characters and unlikely historical episodes The emergence of new attitudes toward Satan proves to be intimately linked to the ideological struggle for emancipation that transformed the West and is epitomized by the American and French Revolutions It is also closely connected to secularization that other exceptional historical process which saw Western culture spontaneously renounce its traditional gods and enter into a self imposed state of religious indecision Children of Lucifer makes the case that the emergence of Satanism presents a shadow history of the evolution of modern civilization as we know it Offering the most comprehensive account of this history yet written van Luijk proves that in the case of Satanism the facts are much more interesting than the fiction Naos Ona,2009 *The Demons of Tiamat, the New Gods and the Exploration of the Nightside* Ardashir Frequency 435,2012-09-12 Old World Witchcraft Raven Grimassi,2011-10-01 In Old World Witchcraft noted author Raven Grimassi covers totally new territory in his work and in the world of popular witchcraft books published in the last few decades This book is actually about an enchanted worldview one that has not necessarily been inherited from the beliefs and practices of any particular region and one which is available to us today The Old World in the title is actually about a magical view of the Plant Kingdom and the spirits attached to it While Grimassi s previous books discuss the cultural expressions and commonality of witchcraft beliefs and practices in general this book penetrates much deeper Old World Witchcraft reveals rarely discussed topics such as the concept of Shadow as the organic memory of the earth Readers will learn rooted techniques that possess power because these ways have always been connected to it They will learn methods of interfacing with the ancestral current and with the organic memory of the earth Through these they can connect with the timeless arts and learn methods of empowerment directly from the ancient source Totally new information about familiar tools is presented For example the mortar and pestle is a tool for spell casting a device that creates interfacing with plant spirits and with shadow and a focal point for veneration of the Plant Kingdom Grimassi also presents the art of using plant ashes for magical sigil work This book is for people who have had their fill of books that say the same things over and over who want to take the next step and who are eager for the more rooted ways that have remained largely hidden
