Making Of A Peacemonger The Memoirs Of George Ignatieff:

The Making of a Peacemonger George Ignatieff, 1985-12-15 Standing on the roof of Canada House following one of the worst wartime air raids on London and surveying the devastation around them two men resolved to devote their lives to the cause of peace One of them was Mike Pearson soon to become minister of external affairs and eventually prime minister of Canada The other was a junior foreign service official by the name of George Ignatieff The London blitz was not Ignatieff's first exposure to the horrors of war As the Russian born son of a famous aristocratic family he was barely five years old when the revolution and civil war put an end to his sheltered childhood His father was arrested and jailed by the Bolsheviks then miraculously released in time for the family to escape to England and eventually settle in Canada For the last event he has never ceased to be grateful With warmth charm and unfailing humour Ignatieff takes the reader through a remarkable life The early years from the elegance of his childhood home to the comic struggles of migr neophytes operating a dairy farm from the pain of isolation at an exclusive Montreal boys school and the challenges of railroad construction life in western Canada to the heady days as a Rhodes scholar at Oxford developed in the young man the flexibility and adaptability required of a diplomat His close up observation of troops massed to parade before Hitler his shock at the atomic bombing of Hiroshima and Nagasaki the nuclear arms race and the Cuban missile crisis all reinforced his commitment to peace Ignatieff served his adopted country as Canadian ambassador to Yugoslavia and to the North Atlantic Council He represented Canada on the United Nations Security Council and at the Geneva Disarmament Conference He participated in tense negotiations over most of the world's hot spots of the 1950s and 60s the Middle east Suez Korea Czechoslovakia Cyprus He accompanied Pearson on his historic visit to the Soviet Union and spent a memorable evening with Khrushchev and Bulganin He discussed multiculturalism with Tito the Suez crisis with U Thant and disarmament with anyone who would listen His colourful recollections offer a rare glimpse into the workings of international relations of policy making at the highest levels and of people whose decisions affect the stability of the world They are also the intensely personal account of an immigrant who rose to distinguished heights in service to his country and to humanity Canada's Department of External Affairs, Volume 3 John Hilliker, Mary Halloran, Greg Donaghy, 1990-01-01 Volume three of the official history of Canada's Department of External Affairs offers readers an unparalleled look at the evolving structures underpinning Canadian foreign policy from 1968 to 1984 Using untapped archival sources and extensive interviews with top level officials and ministers the volume presents a frank insider's view of work in the Department its key personalities and its role in making Canada's foreign policy In doing so the volume presents novel perspectives on Prime Minister Pierre Trudeau and the country's responses to the era's most important international challenges These include the October Crisis of 1970 recognition of Communist China UN peacekeeping decolonization and the North South dialogue the Middle East and the Iran Hostage crisis and the ever dangerous Cold War **Canada's Department of External Affairs: Coming of age, 1946-1968** John Hilliker, Donald

Barry,1990 The second volume of the official history of the Department of External Affairs *Coming of Age* covers a period of remarkable expansion and achievement in Canadian external relations **Canada's Department of External Affairs, Volume 2** John Hilliker,Donald Barry,1995-04-04 In 1946 with its own minister for the first time the Department of External Affairs embarked on a period of impressive growth and assumed responsibility for a broader range of foreign policy issues than ever before Under the expert guidance of Lester Pearson for a decade the department enjoyed popular and parliamentary consensus about international interests The election of the Diefenbaker government in 1957 deprived the department of Pearson s experienced ministerial direction and exposed it to new priorities and new ways of doing things At this time foreign policy consensus began to erode As well there was pressure to respond to the administrative revolution inaugurated by the Royal Commission on Government Organization the Glassco Commission appointed in 1960 After Pearson returned to office as prime minister in 1963 questioning by the public and also by the governing party and the cabinet became more fervent *Coming of Age* concludes in 1968 as indications of a challenge to the principles underlying Canadian foreign policy emerged from a new generation of ministers a challenge that would produce major changes after Pierre Trudeau became prime minister *Rise to Greatness* Conrad Black,2014 Controversial newspaper publisher and historian Conrad Black has written a definitive history of Canada This is a revealing account of the people and events that shaped a nation Spanning from 874 to 2014 and beginning with Canada s first inhabitants and the early explorers this masterful history challenges our perception of our history and Canada s role in the world From Champlain to Carleton Baldwin and Lafontaine to MacDonald Laurier and King from Canada s role in peace and war to Quebec s quest for autonomy Black takes on sweeping themes **The Nuclear North** Susan Colbourn,Timothy Andrews Sayle,2020-10-01 Since the first atomic weapon was detonated in 1945 Canadians have debated not only the role of nuclear power in their uranium rich land but also their country s role in a nuclear world The Nuclear North investigates critical questions in these ongoing debates Should Canada belong to international alliances that depend on the threat of using nuclear weapons for their own security Should Canadian produced nuclear technologies be exported to potential proliferators Does the country s championing of arms control and disarmament on the global stage matter What about the domestic costs of nuclear technologies and atomic research including their impact on local communities and the environment The contributors to this important collection consider how the atomic age has shaped Canadian policies at home and abroad Their incisive assessment of the country s nuclear history engages with much larger debates about national identity Canadian foreign policy contradictions during the Cold War and Canada s place in the international order **Canada First, Not Canada Alone** Adam Chapnick,Professor of Defence Studies Adam Chapnick,Asa McKercher,Assistant Professor of History Asa McKercher,2024 The definitive history of Canadian foreign policy since the 1930s *Canada First Not Canada Alone* examines how successive prime ministers have promoted Canada s national interests in a world that has grown increasingly complex and interconnected Case studies

focused on environmental reform Indigenous peoples trade hostage diplomacy and wartime strategy illustrate the breadth of issues that shape Canada's global realm Drawing from extensive primary and secondary research Adam Chapnick and Asa McKercher offer a fresh take on how Canada positions itself in the world

Worth Fighting For Lara Campbell, Michael Dawson, Catherine Gidney, 2015-04-02 Historians veterans museums and public education campaigns have all documented and commemorated the experience of Canadians in times of war But Canada also has a long rich and important historical tradition of resistance to both war and militarization This collection brings together the work of sixteen scholars on the history of war resistance Together they explore resistance to specific wars including the South African War the First and Second World Wars and Vietnam the ideology and nature of resistance national ethical political spiritual and organized activism against militarization such as cadet training the Cold War and nuclear arms As the federal government continues to support the commemoration and celebration of Canada's participation in past wars this collection offers a timely response that explores the complexity of Canada's position in times of war and the role of social movements in challenging the militarization of Canadian society

Pearson and Canada's Role in Nuclear Disarmament and Arms Control Negotiations, 1945-1957 Joseph Levitt, 1993 Lester Pearson was Minister for External Affairs between 1948 and 1957 During this time Canada was a member of two successive United Nations commissions on eliminating or controlling nuclear arms with the United States and the Soviet Union as the main negotiators The goal of these discussions was to reach an agreement on general principles that reflected the strategic needs of each side rather than on the technical details necessary for a treaty While the United States and the Soviet Union played the largest role in the negotiations two other major powers Britain and France allies of the Americans were also at the bargaining table Canada was the only middle power to participate in all negotiations

Rise to Greatness, Volume 2: Dominion (1867-1949) Conrad Black, 2017-04-04 Sweeping ambitious and revelatory this is the second volume in a major history of our country by one of our most respected thinkers and historians a book every Canadian should own From the acclaimed biographer and historian Conrad Black comes the definitive history of Canada a masterful groundbreaking account of the people and events that shaped a nation The second of three volumes spanning from the year 1867 1949 this compelling history challenges our perception of our history and Canada's role in the world taking on sweeping themes and vividly recounting the story of Canada's development from colony to dominion to country Black persuasively reveals that while many would argue that Canada was perhaps never predestined for greatness the opposite is in fact true the emergence of a magnificent country against all odds was a remarkable achievement Brilliantly conceived this major new reexamination of our country's history is a riveting tour de force by one of the best writers writing today

Building a Special Relationship Asa McKercher, Michael D. Stevenson, 2024-06-15 Building a Special Relationship offers thoughtful insight into Canadian and American foreign relations during the 1950s when Canada and the United States found new diplomatic footing as allies in the shadow of the Cold War This book shows how the Eisenhower

years were crucial in forming the bilateral relationship that currently exists between Canada and the United States Under President Eisenhower and Prime Ministers St Laurent and Diefenbaker policy makers on both sides of the border collaborated with an air of tolerant accommodation on significant issues of the day Despite frequent differences they established frameworks for defence foreign policy economic growth and resource management many of which endure today For scholars and readers of political history international relations and diplomacy Building a Special Relationship makes a compelling case that the Eisenhower era is key to understanding the ongoing bond between these two nations **Growing to One World** Eileen R. Janzen, 2013-11-06 An illuminating look at the life and work of the man F R Scott called the most Canadian of us all *Deterring Armageddon: A Biography of NATO* Peter Apps, 2024-02-01 EXCELLENT THE TLS HUGELY IMPRESSIVE THE INDEPENDENT AN ASTONISHINGLY FINE HISTORY COUNTRY LIFE FASCINATING DAILY MAIL The history of the world's most successful military alliance from the wrecked Europe of 1945 to Vladimir Putin's invasion of Ukraine As they signed NATO into being after World War II its founders fervently believed that only if the West's democracies banded permanently together could they avoid a catastrophic global atomic conflict Over the 75 years since the alliance has indeed avoided war with Russia also becoming a major political strategic and diplomatic player well beyond its borders It has survived disagreements between leaders from Eisenhower Churchill and de Gaulle to Trump Stoltenberg and Merkel faced down Kremlin foes from Stalin to Putin and endured unending questions and debate over what new nations might be allowed to join *Deterring Armageddon* takes the reader from backroom deals that led to NATO's creation through the Cold War the Balkans and Afghanistan to the current confrontation with the Kremlin following the invasion of Ukraine It examines the tightrope walked by alliance leaders between a powerful United States sometimes flirting with isolationism and European nations with their ever evolving wishes for autonomy and influence Having spent much of its life preparing for conflicts that might never come NATO has sometimes found itself in wars that few had predicted and with its members now again planning for a potential major European conflict It is a tale of tension danger rivalry conflict big personalities and high stakes military and diplomatic posturing as well as espionage politics and protest From the Korean War to the pandemic the Berlin and Cuba crises to the chaotic evacuation from Kabul *Deterring Armageddon* tells how the alliance has shaped and been shaped by history and looks ahead to what might be the most dangerous era it has ever faced Utterly eye opening compelling haunting and continually illuminating As Peter Apps so brilliantly demonstrates in this gripping book the story of the NATO alliance is in many ways a parallel global history of the last 75 years As well as all the outbreaks of seething tension between the US and its European allies and the counter moves of rival powers this is also an account of just how often in those postwar years that we all stood on the edge of the most terrible abyss With mesmerising fluency and dazzling research Apps follows the criss crossing threads of the Cold War and beyond Those threads converge in our shadowed present and the conflict in Ukraine In order to fathom today's dark world Apps has explored a labyrinth of once classified

history and he brings dazzling clarity Sinclair McKay **Canada and the World since 1867** Asa McKercher,2019-09-19

This book is a history of Canada's role in the world as well as the impact of world events on Canada. Starting from the country's quasi-independence from Britain in 1867, its analysis moves through events in Canadian and global history to the present day. Looking at Canada's international relations from the perspective of elite actors and normal people alike, this study draws on original research and the latest work on Canadian international and transnational history to examine Canadians' involvement with a diverse mix of issues from trade and aid to war and peace to human rights and migration. The book traces four interconnected themes: independence and growing estrangement from Britain; the longstanding and ongoing tensions created by ever closer relations with the United States; the huge movement of people from around the world into Canada; and the often overlooked but significant range of Canadian contacts with the non-Western world. With an emphasis on the reciprocal nature of Canada's involvement in world affairs, ultimately it is the first work to blend international and transnational approaches to the history of Canadian international relations.

Rise to Greatness, Volume 1: Colony (1000-1867) Conrad Black,2017-03-07 Masterful, ambitious and groundbreaking, this is a major new history of our country by one of our most respected thinkers and historians, a book every Canadian should own. From the acclaimed biographer and historian Conrad Black comes the definitive history of Canada, a revealing, groundbreaking account of the people and events that shaped a nation. The first of three volumes, spanning from the year 1000 to 1867 and beginning with Canada's first inhabitants and the early explorers, this masterful history challenges our perception of our history and Canada's role in the world, taking on sweeping themes and vividly recounting the story of Canada's development from colony to dominion to country. Black persuasively reveals that while many would argue that Canada was perhaps never predestined for greatness, the opposite is in fact true: the emergence of a magnificent country against all odds was a remarkable achievement. Brilliantly conceived, this major new reexamination of our country's history is a riveting tour de force by one of the best writers writing today.

Rise to Greatness, Volume 3: Realm (1949-2017) Conrad Black,2017-05-05 Colourful, comprehensive and masterfully written, this is the third and final volume in a major history of our country by one of our most respected thinkers and historians, a book every Canadian should own. From the acclaimed biographer and historian Conrad Black comes the definitive history of Canada, a vivid, revelatory account of the people and events that shaped a nation. The final of three volumes, spanning from the year 1949 to 2014, this compelling history challenges our perception of our country's role in the world, taking on sweeping themes and recounting the story of Canada's development from colony to dominion to country. Black persuasively reveals that while many would argue that Canada was perhaps never predestined for greatness, the opposite is in fact true: the emergence of a magnificent country against all odds was a remarkable achievement. Brilliantly conceived, this major new reexamination of our country's history is a riveting tour de force by one of the best writers writing today.

Canada's Voice Adam Chapnick,2010-01-01 It is hard to imagine a person who embodied the ideals of postwar

Canadian foreign policy more than diplomat and scholar John Wendell Holmes Holmes joined the foreign service in 1943 headed the Canadian Institute of International Affairs from 1960 to 1973 and as a professor of international relations mentored a generation of students and scholars Canada's Voice draws upon family letters archival records and more than 150 personal interviews to chronicle how Holmes influenced the way diplomats scholars and statespeople abroad viewed Canada and its citizens and how Canadians saw themselves on the world stage Accessible and engrossing this is the only comprehensive biography of a man who helped shape foreign policy during Canada's golden age as a middle power

Tolerant Allies Greg Donaghy, 2002 The first detailed behind the scenes look at Canada US relations during the turbulent 1960s Reassessing the Rogue Tory Janice Cavell, Ryan M. Touhey, 2018-12-14 The years when John Diefenbaker's Progressive Conservatives were in office were among the most tumultuous in Canadian history Coming to power on a surge of optimistic nationalism in 1957 the Rogue Tory had stirred up more controversy than any previous prime minister by the time he was defeated in 1963 This was nowhere more apparent than in his handling of international affairs This book reassesses foreign policy in the Diefenbaker era to determine whether its failures can be mainly attributed to the prime minister's personality traits particularly his indecisiveness or to broader shifts in world affairs Written by leading scholars who mine new sources of archival research the chapters examine the full range of international issues that confronted Diefenbaker and his ministers and probe the factors that led to success or failure decision or indecision on specific issues Rather than dismissing Diefenbaker as a Rogue Tory on the world stage this fascinating reconsideration of the Diefenbaker years challenges readers to push beyond the conventional and reassess his record with fresh eyes *Coming to Jakarta* Peter Dale Scott, 2017-04-13 Not since Robert Duncan's *Ground Work* and before that William Carlos Williams' *Paterson* has New Directions published a long poem as important as *Coming to Jakarta* James Laughlin A devastating revelation of violence exploitation and corrupt politics *Coming to Jakarta* derives its title from the role played by the CIA banks and oil companies in the 1965 slaughter of more than half a million Indonesians A former Canadian diplomat and now a scholar at the University of California Peter Dale Scott has said that the poem is triggered by what we know of the bloody Indonesian massacre However it is not so much a narrative of exotic foreign murder as one person's account of what it is like to live in the 20th century possessing enough access to information and power to feel guilty about global human oppression but not enough to deal with it The usual result is a kind of daily schizophrenia by which we desensitize ourselves to our own responses to what we read in the newspapers The psychic self alienation which ensues makes integrative poetry difficult but necessary With a brilliant use of collage placing the political against the personal childhood acquaintances are among the darkly powerful figures Scott works in the tradition of Pound's *Cantos* but his substance is completely his own
