Prendergast, 2015-10-14 The triple aim of Hamadh n in this work first translated into English in 1915 appears to have been to amuse to interest and to instruct and this explains why in spite of the inherent difficulty of a work of this kind composed primarily with a view to the rhetorical effect upon the learned and the great there is scarcely a dull chapter in the fifty one mag m t or discourses The author essayed throughout these dramatic discourses to illustrate the life and language both of the denizens of the desert and the dwellers in towns and to give examples of the jargon and slang of thieves and robbers as well as the lucubrations of the learned and the conversations of the cultured Attraction **Explained** Viren Swami, 2015-12-22 How much does appearance matter in the formation of romantic relationships Do nice guys always finish last Does playing hard to get ever work What really makes for a good chat up line When it comes to relationships there no shortage of advice from self help experts pick up artists and glossy magazines But modern day myths of attraction often have no basis in fact or worse are rooted in little more than misogyny In Attraction Explained psychologist Viren Swami debunks these myths and draws on cutting edge research to provide a ground breaking and evidence based account of relationship formation At the core of this book is a very simple idea there are no laws of attraction no foolproof methods or strategies for getting someone to date you But this isn t to say that theres nothing to be gained from studying attraction Based on science rather than self help cliches Attraction Explained looks at how factors such as geography appearance personality and similarity affect who we fall for and why *The Inter-Galactic Playground* Farah
