*LRRP Team Leader* John Burford, 2011-01-12 For the LRRPs courage was a way of life Vietnam 1968 All of Sergeant John Burford's missions with F Company 58th Infantry were deep in hostile territory As leader of a six man LRRP team he found the enemy staged ambushes called in precision strikes and rescued downed pilots The lives of the entire team depended on his leadership and their combined skill and guts A single mistake a moment of panic could mean death for everyone Whether describing ambushes in the dreaded A Shau Valley or popping smoke to call in artillery only yards away from his position Burford demonstrates the stuff the LRRPs are made of the bravery daring and sheer guts that make the LRRPs true heroes

Lanning, 2011-07-20 Vietnam was a different kind of war calling for a different kind of soldier The LRRPs Long Range Reconnaissance Patrols were that new breed of fighting man They operated in six man teams deep within enemy territory and were the eyes and ears of the units they served This is their story of perseverance under extreme hardship and uncommon bravery and how they carried out the war's most hazardous missions **The Sea of Feed** Mingin Irn, 2023-06-21 About the Book When one entity attempts to gain sovereignty toward something it results to turmoil As the general population suffers from the chaos and devastation the combatants in the field experience a different kind of horror This is the kind of feat that Mingin Irn conveys in his biography The Sea of Feed While serving in the military Mingin saw lives taken away by bullets and explosives as people navigate the tricky fields of war He was one of the wounded soldiers fighting for a

nation's cause But the pain he felt physically cannot compare to the despair he felt in his soul as he grieves for all the innocent and young lives that ended before his eyes So Mingin Irn dedicates his work to those who devote their lives in defending a nation to those who lost their lives in combat those who lost their loved ones in war and to those who are suffering the destruction of armed catastrophes About the Author After serving in the United States Army for 14 years in the Military Intelligence Corps as a 35M Human Intelligence Collector Interrogator Linguist Mingin Irn was honorably separated from Active Duty for service connected injuries he incurred while on OEF status spending over six months in a coma enduring 32 reconstructive surgeries and 13 months in physical rehabilitation Consequently he is a Wounded Warrior Alumni and is proud to be part of the Wounded Warrior Project Using his Post 9/11 GI Bill he earned his Bachelor's degree in Business Administration graduating CUM LAUDE Furthermore his educational achievements include his induction into the following HONOR SOCIETIES Golden Key International Honor Society SALUTE Veterans National Honor Society Sigma Beta Delta International Honor Society for Business and Alpha Sigma Lambda Honor Society     **Bonding of Warriors** (Compiled by) Bob Hernandez, 2014-08-18 They were men who were just the best at what they did They had to have patience and a good instinct for survival in the type of covert warfare we were involved in They also had to have the ability to accept danger and hardship without succumbing to the stress that went along with it They were good at what they did and they liked it

*Phantom Warriors* Gary Linderer, 2008-12-10 Here are some of the most courageous missions executed by six man teams on their own deep behind enemy lines Ranging from the Central Highlands to the Mekong Delta to excursions authorized and unauthorized into Cambodia these gripping accounts begin when the call first went out for covert U.S. long range reconnaissance patrols in late 1965 continue through the battles of Tet and go all the way up to the final tortured pullout These are LRRP LRP and Ranger units at their finest under the most desperate circumstances one team surrounded by the enemy with no choice but to break out of the trap or die another caught in an ambush of horrific proportions When recon missions suddenly became contact missions when grenades started flying and AK 47s were smoking each man's life was instantly on the line and only his skills and the grit of his teammates could prevent certain death These highly trained warriors were among the best America had to offer and they gave their best no matter how high the price     **Six Silent Men** Reynel Martinez, 2010-08-11 No way in hell you could survive out there with six men You couldn't live thirty minutes out there with only six men pg 13 In 1965 nearly four hundred men were interviewed and only thirty two selected for the infant LRRP Detachment of the 1st Brigade 101st Airborne Division Old timers called it the suicide unit Whether conducting prisoner snatches search and destroy missions or hunting for the enemy's secret base camps LRRPs depended on one another 110 percent One false step one small mistake by one man could mean sudden death for all Author Reynel Martinez himself a 101st LRRP Detachment veteran takes us into the lives and battles of the extraordinary men for whom the brotherhood of war was and is an ever present reality the courage the sacrifice the sense of loss when one of your own dies

Frankum Jr.,2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible Historical Dictionary of the War in Vietnam emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events associated with the war will serve as the foundation of the book while additional entries will

explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War *Eyes Behind the Lines*
