This heartfelt and often personal work continues the story of the Big Island's Parker Ranch one of the largest and most beautiful cattle ranches in the United States It begins with the dynastic transition in ranch management from the formidable A W Carter to his son Hartwell who would be responsible for bringing the ranch effectively into the twentieth century Although supervision of the ranch officially changed hands in 1937 A W's wide ranging influence continued to be felt for at least another decade Later Hartwell Carter would also have to contend with the whims of ranch owner Richard Smart who returned to the Islands in 1959 eager to take direct control of his estate Under Hartwell Carter's stewardship Parker Ranch raised its cow herd size by 50 percent and through its subsidiary Hawaii Meat Company converted its beef marketing from a range finished animal to a feedlot confined corn fed marbled carcass acceptable to the modern household Hartwell Carter was followed by his assistant Richard Dick Penhallow as ranch manager in 1960 Penhallow's tenure is given a detailed overview that illuminates his ambitious goals for improvements in water land livestock personnel development and the economics of the beef industry Although Penhallow's grand scheme for reorganizing an inefficient and divided industry into a

single cooperative using state of the art facilities ultimately failed at the time the subsequent history of beef marketing in the Islands bears out the soundness and wisdom of his ideas In 1962 Smart selected Radcliffe Rally Greenwell as Penhallow s successor The new ranch manager arrived with strong traditional values of stewardship handed down from generations of Kona ranchers Greenwell s initiatives were clear to further enhance water development and increase the cow herd by 30 percent He also instituted research to determine the cause of a scourge among young cattle called yellow calf syndrome As the nine year management of Greenwell unfolds the book offers a close look at the leadership team of the era which included Harry Kawai John Kawamoto Willie Kaniho Yutaka Kimura John Lekelesa and Henry Ah Fong Ah sam The author who became ranch veterinarian in 1970 also provides pesonal insights in the later sections of the book into the use of the element copper to greatly enhance the growth and health of cattle and the birth and expansion of the ranch s Animal Health Program The work concludes with the introduction fo the mainland management team of Jack Rubel and Gordon Lent whose attempt to return to a pyramidal management structure took Parker Ranch by storm Jacket flaps      **Parker Ranch** Parker Ranch (Hawaii),1975      **The Story of Parker Ranch** Donald R.
