Holton, 2017-03-23 This book offers a clear and concise account of the key debates in the globalization literature serving as an accessible introduction to students new to the topic It deals even handedly with all the various dimensions of globalization political economic social and cultural and particularly draws attention to the role of people in processes of globalization The book s historical dimension and its multicultural focus ensure that globalization is shown neither to be an inexorable process nor one that can be equated simply with Westernization **Making Globalization Happen** Vijayashri Sripati, 2024-03-10 In *Making Globalization Happen* The Untold Story of Power Profits Privilege Sripati explains how when through which entities and for what purposes economic globalization was catalyzed and its effects on the Global South in general and South Asia in particular Based on an innovative international constitutional political economy framework Sripati examines how the Western classical liberal constitution has shaped international law developments in this post colonial era given its salience and comprehensive scope Presenting a comprehensive narrative of economic globalization *Making Globalization Happen* accurately and comprehensively links constitutional globalization to the following UN family created agendas peacebuilding conflict prevention human security protection of civilians sustainable development global war on terrorism women peace and security poverty reduction or market oriented development ending conflict related sexual violence and justice climate criminal and transitional Sripati simultaneously provides the missing constitutional foundation for globalization and the fields that it has spawned global studies and law and political economy With these ground breaking insights *Making Globalization Happen* The Untold Story of Power Profits Privilege clearly illustrates who drove constitutional globalization and for whose benefit the UN family and transnational capitalists Thus it rips away the facade of UN family driven peace justice human rights democracy and development to expose it as a narrative of power profit and privilege for transnational capitalists and debt death and despair for the Global South **Making Globalization Good** John H. envelopes our efforts with confusion and unnecessary controversies **Globalization and Society** Dr. Bindeshwar Prasad Mandal, 2021-09-11 Globalization is the process of international integration arising from the interchange of world views, products, ideas, and other aspects of culture. Put in simple terms, globalization refers to processes that promote worldwide exchanges of national and cultural resources. Advances in transportation and telecommunications infrastructure, including the rise of the Internet, are major factors in globalization, generating further interdependence of economic and cultural activities. Globalization's contribution to the alienation of individuals from their traditions may be modest compared to the impact of modernity itself, as alleged by existentialists such as Jean-Paul Sartre and Albert Camus. Globalization has expanded recreational opportunities by spreading pop culture, particularly via the Internet and satellite television. Religious movements were among the earliest cultural forces to globalize, spread by force, migration, evangelists, imperialists, and traders. Christianity, Islam, Buddhism, and more recently, sects such as Mormonism, have taken root and influenced endemic cultures in places far from their origins. Multilingual speakers outnumber monolingual speakers in the world's population. Multilingualism is becoming a social phenomenon governed by the needs of globalization and cultural openness. The book examines the subtle mechanisms of globalization and its effects, namely, adding wealth and prosperity to a few while misery and devastation to societies in Asian, Latin American, and African countries, and especially India. The book shows that globalization perpetuates and worsens the already existing uneven development in the world.

Contents: Introduction, Economic Globalization, Society, Features of Globalization, Social and Cultural Impacts of Globalization, Globalization and its Effect on Cultural Diversity, Globalization, Equality and Non-discrimination, Globalization and Migration, Emerging Dilemmas and Policy Implications, Modernization Theory and Globalization Theory, The Future of Rural Communities in a Global Economy.
