Making Fast Food From The Frying Pan Into The Fryer:

Making Fast Food Ester Reiter, 1996 Some say the adventurous days of grueling and dangerous scientific exploration are long gone but Reiter sociology Brock U undertook a 10 month trek without pay into the uncharted wilds of a Burger King kitchen to bring us first hand accounts of the strange and marvellous customs of the natives The illustrations are hilarious Annotation copyrighted by Book News Inc Portland OR *Making Fast Food* Ester Reiter, 1991-09-03 The flourishing fast food industry represents one particular blueprint of how to live Reiter analyses the profound consequences of this blueprint for many spheres of life women s work youth employment the labour movement the family and the community Since the 1970s young people and women have increasingly entered the job market in low waged service sector jobs Family life she explains has changed dramatically in the last forty years as many activities that were traditionally part of the home have been replaced by services available in the marketplace The production of meals and those who produce them have moved from the family kitchen to the highly regulated corporate workplace where workers are like the interchangeable parts of a machine

Making Fast Food Ester Reiter, 1996 *Fast Food Nation* Eric Schlosser, 2001 An exploration of the fast food industry in the United States from its roots to its long term consequences **Working for McDonald's in Europe** Tony Royle, 2004-08-02 The McDonald s Corporation is not only the largest system wide sales service in the world it is a phenomenon in its own right and is now recognized as the most famous brand in the world By providing a detailed analysis of the extent to which the McDonald s Corporation adapts or imposes its labour relations policies in Europe this volume represents a real life case study revealing the interaction between a global multi national enterprise and the regulatory systems of a number of different European countries Key features include an overview of the McDonald s Corporation s development and structure an analysis of its corporate culture and the issues of franchising an examination of key union strategies including systems of co determination consultation and collective bargaining a chapter dealing specifically with European legislation in particular the McDonald s European Works Council The author systematically analyzes the conflict between the McDonald s Corporation and the industrial relations systems of the European countries within which it operates and exposes this conflict as an unequal struggle between economic liberalism and collectivism **Women, Work and Computerization** A. Frances Grundy, 1997-05-20 This volume considers the submissions to the 6th International IFIP TC 9 WG 9 1 Conference on Women Work and Computerization WWC 97 The conference provides an interdisciplinary forum for researchers practitioners and users in the field of information technology In this book the authors discuss how different areas of society are being transformed by computer technology but with particular emphasis on changes in women s work and life and how these have come about Such transformations include the transitions from women s traditional work to work based on modern technology from communicating within personal communities to communicating within virtual communities from traditional job gendering to new perspectives on who does what **Understanding Global Environmental Politics** M.

Paterson,2000-04-07 Understanding Global Environmental Politics develops a new critical approach to global environmental politics It argues that the major power structures of world politics are deeply problematic in ecological terms and that they cannot be easily used to resolve major environmental challenges such as global warming Instead of simply advocating the construction of new international institutions to respond to such challenges therefore the book argues that the construction of alternative social and political structures is necessary *Identity in Organizations* Paul C. Godfrey,1998-07-21 This investigation of the fundamental character of organizational identity and identification with an organization is arranged in the form of a provocative discussion between key scholars The book focuses on three different paradigmatic views of identity functionalist interpretive and postmodern Similarities and distinctions among these ways of understanding are explored and numerous theoretical and practical insights are gained The book concludes with a discussion of the relevance of identity as a construct in organizational study and observations on conversation and theory building Eating Out Alan Warde, Lydia Martens,2000-03-30 Eating Out first published in 2000 is a fascinating study of the consumption of food outside the home based on extensive original research carried out in England in the 1990s Reflecting the explosion of interest in food ranging from food scares to the national obsession with celebrity chefs the practice of eating out has increased dramatically over recent years Through surveys and intensive interviews the authors have collected a wealth of information into people's attitudes towards and expectations of eating out as a form of entertainment and an expression of taste and status Amongst other topics they examine social inequalities in access to eating out social distinction interactions between customers and staff and the economic and social implications of the practice Eating Out will be a valuable resource to academics advanced students and practitioners in the sociology of consumption cultural studies social anthropology tourism and hospitality home economics marketing and the general reader **The Oxford Handbook of Food History** Jeffrey M. Pilcher,2012-10-16 Food matters not only as a subject of study in its own right but also as a medium for conveying critical messages about capitalism the environment and social inequality to diverse audiences Recent scholarship on the subject draws from both a pathbreaking body of secondary literature and an inexhaustible wealth of primary sources from ancient Chinese philosophical tracts to McDonald's menus contributing new perspectives to the historical study of food culture and society and challenging the limits of history itself The Oxford Handbook of Food History places existing works in historiographical context crossing disciplinary chronological and geographic boundaries while also suggesting new routes for future research The twenty seven essays in this book are organized into five sections historiography disciplinary approaches production circulation and consumption of food The first two sections examine the foundations of food history not only in relation to key developments in the discipline of history itself such as the French Annales school and the cultural turn but also in anthropology sociology geography pedagogy and the emerging Critical Nutrition Studies The following three sections sketch various trajectories of food as it travels from farm to table factory to eatery nature to society Each section balances material

cultural and intellectual concerns whether juxtaposing questions of agriculture and the environment with the notion of cookbooks as historical documents early human migrations with modern culinary tourism or religious customs with social activism In its vast interdisciplinary scope this handbook brings students and scholars an authoritative guide to a field with fresh insights into one of the most fundamental human concerns

Agricultural Standards Jim Bingen, Lawrence Busch, 2006-03-08 Food and agricultural standards have recently risen to the top of both national and international agendas Popular concerns about the power of the World Trade Organization focus on the intertwined relationships between environmental protection labor and human rights and the standards used to produce and supply our food and fiber globally In the developing world agricultural grades and standards are an important part of the reconfiguration of roles and responsibilities between various public and private actors in market reform This original and informative collection of studies of agri food standards in the modern economy addresses these and helps to define the scope of the emerging study of the politics of standards setting Following an overview essay dealing with the multiple ways of thinking about approaching and defining food and agricultural standards eleven case studies offer a rich body of evidence that assesses the processes dynamics and potential consequences of global agri food standards For all interested in the strategic use of food and agricultural standards from those in national and international governmental agencies researchers and others in the academic and private sector to those in the private business sector this volume offers a broader perspective on and will serve as an important resource
