Lucy Church Amiably:

Lucy Church, Amiably Gertrude Stein, 2000 It seemed lyrical to Miss Stein to name her character Lucy Church for the church at Lucey France This is the source of many of her names and images they are puns from French to English The result can be read simply as an account of being in the countryside or more complexly as an investigation into the interlocking nature of things and into the ways that language can be used for description Cover [Lucy Church amiably. \(A novel.\).](#) Gertrude Stein, 1930 [Useful Knowledge](#) Gertrude Stein, 1993 **Lucy Church, Amiably** Gertrude Stein, 1930 *Lucy Church Amiably* Gertrude Stein, 1969 *Lucy Church, Amiably* Gertrude Stein (Schriftstellerin, USA, Frankreich), 1930

Curved Thought and Textual Wandering Ellen E. Berry, 2025-10-01 This wide ranging and provocative study traces Gertrude Stein's production of avant garde texts that radically disrupted traditional notions of how fiction should be defined valued and read The book combines feminist and postmodern perspectives to illuminate new facets of Stein's novels and to situate them within an expanded definition of the postmodern The author argues that if we fail to consider the contexts within which postmodern innovations occur and if we subsume all formal disruptions under a generalized postmodern mode we obscure important differences among authors and distort the notion of the postmodern itself The study expands our understanding of Stein as a novelist and a narrative theorist repositions her work within a revised notion of literary history and thus clarifies points of relation and divergence between modernism and postmodernism It also assists in the historicizing of the postmodern literary emergence by insisting on the centrality of gender as a category of analysis Finally it argues for the importance of constructing definitions of postmodernism that will allow space to consider the complexity and diversity of its cultural practices *Curved Thought and Textual Wandering* will be welcomed by scholars of modernism of Gertrude Stein and of feminist and narrative theory and postmodern culture **Lucy Church Amiably by Gertrude Stein - Delphi**

Gertrude Stein, Writer and Thinker Claudia Franken,2000

Stitch, Unstitch Kristin Grogan,2025-08-26 The labor of literature is often thought of as a specialized craft distinct from everyday work In *Stitch Unstitch* Kristin Grogan traces an alternative vision of writing and the writer arguing that modernist poetry was deeply shaped by ordinary labor and the people who performed it This relationship provoked powerful political and aesthetic experiments and allowed modernist poets to imagine ways of life beyond the demand to earn a living Poetic form Grogan shows offers ways to reflect on the meaning and worth of labor particularly types of gendered labor that are typically unseen and undervalued Her fine grained readings locate modernist poetry within sites of social reproduction factory work craft

labor and other forms of manual labor placing literary texts alongside objects such as constructivist posters and set design household notes and homemade books Grogan considers Ezra Pound s ideology of craft and artisanal labor Lola Ridge s immersion in the New York garment industry Langston Hughes s encounter with Soviet workers theater Gertrude Stein s gendered and queer domestic labors and Lorine Niedecker s employment as a hospital cleaner Blending Marxist and feminist theory with attentive close readings *Stitch Unstitch* is a revelatory materialist account of the values of poetry *Allegorical Moments* Lyn Hejinian,2023-11-07 *Allegorical Moments* is a set of essays dedicated to rethinking allegory and arguing for its significance as a creative and critical response to sociopolitical environmental and existential turmoil affecting the contemporary world Traditionally allegorical interpretation was intended to express an orthodoxy and support an ideology Hejinian attempts to liberate allegory from its dogmatic usages Presenting modern and contemporary materials ranging from the novel to poetry to painting and cinema to activist poetry of the Occupy movement each essay in the book begins again with different materials and from different perspectives Hejinian s generative scholarship looks back to experimental modernism and forward into a future for a vital wayward poetry resistant to the crushing global effects of neoliberalism

Pastoral, Pragmatism, and Twentieth-Century American Poetry A. Mikkelsen,2011-01-31 In the first expansive study of American pastoral since Leo Marx s *The Machine in the Garden* Mikkelsen reinvigorates discussion of this literary mode as a form of cultural commentary whose subjects extend beyond the simple or rustic life to encompass the major social economic and political transformations of the past century

Artificial Color Catherine Keyser,2019 This book examines how modern US writers used the changing geographies regimens and technologies of modern food to reimagine racial classification and to question its relationship to the mutable body By challenging a cultural ideal of purity this literature proposes that racial whiteness is perhaps the most artificial color of them all *Rapture Untold* Linda S. Watts,1996

Rapture Untold Gender Mysticism and the Moment of Recognition in Works by Gertrude Stein analyzes patterns within Stein s language revealing the nature and origin of religious ideas in her work particularly those texts written during the 1920s By viewing Stein s texts in light of recent feminist criticism theories of gender and reading and Stein s influence on the French feminists and Language poets it may be possible to re envision the process of reading Gertrude Stein **Masculinity in**

Transition K. Allison Hammer,2023-10-17 Locating the roots of toxic masculinity and finding its displacement in unruly culture *Masculinity in Transition* analyzes shifting relationships to masculinity in canonical works of twentieth century literature and film as well as in twenty first century media performance and transgender poetics Focusing on toxic masculinity which has assumed new valence since 2016 K Allison Hammer traces its roots to a complex set of ideologies embedded in the histories of settler colonialism racial capitalism and political fraternity and finds that while toxic strains of masculinity are mainly associated with straight white men trans and queer masculinities can be implicated in these systems of power Hammer argues however that these malignant forms of masculinity are not fixed and can be displaced by unruly

alliances texts and relationships that reject the nationalisms and gender politics of white male hegemony and perform an urgently needed reimagining of what it means to be masculine Locating these unruly alliances in the writings performances and films of butch lesbians gay men cisgender femmes and trans and nonbinary individuals Masculinity in Transition works through an archive of works of performance art trans poetics Western films and streaming media global creative responses to HIV AIDS and working class and white trash fictions about labor and unionization Masculinity in Transition moves the study of masculinity away from an overriding preoccupation with cisnormativity whiteness and heteronormativity and toward a wider and more generative range of embodiments identifications and ideologies Hammer s bold rethinking of masculinity and its potentially toxic effects lays bare the underlying fragility of normative masculinity Retail e book files for this title are screen reader friendly with images accompanied by short alt text and or extended descriptions
