circles and was tenacious about protecting his privacy. He also carefully avoided distraction. With few exceptions he wanted only those he knew well like the late Bruce Bernard to photograph him. David Dawson however was in a unique position and as Freud became comfortable in the presence of Dawson's camera, photographing became part of the daily ritual of the studio. These photographs reveal in a most intimate way the subjects and the stages of paintings in progress. Few artists if any have had their lives and their work recorded over such a length of time. Despite Freud's sense of privacy, his circle was wide. Among those who regularly visited Freud were figures from the art world including art historian John Richardson and painters David Hockney and Frank Auerbach along with model Kate Moss and friends such as the Duke of Beaufort. The book begins in Freud's old studio in Holland Park and then records the artist in his eighteenth century house in Kensington, the first floor of which was his final studio. Dawson also photographed Freud on his visits to look at masterpieces in various museums in New York, Amsterdam and Madrid. The book ends with views of the rooms in which Freud's own extraordinary collection of paintings was hung. It is the only record of the house itself before the dispersal of the art on his death, but ultimately the photographs create an intimate portrait of the man. The final images in this book are of the hanging of Freud's work in his posthumous London exhibition at the National Portrait Gallery. Haunting and fascinating, this is a revelatory document about one of our most important and influential painters.

Lucian Freud Lucian Freud, Anders Kold, 2017. Lucian Freud's artwork is both intimate and raw. The viewer is confronted with corpulent figures, nudity and glimpses into the psyches of those he portrayed. The painter who died in 2011 was the grandchild of psychiatrist Sigmund Freud. The UBS Art Collection contains the majority of etchings from Freud's last creative phase as well as one watercolor and two paintings, a total of fifty-four works of the highest quality that are simultaneously delicate and bold. The fact that the exhibition is held in Berlin's Martin Gropius Bau is of particular significance as the city was Freud's birthplace from which he was forced to flee with his parents in 1933. With the help of the UBS Art Collection, it is as if the artist now returns home. Exhibition 22.7.22-10.2017, Martin Gropius Bau.

Lucian Freud Sebastian Smee, Lucian Freud, 2007. British artist Lucian Freud is widely considered the most important figurative painter working today. Master portraitist and specialist in nudes, Freud uses impasto to create depth and intensity while restraining his colour palette to mostly muted hues.

The Lives of Lucian Freud: The Restless Years William Feaver, 2019-10-29. The first biography of the epic life of one of the most important enigmatic and private artists of the 20th century. Lucian Freud 1922-2011 is one of the most influential figurative painters of the 20th century. His paintings are in every major museum and many private collections here and abroad. William Feaver's daily calls from 1973 until Freud died in 2011, as well as interviews with family and friends, were crucial sources for this book. Freud had ferocious energy, worked day and night, but his circle was broad, including not just other well-known artists but writers, bluebloods, royals in England and Europe, drag queens, fashion models, gamblers, bookies.
