## **Loves Silence And Other Poems:**

**A Lifetime of Love and Other Poems** Don Mirabel, 2011-02-16 This volume of lifetime poems traces the awakening and development of love in one man's journey of fifty eight years through married life Now eighty years old he is still discovering how love evolves with age and is attempting to capture each new revelation and process it through his unique poetic filter He is a devotee of the sonnet form and you will find that the majority of his poems are sonnets written in every standard rhyme sequence In several instances he even experiments with unusual rhyme schemes In the second part of the book Other Poems the author explores other aspects of the human condition Where he feels it necessary to clarify the subject of a poem or explain its origin he provides an explanatory preface or footnote This book is Mr Mirabel's debut anthology although he has been urged by family and friends for many years to publish his poetry His reason for finally succumbing to the pressure It would be nice to be discovered while I am still alive and able to be aware of it rather than after I'm gone and never to know it

*Love Idylls, Ballads, and Other Poems* Henry Dryerre, 1884      *And Quiet Flows the Teesta & Other Poems* Saakal Ulysses Dewan, 2022-04-06 *And Quiet Flows the Teesta Other Poems* is a collection of poems that are based on themes as diverse as love politics and science As the title of the anthology suggests the book seeks to highlight the plight of the river Teesta which is culturally significant and a major river in the Sikkim North Bengal riparian region of the Indian sub continent The river worshipped by the indigenous Lepcha community has been exploited for hydel power generation in the face of opposition by the peace loving community and environmental activists who are concerned by the ecological repercussions of the development Drawing inspiration from Lepcha community myth the book begins with stifled love between Teesta and Rangeet rivers and celebration of nature's beauty by the poet The poems run through the entire spectrum of the poet's experience affected by the events occurring around him from the perspective of his personal love to the challenges posed by decadent politics environmental pollution and the Corona pandemic In his anthology the poet weaves a child's curiosity with a lover's intense passion tempered by a philosopher's sagacity Peppered with philosophical satirical romantic and imaginative elements the anthology presents an eclectic feast of different shades of human emotion to be relished by the readers      *Love's Silence & Other Poems* Yong-un Han, 1999 Yong un Han 1879 1944 is recognised as Korea's finest Buddhist poet of the twentieth century and also one of the country's most influential political activists in the struggle against Japanese imperialism Yong un Han's Buddhist insights and political passion combine to give his poetry great spiritual power He describes the complexities of love as beginning in the desire for total union and leading to an illumination of the void or nothingness Delighting in paradox these are poems that tease us into a subtle understanding of the limitations of both self and union while never denying the importance of political struggle Now Jaihiun Kim and Ronald B Hatch have translated his most famous collection *Love's Silence* along with a selection of 16 other poems Included also is a foreword detailing the life and publications of Yong un Han      *Life, Love and Death in Latin Poetry* Stavros Frangoulidis, Stephen J.

Harrison,2018-03-19 Inspired by Theodore Papanghelis Propertius A Hellenistic Poet on Love and Death 1987 this collective volume brings together seventeen contributions written by an international team of experts exploring the different ways in which Latin authors and some of their modern readers created narratives of life love and death Taken together the papers offer stimulating readings of Latin texts over many centuries examined in a variety of genres and from various perspectives poetics and authorial self fashioning intertextuality fiction and reality gender and queer studies narratological readings temporality and aesthetics genre and meta genre structures of the narrative and transgression of boundaries on the ideological and the formalistic level reception meta dramatic and feminist accounts the female voice Overall the articles offer rich insights into the handling and development of these narratives from Classical Greece through Rome up to modern English poetry     Love and Other Poems Alex Dimitrov,2021-02-18 Alex Dimitrov s third book Love and Other Poems is full

of praise for the world we live in Taking time as an overarching structure specifically the twelve months of the year Dimitrov elevates the everyday and speaks directly to the reader as if the poem were a phone call or a text message From the personal to the cosmos the moon to New York City the speaker is convinced that love is our best invention Dimitrov doesn t resist joy even in despair These poems are curious about who we are as people and shamelessly interested in hope     **Love's**

Pappas,2025-05-19 For about five hundred years between Ovid s death 17 AD and Maximianus Elegies 6th century AD the genre of love elegy disappears Does this mean that love poetry in general was no longer being written This was certainly not the case Poets continued to compose love poetry merely in other forms than elegy This book deals with non elegiac Latin love poetry of Late Antiquity It is the first monograph to focus on the metaliterary interpretation of four non elegiac poetic works the Pervigilium Veneris Ausonius Bissula Reposianus De concubitu Martis et Veneris and the Aegritudo Perdicae The book contains all the required information about these poems including their date authorship structure and literary tradition However its content is predominantly original as it examines subjects that have not previously been discussed in the past These include a the generic interaction between the poems host genre and several guest genres that are present within them b the metaliterary discourse developed in several passages which reveals the metapoetic self consciousness of their poets c their hidden demands for the innovation of love poetry and d their allusive comments on the conservatism of this era     The United States Catalog ,1900     **India's Love Lyrics** Laurence Hope,1905     *Love and Need* Adam Plunkett,2025-02-18

Braiding together biography and criticism Adam Plunkett challenges our understanding of Robert Frost s life and poetic legacy in a pathbreaking new work By the middle of the twentieth century Robert Frost was the best loved poet in America He was our nation s bard simple and sincere accompanying us on wooded roads and articulating our hopes and fears After Frost s death these cliches gave way to equally broad though opposed portraits sketched by his biographers chief among them Lawrance Thompson When the critic Helen Vendler reviewed Thompson s biography she asked whether anyone could

avoid the conclusion that Frost was a monster In Love and Need The Life of Robert Frost s Poetry Adam Plunkett blends biography and criticism to find the truth of Frost s life one that lies between the two poles of perception Plunkett reveals a new Frost through a careful look at the poems and people he knew best showing how the stories of his most important relationships heretofore partly told mirror dominant themes of Frost s enduring poetry withholding and disclosure privacy and intimacy Not least of these relationships is the fraught intense friendship between Frost and Thompson the major biographer whose record of Frost Plunkett seeks to set straight Moving through Frost s most important work and closest relationships with the attention to detail necessary to see familiar things anew Plunkett offers an original interpretation of Frost s poetry tracing Frost s distinctive achievement to an engagement with poetic tradition far deeper and more extensive than he ever let on Frost invited his readers into a conversation like the one he sustained with his literary forebears intimate and profound yet Frost kept his private self at a remove Here Plunkett brings the two together the poet and the poetry and draws us back into conversation with America s poet

**Modern Love Poems** D. J. Klemer,1961      **The Poems of W. B. Yeats** Peter McDonald,2020-08-18 In this multi volume edition the poetry of W B Yeats 1865 1939 is presented in full with newly established texts and detailed wide ranging commentary Yeats began to write verse in the nineteenth century and over time his own arrangements of poems repeatedly revised and rearranged both texts and canon This edition of Yeats s poetry presents all his verse both published and unpublished including a generous selection of textual variants from the many manuscript and printed sources The edition also supplies the most extensive commentary on Yeats s poetry to date explaining specific references and setting poems in their contexts it also gives an account of the vast range of both literary and historical influences at work on the verse The poems are presented in order of composition and major revisions or rewritings of poems result in separate inclusions in chronological sequence for these writings as they were subsequently reconceived by the poet In this second volume the poems of Yeats s early maturity emerge in the contexts of his engagement with Irish history and myth along with nationalist politics his increasing involvement with ritual magic and esoteric lore and his turbulent often unhappy personal life The poems of The Countess Kathleen and Various Legends and Lyrics 1892 reveal a poet of intense narrative power and metaphorical resource adept at transforming miscellaneous sources into haunting and original poems A major revision of his earlier narrative The Wanderings of Oisín takes place in this decade when Yeats is also taken up with the composition of elaborate and uncanny symbolic lyrics many of them resulting from his love for Maud Gonne that are finally collected in The Wind Among the Reeds 1899 This edition makes it possible to trace in detail Yeats s debts to folklore and magic alongside his involved and often difficult private and public life in poetry of exceptional complexity and
