## Lucio Fontana Exhibition Palazzo Delle E:

Lucio Fontana Lucio Fontana, 1998 Werk van de Italiaanse avantgardekunstenaar 1899 1968 Lucio Fontana Renato Miracco, Lucio Fontana, 2006 The exhibition is designed to provide the public with a better understanding and appreciation of an artist who amongst the Masters and avant garde movements of the twentieth century was at the forefront of research and formal experimentation His relentless investigation began in the thirties and continued for the rest of his life it focused on finding dimensions spaces and new shapes Yet despite all this it took a long time for Lucio Fontana s work to capture the attention of the discerning American public initially enthralled by the European modernism of the French school This selection of works illustrates the progress and evolution of Fontana s research on signs and matter The exhibition combines his aperture towards the modern movement while he was in South America with his works inspired by the atmosphere in Milan based so to speak on metaphysical considerations and the practical application of his studies and interiors or on the everyday aesthetics represented by the world of fashion **Fontana** Sarah Whitfield, Lucio Fontana, Hayward Gallery, 1999-01-01 Catalogue for the major retrospective of this breakthrough Italian artist Lucio Fontana Iria Candela, Emily Braun, Enrico Crispolti, Andrea Giunta, Pia Gottschaller, Anthony White, 2019-01-23 Lucio Fontana 1899 1968 a major figure of postwar European art blurred numerous boundaries in his life and his work Moving beyond the slashed canvases for which he is renowned this book takes a fresh look at Fontana s innovations in painting drawing ceramics sculpture and installation art p p1 margin 0 0px 0 0px 0 0px 0 0px font 14 0px Verdana Fontana was an important figure in both Italy and his native Argentina where he pushed the painterly into the sculptural and redefined the relationship between mediums Archival images of environments public commissions installations and now destroyed pieces accompany lavish illustrations of his work from 1930 to the late 1960s providing a new approach to an artist who helped define the political cultural and technological thresholds of the mid twentieth century **Flashback, Eclipse** Romy Golan, 2021-11-02 From a leading art historian a provocative exploration of the intersection of art politics and history in 1960s Italy Flashback Eclipse is a groundbreaking study of 1960s Italian art and its troubled but also resourceful relation to the history and politics of the first part of the twentieth century and the aftermath of World War II Most analyses have treated the 1960s in Italy as the decade of presentism par excellence a political decade but one liberated from history Romy Golan however makes the counterargument that 1960s Italian artists did not forget Italian and European history but rather reimagined it in oblique form Her book identifies and explores this imaginary through two forms of nonlinear and decidedly nonpresentist forms of temporality the flashback and the eclipse In view of the photographic and filmic nature of these two concepts the book s analysis is largely mediated by black and white images culled from art design and architecture magazines photo books film stills and exhibition documentation The book begins in Turin with Michelangelo Pistoletto s Mirror Paintings moves on to Campo urbano a one day event in the city of Como and ends with the Vitalit del Negativo exhibition in Rome What is being

recalled and at other moments occluded are not only episodes of Italian nationalism and Fascism but also various liberatory moments of political and cultural resistance The book's main protagonists are in order of appearance artists Michelangelo Pistoletto and Gioetta Fioroni photographer Ugo Mulas Ettore Sottsass as critic rather than designer graphic designer Bruno Munari curators Luciano Caramel and Achille Bonito Oliva architect Piero Sartogo Carla Lonzi as artist as much as critic filmmakers Michelangelo Antonioni and Bernardo Bertolucci and in flashback among the departed painter Felice Casorati writer Massimo Bontempelli art historian Aby Warburg architect Giuseppe Terragni and Renaissance friar philosopher mathematician Giordano Bruno as patron saint of the sixty eighters **Italian Art, 1900-1945** Pontus

Essays* Lucio Fontana, Jan Van der Marck, Enrico Crispolti, 1974 *Suspending Modernity: The Architecture of Franco Albini* Kay Bea Jones, 2016-04-01 Franco Albini's works of architecture and design produced between 1930 and 1977 have enjoyed a recent revival but to date have received only sporadic scholarly attention from historians and critics of the Modern Movement A chorus of Italian voices has sung his praises none more eloquently than his protégé Renzo Piano Kay Bea Jones illuminating study of selected works by Studio Albini will reintroduce his contributions to one of the most productive periods in Italian design Albini emerged from the ideology of Rationalism to produce some of Italy's most coherent and poetic examples of modern design He collaborated for over 25 years with Franca Helg and at a time when professional male female partnerships were virtually unknown His museums and installation motifs changed the way Italians displayed historic artifacts He composed novel suspension structures for dwellings shops galleries and his signature INA pavilions where levity and gravity became symbolic devices for connoting his subjects Albini clarified the vital role of tradition in modern architecture as he experimented with domestic space His cohort defied CIAM ideologies to re-socialize postwar housing and speculate on ways of reviving Italian cities He explored new fabrication technologies from the scale of furniture to wide span steel structures yet he never abandoned the rigors of craft and detail in favor of mass production *Suspending Modernity* follows the evolution of Albini's most important buildings and projects even as they reveal his apprehensive attitudes about the modern condition Jones argues here that Albini's masterful use of materials and architectural expression mark an epic paradigm shift in the modern period *The Collection* Castello di Rivoli (Museum : Rivoli, Italy), 1995 *The Collections* is the official catalogue of the permanent collection of the Museum of Contemporary Art which is housed in Turin's Rivoli Castle This castle was commissioned in 1718 by the king of Italy and has been home to the Museum's splendid contemporary collection since 1984 Some of the artists represented are Carla Accardi Pier Paolo Calzolari Luciano Fabro Lucio Fontana Richard Long Claes Oldenburg Tony Cragg and James Lee Byars Each reproduced work is accompanied by biographical information that situates each artist historically **Ephemeral Monuments** Marina Pugliese, 2013 This is an indispensable volume for creators curators and conservators of installation art

Installation art is an evolving often ephemeral medium that defies rigid categorization It has also radically transformed the concepts of space time and the experience of art The conservation field is faced with unique challenges over how best to manage and preserve the essence of these works How detailed can documentation get When does the replacement of original components become acceptable How does the field cope with the obsolescence of certain technologies By exploring the questions and dilemmas facing those who care for art installations this book intends to raise awareness and promote discussion about the various conservation approaches for these works
