and finally continuity the three distinct systems may be classified respectively as philosophical religious and theological each one taking over and revising the definitive categories of the former and framing its own fresh generative categories as well The

formative history of Judaism is the story of the presentations and re presentations of categorical structures In method it is the exegesis of taxonomy and taxic systems Now after more than two decades Neusner has decided to review the initial statement Since the book summarizes ten years of work from 1980 to 1990 on the Rabbinic category formations of social science politics philosophy and economics in the setting of the law and theology of Rabbinic Judaism from the Mishnah through the Bavli 200 600 C E it seemed well worth the effort to recapitulate the original work The revised introduction explains the omission of theology in his category formation philosophy religion theology Neusner s account of the Bavli produced the decade after this title was completed did not make possible the continuous description of the unfolding of the Rabbinic system The pattern that appealed to Neusner from philosophy to religion to theology has not yet come to a satisfactory account In the twenty years     The Stranger Within Your Gates Gary G. Porton, 1994-11 The intellectual dilemma that converts posed to classical Jews played itself out in discussions of marriage religious practice inheritance of property and much else on the one hand converts must be no different from native born Israelites if the god of the Hebrew Bible is a universal deity on the other hand converts must be distinguishable from native born members of the community if a divine covenant was made with Abraham s descendants     **Golden Bells and Pomegranates** Burton L. Visotzky, 2003 Burton L Visotzky surveys the scholarly literature on Midrash Leviticus Rabbah a 5th century rabbinic anthology He presents the findings of his own research that Leviticus Rabbah is a quasi encyclopedic miscellany of rabbinic thought and commentaries on Torah and its study He outlines the content of Leviticus Rabbah its novel elements of style structure and redaction The results of this analysis place the text at a turning point in rabbinic literature The author undertakes to survey and synthesize the broad areas necessary to understand Leviticus Rabbah while at the same time offering detailed studies of both structure and content Its attitudes and so rabbinic attitudes on topics like theology angelology anthropology women the poor and the Other are also commented on     **Rabbinic Narrative: A Documentary Perspective, Volume Four** Jacob Neusner, 2021-11-22 Each Rabbinic document from the Mishnah through the Bavli defines itself by a unique combination of indicative traits of rhetoric topic and particular logic that governs its coherent discourse But narratives in the same canonical compilations do not conform to the documentary indicators that govern in these compilations respectively They form an anomaly for the documentary reading of the Rabbinic canon of the formative age To remove that anomaly this project classifies the types and forms of narratives and shows that particular documents exhibit distinctive preferences among those types This detailed systematic classification of Rabbinic narrative supplies these facts concerning the classification of narratives and their regularities 1 what are the types and forms of narrative in a given document 2 how are these distinctive types and forms of narrative distributed across the canonical documents of the formative age the first six centuries C E The answers for the documentary preferences are in Volumes One through Three for the Mishnah Tosefta the Tannaite Midrash compilations and Rabbah Midrash compilations respectively Volume Four then sets forth the documentary history of each of

the types of Rabbinic narrative including the authentic narrative the ma'aseh and the mashal How the traits of the several types of narratives shift as the respective types move from document to document is spelled out in complete detail This project opens an entirely new road toward the documentary analysis of Rabbinic narrative It fills out an important chapter in the documentary hypothesis of the Rabbinic canon in the formative age     [Reader's Guide to Judaism](#) Michael Terry,2013-12-02 The Reader's Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly     **Surpassing Wonder** Donald H. Akenson,2001-09-29 Elegant and inventive Surpassing Wonder uncovers how the ancient Hebrew scriptures the Christian New Testament and the Talmuds of the Rabbis are related and how collectively they make up the core of Western consciousness Donald Harman Akenson provides an incisive critique of how religious scholars have distorted the holy books and argues that it was actually the inventor of the Hebrew scriptures who shaped our concept of narrative history thereby founding Western culture     [Encyclopaedia of Midrash](#) Jacob Neusner,Alan Avery-Peck,2022-11-07 The Encyclopedia of Midrash Biblical Interpretation in Formative Judaism provides a systematic account of biblical interpretation in Judaism from well before the second century BCE through the end of the seventh century CE While emphasizing the Rabbinic literature it also covers interpretation of Scripture in a number of distinct canons ranging from the Targumic literature and Dead Sea Scrolls to the New Testament and Church Fathers The encyclopedia comprises fifty six essays written by thirty scholars representing the leading figures in the study of ancient Judaism and biblical interpretation in North America Europe and the State of Israel Alongside a general introduction to Rabbinic Midrash and its traits including the theoretical questions of definition origins theology hermeneutics genre criticism and language the encyclopedia addresses specific topics of concern in the study of scriptural interpretation How Rabbinic midrashic documents that focus on specific books of Scripture read those specific books the theology expressed by Rabbinic midrashic compilations and the historical context in which Rabbinic Midrash took shape all are treated Beyond these central issues in understanding Rabbinic Midrash the encyclopedia treats interpretations of Scripture that came to closure prior to or outside of the framework of Rabbinic Midrash Hellenistic Jewish Midrash Josephus Pseudo Philo Jubilees as well as to the New Testament Karaite and Samaritan writings and the Dead Sea Scrolls The Encyclopedia of Midrash provides readers with a depth and breadth of treatment of Midrash unavailable in any other single source Through the writings of top scholars in each of their fields it sets out the current state of the question for each of the many topics discussed in its pages The print edition is available as a set of two volumes 9789004141667     [Judaism II](#) Michael Tilly,Burton L.
