**Christ Among the Messiahs** Matthew V. Novenson, 2012-04-17 He then traces the rise and fall of the messianic idea in Jewish studies and gives an alternative account of early Jewish messiah language the convention worked because there existed both an accessible pool of linguistic resources and a community of competent language users Whereas it is commonly objected that the normal rules for understanding christos do not apply in the case of Paul since he uses the word as a name rather than a title Novenson shows that christos in Paul is neither a name nor a title but rather a Greek honorific like Epiphanes or Augustus Focusing on several set phrases that have been taken as evidence that Paul either did or did not use christos in its conventional sense Novenson concludes that the question cannot be settled at the level of formal grammar Examining nine passages in which Paul comments on how he means the word christos Novenson shows that they do all that we normally expect any text to do to count as a messiah text

**Thiselton on Hermeneutics** Anthony C. Thiselton, 2006 Hermeneutics is an interdisciplinary study of how we interpret texts especially biblical texts in the light of theories of understanding in philosophy meaning in literary theory and of theology This volume brings together the seminal thought of a leading contemporary pioneer in this field Thiselton's *The Two Horizons* was a classic on how horizons of biblical texts engage creatively with the horizons of the modern world The author's later *New Horizons in Hermeneutics* explored still more deeply the transforming capacities of biblical texts while his massive commentary on 1 Corinthians interpreted an epistle This volume collects many of Anthony Thiselton's more notable writings from some seven books and 70 articles to which he adds his own re appraisals of earlier work It uniquely expounds the thought of a major contemporary British theologian through his own words and includes his own critical assessments

**Linguistic Thought in England, 1914-1945** Roy Harris, 1988 **Critical Bibliography of Religion in America, Volume IV, parts 3, 4, and 5** Nelson Rollin Burr, 2015-12-08 Volume IV bound as two volumes provides a critical and descriptive bibliography of religion in American life that is unequalled in any other source Arranged topically so that books and articles on a single subject are discussed in relation to each other and carefully cross referenced and indexed it will be an indispensable tool for anyone exploring further into American religion or related subjects Originally published in 1961 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Subject Guide to Books in Print**, 2001 **Hermeneutics as Epistemology** William C. Roach, 2015-07-24 Historic Protestantism and evangelicalism has always been committed to the authority of Scripture and interested in the proper interpretation of the Bible They uphold the motto As Scripture says God says and as God says Scripture says Many today

claim this type of reasoning is faulty since individuals can no longer know the true meaning of Scripture because there are no stable metaphysical or epistemological frameworks Moreover they claim that approaches such as the one presented by Carl F H Henry no longer provide adequate grounds to address the pressing hermeneutical issues This study responds to these types of claims showing each of these proposals is based upon faulty first principles or misrepresentations This book surveys hermeneutical innovations and Henry s epistemological hermeneutic to show that Henry s epistemology is foundational to his hermeneutic offering present day evangelicals an epistemologically justified approach to hermeneutics as epistemology and methodology The book will be of importance to those with interest in evangelical hermeneutics or philosophical hermeneutics in general It provides a clear assessment of the impact of Carl F H Henry s epistemology and hermeneutic and strives to respond to criticisms raised against his Augustinian Reformed revelational cognitive propositional hermeneutic

*A Critical Realist's Theological Method* Douglas W. Kennard, 2013-02-21 A Critical Realist s Theological Method explores a systematic theology method grounded in critical realism in the wake of Alister McGrath Imre Lakatos Nancey Murphy N T Wright and Dale Allison Kennard surveys philosophical and traditional theological approaches for contributions and limitations in order to set out a method for theology and science Kennard extends this method to a Thiselton Ricoeur hermeneutic that can fund insightful exegesis and Biblical theology in the wake of Ladd Dunn Vos and Goldingay This Biblical theology method is illustrated by wisdom literature the traditional reef of the discipline and then developed for the contributions toward systematic theology as Gabler had originally envisioned With contextualized Scripture sourcing most of the content for systematic theology the trajectory is shown in the subtitle Returning the Bible and Biblical Theology to be the Framer for Theology and Science The method is exemplified in exegesis of creation texts which frame possibilities for science Likewise Biblical theology frames a bio ethics integration of psychology and theology setting out a transactional model for psychological recovery with University of Chicago professor Paul Holmes A theology for peer review and work is also framed

**Emptiness** John Corrigan, 2015-05-27 Corrigan reveals for the first time how Christians in the United States pursue this feeling of emptiness through bodily practices group identification ideas of space and time and reasoned argument Dust jacket

**The Quest of the Hermeneutical Jesus** Robert B. Stewart, 2008 The Quest of the Hermeneutical Jesus is a study in how reading documents referring to Jesus influences conclusions as to who Jesus was as a figure in history In this book author Robert B Stewart leads his readers through the projects of two of the most important and influential scholars in the field of historical Jesus research in order to show his readers how the philosophical presuppositions and hermeneutical methods of Crossan and Wright impact their respective historical conclusions concerning Jesus There is arguably no more important question in religious studies than what can we know about Jesus Stewart takes on the task of filling the void in this area by addressing how hermeneutics influences history In addition to highlighting the work of two great scholars Stewart also provides a useful introduction and guide through much of the maze of contemporary literary criticism Book jacket

**in Print** ,1987      **Jesus and Time** Ma'afu Palu,2012-05-03 This study examines Jesus conception of time focusing on the proclamation in Mark 1 15 Time is fulfilled and the Kingdom is near      **Ludwig Wittgenstein** Shanker, Stuart G. Shanker,1986      Speaking in Tongues: A Critical Historical Examination Philip E. Blosser,Charles A. Sullivan,2022-09-16 In three carefully researched volumes this ground breaking study examines the gift of tongues through 2 000 years of church history Starting in the present and working back in time these volumes consider 1 the modern redefinition of tongues as a private prayer language 2 the church s perennial understanding of tongues as ordinary human languages and 3 the Corinthian tongues which in light of Jewish liturgical tradition turn out to have been a foreign liturgical language Hebrew or Aramaic requiring bilingual interpreters In the first volume the authors establish that modern glossolalia far from being a supernatural gift enjoyed by certain believers since the time of Pentecost and undergoing a resurgence in modern times has no precedent in church life prior to the nineteenth century They discuss why German theologians responding to the Irvingite revival coined the term glossolalia in the 1830s why Pentecostals between 1906 8 quietly began redefining tongues to mean a heavenly language unintelligible to human beings but pleasing to God instead of foreign languages useful for evangelism why Protestant cessationists believed miraculous tongues had ceased and why interpolated idioms like unknown tongues in Protestant Bibles were aimed originally at Rome s use of Latin      **New Testament Theology and the Greek Language** Stanley E. Porter,2022-10-20 Offers a unique language based critique of New Testament theology and reconceptualizes it using categories of modern linguistics      Essays Catholic and Critical Mark A. Husbands,2017-03-02 This book presents the most significant work of the highly esteemed contemporary theologian George Schnier who died in 2000 Gathering together his writing in the areas of theology and the philosophy of religion it offers a distinct contribution to our understanding of the prospects and perils of undertaking theology in the Christian tradition at the present juncture Engaging key texts in philosophy of religion from the modern period recent official Roman Catholic teaching related to the basis and doing of theology and the work of key representatives of the so called Yale School of post liberal theology the essays collected here represent acute and historically informed judgment upon the problematique of the practice of contemporary theology Drawing together a substantial body of work of recognized intellectual scope philosophical rigour and theological richness this volume provides invaluable insight into key questions regarding theological method the importance of modern philosophy of religion the nature of theological discourse and contemporary Catholic theological reflection      *Exploring the Composition of the Pentateuch* L. S. Baker Jr.,Kenneth Bergland,Felipe A. Masotti,A. Rahel Wells,2020-11-12 For many years the historical critical quest for a reconstruction of the origin s and development of the Pentateuch or Hexateuch has been dominated by the documentary hypothesis the heuristic power of which has produced a consensus so strong that an interpreter who did not operate within its framework was hardly regarded as a scholar However the relentless march of research on this topic has continued to yield new and refined analyses data methodological tools and criticism In this spirit

the contributions to this volume investigate new ideas about the composition of the Pentateuch arising from careful analysis of the biblical text against its ancient Near Eastern background. Covering a wide spectrum of topics and diverging perspectives, the chapters in this book are grouped into two parts. The first is primarily concerned with the history of scholarship and alternative approaches to the development of the Pentateuch. The second focuses on the exegesis of particular texts relevant to the composition of the Torah. The aim of the project is to foster investigation and collegial dialogue in a spirit of humility and frankness without imposing uniformity. In addition to the editors, the contributors include Tiago Arrais, Richard E. Averbeck, John S. Bergsma, Joshua A. Berman, Daniel I. Block, Richard Davidson, Roy E. Gane, Duane A. Garrett, Richard S. Hess, Benjamin Kilch, Michael LeFebvre, Ji Moskala, and Christian Vogel. *Union Catalog of the Graduate Theological Union*. Graduate Theological Union. Library, 1972. **Beyond the Philosopher's Fear** Ludger H. Viefhues-Bailey, 2007. Based on a detailed analysis of gender in Stanley Cavell's treatment of the skeptical problem, this book addresses the relationship between gender and religion in modern skepticism. Engaging in dialogue with Julia Kristeva's philosophy, Viefhues claims that a religious problem underlies Cavell's understanding of the feminine. *The British National Bibliography*. Arthur James Wells, 2007. The Gospel Douglas W. Kennard, 2017-10-26. This book is about stating gospel especially in the Bible. After surveying historical statements of gospel within their respective soteriology, biblical contexts are explored that identify either 1 as gospel, 2 promise forgiveness, 3 promise everlasting life, 4 promise kingdom, or 5 promise resurrection with Christ. These five statements indicate the outcomes that are normally associated with the gospel across Christendom. This framework provides legitimate biblical gospel statements within exclusive salvation in Christ. This volume presents and appropriates biblical gospel patterns as a new reformation for fullness of salvation in Christ and His earthly kingdom. This variety of biblical gospel statements provoke 1 unity around Jesus Christ and God's gracious salvation, 2 toleration concerning rival statements of Christian gospel, and 3 jettisoning unsupported traditional frameworks. For example, ticket Christianity with little or no life change except past faith and an experience prepare Jesus Christ to say to a major section of the church: Depart from Me. I never knew you. Better to hear the eschatological Christ say: Come, blessed of My Father, inherit the kingdom prepared for you from the foundation of the world, because to the extent that you did to these brothers of Mine, even the least you did to Me.
