Loving Attitudes:

Seven Attitude Adjustments for Finding a Loving Man Audrey B. Chapman, 2001-07 Straight talking relationship guru and radio host Chapman promises to erase fear among black single women by outlining her relationship tested step by step program for adjusting the negative thinking that might be keeping love at bay *The Heart and its Attitudes* Stephen Darwall, 2024-04-30 Philosophers don't often write about the heart At least analytical philosophers don't Why is this Philosophers are said to live life in their heads rather than from their hearts But even if that is so why don't they think and write about the heart Moreover it can hardly have escaped philosophers attention that matters of the heart are central to what we human beings value most about our lives including our lives with animals Philosophers write a lot about friendship and love but they tend to do so in terms that leave out heartfelt connection They speak rather of commitment to one another and each other's well being or taking each other as ends or sharing deliberative standpoints or living life together or a whole host of other topics and much less about mutual emotional vulnerability and sharing and being in one another's hearts Surely one explanation of philosophers reticence is that talk of the heart seems unavoidably metaphorical It turns out to be easy enough however to cash the metaphor in if we simply take heart refers to a cluster of emotional susceptibilities that have an essentially reciprocating structure The heart aims at heartfelt connection at shared experience of joys and sorrows hopes and fears and other personal emotions We seek naturally to share these feelings with others and must suppress our natural tendencies if we wish to avoid doing so Our heart's wish is to be open to other hearts in the hope that they will be open to ours and thereby us in return This book is a systematic treatment perhaps the first of attitudes of the heart remorse versus guilt love trust gratitude personal anger versus righteous anger jealousy and others and their role in mediating personal relationship attachment and connection This is obviously interesting in its own right but it also shows how heartfelt attitudes mirror more extensively studied reactive attitudes of guilt resentment and blame attitudes of the will Whereas the latter mediate moral relations of mutual respect and accountability attitudes of the heart are the currency of heartfelt connection and personal relationship **The Perfect Love** Ruth Myers, 1999-04-20 WHERE CAN YOU FIND THE KIND OF LOVE YOU TRULY NEED If we want real love ideal love limitless love God's heart is where to find it It's the only love big enough to meet the God sized needs of your life Ruth Myers Most people even those with a deep faith fail to really grasp the incredibly deep and passionate love God has for them Yet while God's love for us is beyond description it doesn't have to be beyond our experience In *The Perfect Love* Ruth Myers helps uncover the surprising quiet clues and expressions in Scripture of just how much God loves you With the expressions of prayer and praise at the end of each chapter you'll learn to experience God's love more deeply and return it more fully in worship And you'll welcome a new sense of security honor and significance that comes from experiencing how God's love *The Perfect Love* truly meets your deepest needs Analyzing Love Robert Brown, 1987-10-30 Identification recognition understanding and justification are the four basic but neglected problems

concerning love that this philosophical enquiry seeks to analyze The Normative Nature of Social Practices and Ethics in Professional Environments de Vries, Marc J., Jochemsen, Henk, 2019-04-12 Professionals function in what can be called social practices Norms in the practice set professionals responsibilities and rights and classify what is seen as morally proper and improper Tensions arise when norms emerge that are not coherent with the nature of the practice For example when a hospital is assessed on the basis of economic criteria only staff will feel uncomfortable and find difficulty in functioning properly in that practice The Normative Nature of Social Practices and Ethics in Professional Environments is an essential research book that helps professionals in a variety of practices understand how normativity in their practice either helps or hampers them to function well and align with what they see as their personal and professional responsibility Additionally it explains the normative practical model approach and how it can be applied to a series of concrete practices as well as the role of innovative and disruptive technologies in these practices Featuring a broad range of topics such as governance theory sustainable development and engineering this book is ideally designed for managers philosophers sociologists professionals academicians and researchers Learning to Love Sue M. Holdsworth, 2024-08-23 Many churches actively seek to welcome migrants through various church based activities such as language lessons cooking or gardening clubs These and similar activities often aim to be missional or evangelistic seeking to communicate the love of God and neighbor The author explores how the love of God and neighbor can be expressed effectively through the implementation of pastoral care principles and practices These include expressing love through empathy hospitality group prayer and spiritual formation When the functions of pastoral care are evident mission and evangelism occur naturally and at the appropriate time This book is the result of the author's PhD study of four church based intercultural initiatives aimed at welcoming migrants Two churches offering English conversation classes a sewing club and employment training classes were observed Volunteers and pastoral staff were interviewed and church documents were examined This empirical research demonstrates that when volunteers are trained in principles and practices of pastoral care when church systems and supervision support them in their tasks and when group planning and reflection occur the love of God and neighbor will be effectively expressed to migrants attending these initiatives Unconditional Love: Samuel Wong, 2019-01-03 Imagine an old man shifting through a pile of 260 letters that his American parents wrote him over a 30 year period re immersing in the love unconditionally and liberally showered on him and his family through the years and listening to their silent yet animated voices from the past you have the rationale for this collection of letters in your hands Samuel Wong is that old man age 79 at the time of this writing and he wants the world to know his American parents Murray and Dorothy Leiffer the embodiment of unconditional love Who were they How did they become his American parents What did they do for him and his family What did they care about These and other aspects of the lives of an extraordinary couple are shared through their own words As you read them you will be inspired by their testimony to grace and fidelity and be reminded of that which is true and honorable civil and decent Letter writing has

become a vanishing art form Other than official documents and perhaps exchanges between soldiers and their loved ones at home letter writing has lost its unique role in contemporary communication In a world of speed and haste letter writing is too slow and laborious for the average man and woman We want instantaneous responses However the fast exchanges are at the expense of reflection and rumination and whatever is written instantly is deleted practically instantly They leave no trace and preclude the joy and chagrin of reading what one wrote in the past These letters show what you miss in instant messaging They might nudge you to add a new dimension to your life write to someone you love and care about Old fashioned writing is timeless and priceless *She's Got A New Attitude and That's How She Found Love* Dsharay Richards,2010-11-01 Realizing the power that every woman possess is not being displayed Dsharay took it upon herself to help women regain the love for self The time has come for women to learn to use their emotions to get the guy of their dreams That s right we may be emotional women but God gave us those emotions for a reason After meditating on all the conversation she s had with girlfriends she compiled a guide for women A guide to your soul mates heart The only way to truly find and keep your soul mate In She s got A new Attitude That s How She Found Love Dsharay aims to show you how love can love you back She will prepare you and give you solutions to questions and quarries of the heart such as Listening to the conversation in your head While understanding the conversation in you heart If your tired of being confused about love you ll clear your head here Dsharay helps you understand what s been holding you back from love Guiding you to your life mate **I Love Christ Jesus but Hate Bad Christian Attitude** Canice Chucks Osuji,2018-09-19 Your attitude determines your altitude With good attitude you are esteemed For Christians to come to the level of holiness and greatness before God and man they have to change their bad attitude The way Christians live and practice their faith has to change for good so that God will be glorified As for us we have this crowd of witnesses around us So then let us rid ourselves of everything that gets in the way and of the sin that holds on us highly and let us run with determination the race that lies before us Let us keep our eyes fixed on Jesus Christ on whom our faith depends from the beginning to the end *Religion, Spirituality, and Positive Psychology* Thomas G. Personal Value Toni Rønnow-Rasmussen, 2011-06-23 Certain things like justice have impersonal value Other things like your parents carry personal values they have value for you Besides whatever value they have they are valuable to you The philosophical literature as well as non philosophical literature is inundated with suggestions about the kinds of thing that are good for us or if it is a negative personal value what is bad for us This is a stimulating and vivid area of philosophical research but it has tended to monopolize the notion of good for linking it necessarily to welfare or well being Since these more or less well grounded pieces of advice are seldom accompanied by an analysis of the notion of good for there is a need for such an analysis R nnow Rasmussen remedies this need by offering a novel way of analyzing the notion of personal value He defends the idea that we have reason to expand our classical value taxonomy with these personal values By fine tuning a pattern of value analysis which has roots in the writings of the Austrian philosopher Franz Brentano this sort of analysis will come to cover personal values too In addition R nnow Rasmussen makes substantial contributions to a number of issues including hedonism vs preferentialism subjectivism vs objectivism value bearer monism vs value bearer pluralism and the wrong kind of reason problem all of which are much debated among today s value theorists
