Constitution in Plato s Republic explores Plato s idea that the moral life consists in the founding of one s own soul This insight is central to the long argument of the Republic and in particular to the complex relation between the city and the human soul This fruitful picture of the moral life however has not received the attention it deserves As Kevin M Crotty argues Plato s distinctive insight is that justice is above all a creative force Plato presents justice not as a relation amongst fully formed individuals but rather as the quality that galvanizes a diverse welter of disparate parts into a coherent entity above all a soul or a city Justice then is the virtue most closely associated with being the source of its philosophical stature Plato presents a

conception of justice meant to impress the young bright and ambitious as a noble pursuit and a task worthy of their best talents The City State of the Soul is written for anyone interested in the Republic including but not limited to students and scholars of ancient philosophy political philosophy ethics and ancient Greek literature Chicken Soup for the Cat & Dog Lover's Soul Jack Canfield,Mark Victor Hansen,2012-09-25 Chicken Soup for the Pet Lover s Soul spoke directly to the hearts of all readers whose lives have ever been changed by the love of a pet Now the coauthors bring readers this volume honoring the unique and enduring love that people share with their cats and dogs *Chicken Soup for the Cat Lover's Soul* Jack Canfield,Mark Victor Hansen,2012-08-07 From playful and hilarious accounts of life with cats to heartwarming tales of cat courage healing and learning each touching story in Chicken Soup for the Cat Lover s Soul celebrates the special bond we share with our cats *The Lover's Calendar* Mrs. Havelock Ellis,1912 A love poem for each day of the year Dedicated and created as a tribute to Ellis s lover artist Lily Kirkpatrick Consult Oxford dictionary of national biography online entry for Edith Ellis **Chicken Soup for the Nature Lover's Soul** Jack Canfield,Mark Victor Hansen,2012-09-11 For anyone who enjoys spending time in the great outdoors hikers mountain climbers snowboarders kayakers campers beach lovers tree huggers and more Plato's Caves Rebecca Lemoine,2020 From student protests over the teaching of canonical texts such as Plato s Republic to the use of images of classical Greek statues in white supremacist propaganda the world of the ancient Greeks is deeply implicated in a heated contemporary debate about identity and diversity In Plato s Caves Rebecca LeMoine defends the bold thesis that Plato was a friend of cultural diversity contrary to many contemporary perceptions Through close readings of four Platonic dialogues Republic Menexenus Laws and Phaedrus LeMoine shows that across Plato s dialogues foreigners play a role similar to that of Socrates liberating citizens from intellectual bondage **The Book of Forms** Lewis Turco,2020-09-01 Now in its fifth edition The Book of Forms A Handbook of Poetics continues to be the go to reference and guide for students teachers and critics A companion for poets from novice to master The Book of Forms has been called the poet s bible for more than fifty years Filled with both common and rarely heard of forms and prosodies Turco s engaging style and apt examples invite writers to try their hands at exploring forms in ways that challenge and enrich their work Revised for today s poet the fifth edition includes the classic rules of scansion and the useful Form Finder Index alongside new examples of terms and prose that are essential to the study of all forms of poetry and verse As Turco writes in the introduction It should go without saying that the more one knows how to do the more one can do **Chicken Soup for the Ocean Lover's Soul** Jack Canfield,Mark Victor Hansen,2012-09-25 All of us at one time or another find ourselves inexplicably drawn to the sea For some it s a place for reflection or romance For others it s the thrill of watching surf crash against a sandy white beach or studying the kaleidoscope of life among a tropical coral reef Goethe's Faust and the Divan of Hāfiz Hiwa Michaeli,2019-10-21 This book explores the poetic articulations of a shift from a transcendent to an immanent worldview as reflected in the manner of evaluation of body and soul in Goethe s Faust and fi Divan Focusing on two lifeworks

that illustrate their authors respective intellectual histories this cross genre study goes beyond the textual confines of the two poets Divans to compare important building blocks of their intellectual worlds *Lovesickness and Gender in Early Modern English Literature* Lesel Dawson,2008-09-18 Lesel Dawson examines figures afflicted with erotic melancholy in early modern literature and provides a historical context for their malady She discusses how the literary representation of lovesickness relates to wider issues of gender and identity making an important contribution to the to the fields of literature gender and medical history The Classical Heritage in Islam Franz Rosenthal,1975-01-01 The works and ideas of classical antiquity had an enormous influence on Islam not only in its philosophy science and medicine but also in its religious disciplines The Classical Heritage in Islam presents a collection of texts which reveal the extent and character of Muslim acquaintance with Hellenistic civilization and demonstrate the ways that Greek heritage influenced later Muslim thought The Subtle Knot Lianne Habinek,2018-06-06 In the early modern period poetic form underpinned and influenced scientific progress The language and imagery of seventeenth century writers and natural philosophers reveal how the age old struggle between body and soul led to the brain s emergence as a curiosity in its own right Investigating the intersection of the humanities and sciences in the works of authors ranging from William Shakespeare and John Donne to William Harvey Margaret Cavendish and Johann Remmelin Lianne Habinek tells how early modernity came to view the brain not simply as grey matter but as a wealth of other wondrous possibilities a book in which to read the soul s writing a black box to be violently unlocked a womb to nourish intellectual conception a creative engine a subtle knot that traps the soul and thereby makes us human For seventeenth century thinkers she argues these comparisons were not simply casual metaphors but integral to early ideas about brain function Demonstrating how the disparate fields of neuroscientific history and literary studies converged The Subtle Knot tells the story of how the mind came to be identified with the brain **The Pedagogical Contract** Yun Lee Too,2010-05-25 The Pedagogical Contract explores the relationship between teacher and student and argues for ways of reconceiving pedagogy It discloses this relationship as one that since antiquity has been regarded as a scene of give and take where the teacher exchanges knowledge for some sort of payment by the student and where pedagogy always runs the risk of becoming a broken contract The book seeks to liberate teaching and learning from this historical scene and the anxieties that it engenders arguing that there are alternative ways of conceiving the economy underlying pedagogical activities Reading ancient material together with contemporary representations of teaching and learning Yun Lee Too shows that apart from being conceived as a scene of self interest in which a professional teacher or sophist is the charlatan who cheats his pupil pedagogy might also purport to be a disinterested process of socialization or a scene in which lack and neediness are redeemed through the realization that they are required precisely to stimulate the desire to learn The author also argues that pedagogy ideally ignores the imperative of the conventional marketplace for relevance utility and productivity inasmuch as teaching and learning most enrich a community when they disregard the immediate material

concerns of the community The book will appeal to all those who understand scholarship as having an important social and or political role to play it will also be of interest to literary scholars literary and cultural theorists philosophers historians legal theorists feminists scholars of education sociologists and political theorists Yun Lee Too is Assistant Professor of Classics Columbia University She is the author of Rethinking Sexual Harassment The Rhetoric of Identity in Socrates Text Power Pedagogy and The Idea of Ancient Literary Criticism forthcoming and coeditor with Niall Livingstone of Pedagogy and Power Rhetorics of Classical Learning

In the Company of Demons Armando Maggi, 2008-05-12 Who are the familiar spirits of classical culture and what is their relationship to Christian demons In its interpretation of Latin and Greek culture Christianity contends that Satan is behind all classical deities semi gods and spiritual creatures including the gods of the household the lares and penates But with In the Company of Demons the world s leading demonologist Armando Maggi argues that the great thinkers of the Italian Renaissance had a more nuanced and perhaps less sinister interpretation of these creatures or spiritual bodies Maggi leads us straight to the heart of what Italian Renaissance culture thought familiar spirits were Through close readings of Giovan Francesco Pico della Mirandola Strozzi Cigogna Pompeo della Barba Ludovico Sinistrari and others we find that these spirits or demons speak through their sudden and striking appearances their very bodies seen as metaphors to be interpreted The form of the body Maggi explains relies on the spirits knowledge of their human interlocutors pasts But their core trait is compassion and sometimes their odd eerie arrivals are seen as harbingers or warnings to protect us It comes as no surprise then that when spiritual beings distort the natural world to communicate it is vital that we begin to listen
