Making Music In The Polish Tatras Tourists Ethnographers And Mountain:

Making Music in the Polish Tatras Timothy J. Cooley, 2005-04-14 Challenging myths that mountain isolation and ancient folk customs defined the music culture of the Polish Tatras Timothy J Cooley shows that intensive contact with tourists and their more academic kin ethnographers since the late 19th century helped shape both the ethnic group known as G rale highlanders and the music that they perform Making Music in the Polish Tatras reveals how the historically related practices of tourism and ethnography actually created the very objects of tourist and ethnographic interest in what has become the popular resort region of Zakopane This lively book introduces readers to G rale musicians their present day lives and music making and how they navigate a regional mountain defined identity while participating in global music culture Vivid descriptions of musical performances at weddings funerals and festivals and the collaboration of G rale fiddlers with the Jamaican reggae group Twinkle Brothers are framed by discussions of currently influential theories relating to identity and ethnicity and to anthropological and sociological studies of ritual tourism festivals globalism and globalization The book includes a 46 track CD illustrating the rich variety of G rale music including examples of its fusion with Jamaican reggae

The Past Is Always Present Tore Tvarnø Lind, 2012 In *The Past Is Always Present* Tore Tvarn Lind examines the musical revival of Greek Orthodox chant at the monastery of Vatopaidi within the monastic society of Mount Athos Greece In particular Lind focuses on the musical activities at the monastery and the meaning of the past in the monks efforts at improving their musical performance practice through an emphasis on tradition Based on a decade of intense fieldwork and extensive interviews with members of Athos monastic community Lind covers a vast array of topics From musical notation and the Greek oral tradition to CD covers and music production the tension between tradition and modernity in the musical activity of the Athonite community raises a clear challenge to the quest to bring together Orthodox spirituality and quietude with musical production *The Past Is Always Present* addresses all of these matters by focusing on the significance and meaning of the local chanting style As Lind argues Byzantine chant cannot be fully grasped in musicological terms alone outside the context of prayer Yet because chant is fundamentally a way of communicating with God the sound generated must be exactly right pushing issues of music notation theory and performance practice to the forefront Byzantine chant Lind ultimately argues is a modern phenomenon as the monastic communities of Mount Athos negotiate with the realities of modern Orthodox identity in Greece By reporting on the musical revival activities of this remarkable community through the topics of notation musical theory drone singing and spiritual silence Lind looks at the ways in which Athonite heritage is shaped touching upon the Byzantine chant s contemporary relationship with practice of pilgrimage and the phenomenon of religious tourism Offering unique insights into the monastic culture at Mount Athos *The Past Is Always Present* is for those especially interested in sacred music past and present Greek culture monastic life religious tourism and the fields of ethnomusicology and anthropology

Music in the American Diasporic Wedding Inna Naroditskaya, 2019-05-23 With real-life stories, this collection focuses on the role of music in the often delicate negotiations surrounding weddings in immigrant communities. Ellen Koskoff, author of *A Feminist Ethnomusicology*, *Music in the American Diasporic Wedding* explores the complex cultural adaptations, preservations, and fusions that occur in weddings between couples and families of diverse origins. Discussing weddings as a site of negotiations between generations, traditions, and religions, the essays gathered here argue that music is the mediating force between the young and the old, ritual and entertainment, and immigrant lore and assimilation. The contributors examine such colorful integrations as klezmer-tinged Mandarin tunes at a Jewish and Taiwanese American wedding, a wedding services industry in Chicago's South Asian community featuring a diversity of wedding music options, and Puerto Rican cultural activists dancing down the aisles of New York's St. Cecilia's church to the thunder of drums and maracas and rapping their marriage vows. These essays show us what wedding music and performance tell us about complex multiethnic diasporic identities and remind us that how we listen to and celebrate otherness defines who we are.
