Luce His Time Life And Fortune:

Luce; His Time, Life, and Fortune John Kobler, 1968 This biography of the missionary's son who invented a new kind of journalism and created a publishing empire also gives an account of the magazine complex called Time inc its internal feuds and its loyalists and rebels The Publisher Alan Brinkley, 2010-04-20 Acclaimed historian Alan Brinkley gives us a sharply realized portrait of Henry Luce arguably the most important publisher of the twentieth century As the founder of Time Fortune and Life magazines Luce changed the way we consume news and the way we understand our world Born the son of missionaries Henry Luce spent his childhood in rural China yet he glimpsed a milieu of power altogether different at Hotchkiss and later at Yale While working at a Baltimore newspaper he and Brit Hadden conceived the idea of Time a news magazine that would condense the week's events in a format accessible to increasingly busy members of the middle class They launched it in 1923 and young Luce quickly became a publishing titan In 1936 after Time's unexpected success and Hadden's early death Luce published the first issue of Life to which millions soon subscribed Brinkley shows how Luce reinvented the magazine industry in just a decade The appeal of Life seemingly cut across the lines of race class and gender Luce himself wielded influence hitherto unknown among journalists By the early 1940s he had come to see his magazines as vehicles to advocate for America's involvement in the escalating international crisis in the process popularizing the phrase World War II In spite of Luce's great success happiness eluded him His second marriage to the glamorous playwright politician and diplomat Clare Boothe was a shambles Luce spent his later years in isolation consumed at times with conspiracy theories and peculiar vendettas The Publisher tells a great American story of spectacular achievement yet it never loses sight of the public and private costs at which that achievement came The Culture of the Market Thomas L. Haskell, Richard F. Teichgraber, III, 1996-06-13 A collection of thirteen essays examining how the market has been perceived represented and experienced differently in different epochs **Congressional Record** United States. American Images of China, 1931-1949 T. Christopher Jespersen,1999-02-01 In the 1930 s and 1940 s the prevalent American view of China was that of a friendly democratic and increasingly Christian state in many ways akin to the United States This view was fostered by a wide range of literary political and business leaders including Pearl S Buck Franklin D Roosevelt Wendell Willkie Joseph Stillwell Claire Chennault and most notably the powerful publisher of Life and Time Henry R Luce This book shows how the notion of the Chinese as aspiring Americans helped shape American opinions and policies toward Asia for almost twenty years This notion

derived less from the reality of Chinese historical or cultural similarities than from a projection of American values and culture in the American view fueled by various political economic and religious interests China was less a geographical entity than a symbol of American hopes and fears One of the more important consequences was the idealization of China and the demonization of Japan

Henry Luce's Way New Word City,2010-03-01 In Time Life and Fortune Henry Luce invented three entirely new forms of journalism They changed our country largely for the better and made Luce a very wealthy man But his patriotic zeal and his obsessions with China Communism and Republican Party politics led him to ignore and distort inconvenient facts to make his case irreparably tarnishing his legacy His stunning successes and his self inflicted wounds hold lessons for every leader He invented the modern news magazine and named it Time revolutionized the coverage of business with a publication he called Fortune captured the world in pictures and christened it Life His publications were read by fully a quarter of the U S population and his ideas about journalism and the significance of American values left an indelible imprint on the history of the United States and the world He was Henry Robinson Luce Luce was America s most powerful mass communicator for more than 40 years Yet he was an odd contradictory man with few real friends and talents that were both more and less than they seemed His private life was largely a failure and his missionary zeal was never quite realized New Word City publishers of digital originals contributes 10 percent of its profits to literacy causes
