and Romantic Fiction Ania Grant, 2025-08-14 Romantic fiction has long been dismissed as trivial and denounced for peddling supposedly oppressive patriarchal myths of heterosexual love and marriage. Despite such criticism, the popularity of romantic fiction has only increased in recent decades. Drawing on research from the evolutionary sciences, Ania Grant proposes that narrative patterns of romantic stories and their enduring appeal reflect the importance of love as a fundamental human drive. She examines two of the most successful and critically scrutinized romantic narratives of the past 200 years: Jane Austen's classic novel *Pride and Prejudice* and the hit television series *Sex and the City*, and argues that such texts simulate the cognitive and emotional complexities of mate choice, one of the most consequential decisions from both a biological and a cultural perspective. Her biocultural analysis aligns the interpretation of romantic fiction with the feminist ideals of female autonomy and gender equality. It also suggests that positive identification with romantic heroines gives audiences the hope and energy to pursue the transformation of gender relations in real life. The book will be of interest to anyone who ever wondered why so many women and some men around the world are enthralled by romantic stories. It will also appeal to anyone who has ever been inspired by romantic happy endings to strive for a world in which men and women love and cooperate with each other even if it seems like a utopian ideal while the war of the sexes rages on. *A Very Modern Marriage* Rachel Brimble, 2022-02-03 In the third instalment of Rachel Brimble's exciting Victorian saga series *The Ladies of Carson Street*, will open the doors on a thoroughly modern marriage and William is about to get a lot more than he bargained for. He needs a wife. Manchester industrialist William Rose was a poor lad from the slums who pulled himself up by his bootstraps, but in order to achieve his greatest ambitions, he must become the epitome of Victorian respectability: a family man. She has a plan. But the only woman who's caught his eye is sophisticated beauty Octavia Marshall, one of the notorious ladies of Carson Street. Though she was once born to great wealth and privilege, she's hardly respectable, but she's determined to invest her hard-earned fortune in Mr Rose's mills and forge a new life as an entirely proper businesswoman. They strike a deal that promises them both what they desire the most, but William's a fool if he thinks Octavia will be a conventional married woman and she's very much mistaken if she thinks the lives they once led won't follow them wherever they go.
