

Second Edition

The Making of Russian Absolutism 1613-1801

Paul Duker

Making Of Russian Absolutism 1613 1801

John E. Findling, Frank W. Thackeray

Making Of Russian Absolutism 1613 1801:

The Making of Russian Absolutism 1613-1801 Paul Dukes, 2014-01-14 Revised and expanded the second edition of this fascinating study surveys the first two centuries of Romanov rule from the foundation of the dynasty by Michael Romanov in 1613 to the accession of Alexander I in 1801 The central theme of the book is the growth of absolutism in Russia throughout these years and it traces in detail how the Russian variety of what was a contemporary European phenomenon came fully into being

The making of Russian absolutism 1613-1801 Paul Dukes, 1979 **Longman Companion to Imperial Russia, 1689-1917** David Longley, 2014-07-30 This is the first book of its kind to draw together information on the major events in Russian history from 1695 to 1917 covering the eventful period from the accession of Peter the Great to the fall of Nicholas II Not only is a vast amount of material on key events and topics brought together but the book also contains fascinating background material to convey the reality of life in the period

A History of Russia Volume 1 Walter G. Moss, 2003-07-01 This new edition retains the features of the first edition that made it a popular choice in universities and colleges throughout the US Canada and around the world Moss s accessible history includes full treatment of everyday life the role of women rural life law religion literature and art In addition it provides many other features that have proven successful including a well organized and clearly written text references to varying historical perspectives numerous illustrations and maps fully updated bibliographies accompanying each chapter as well as a general bibliography a glossary and chronological and genealogical lists

Events That Changed the World in the Eighteenth Century John E. Findling, Frank W. Thackeray, 1998-01-26 Warfare on three continents empire building and revolution political agricultural and industrial dominate 18th century world history In Europe royal dynasties formed fought major wars that carved up the map of Europe and the Americas and began the great colonial expansion that dominated the next century But the 18th century also ushered in the Enlightenment which fired the imagination of Europeans and the Industrial and Agricultural Revolutions which changed society and work forever To help students better understand the major developments of the 18th century and their impact on 19th and 20th century history this unique resource offers detailed description and expert analysis of the 18th century s most important events Peter the Great s Reform of Russia the War of the Spanish Succession the First British Empire the War of the Austrian Succession and the Seven Years War the Enlightenment the Agricultural Revolution the American Revolution the Industrial Revolution the Slave Trade and the French Revolution Each of the ten events is dealt with in a separate chapter Designed for students this unique format features an introductory essay that presents the facts followed by an interpretive essay that places the event in a broader context and promotes student analysis The introductory essay provides factual material about the event in a clear concise and chronological manner that makes complex history understandable The interpretive essay written by a recognized authority in the field in a style designed to appeal to general readership explores the short term and far reaching ramifications of the event An annotated bibliography

identifies the most important recent scholarship about each event A full page illustration complements the narrative for each event Three useful appendices include a glossary of names events and terms a timeline of important events in 18th century world history and a listing of ruling houses and dynasties of 18th century Europe This work is an ideal addition to the high school community college and undergraduate reference shelf as well as excellent supplementary reading for social studies and world history courses

Seventeenth-Century Europe Thomas Munck, 2017-03-16 This thematically organised text provides a compelling introduction and guide to the key problems and issues of this highly controversial century Offering a genuinely comparative history Thomas Munck adeptly balances Eastern and Southern Europe Scandinavia and the Ottoman Empire against the better known history of France the British Isles and Spain Seventeenth Century Europe gives full prominence to the political context of the period arguing that the Thirty Years War is vital to understanding the social and political developments of the early modern period provides detailed coverage of the debates surrounding the general crisis absolutism and the growth of the state and the implications these had for townspeople the peasantry and the poor examines changes in economic orientation within Europe as well as continuity and change in mental and cultural traditions at different social levels Now fully revised this second edition of a well established and approachable synthesis features important new material on the Ottomans Christian Moslem contacts and on the role of women The text has also been thoroughly updated to take account of recent research This is a fully revised edition of a well established synthesis of the period from the Thirty Years War to the consolidation of absolute monarchy and the landowning society of the ancien r gime Thematically organised the book covers all of Europe from Britain and Scandinavia to Spain and Eastern Europe Important new material has been added on the Ottomans on Christian Moslem contacts and on the role of women and the text has been thoroughly updated to take account of recent research

A History of Russian Theatre Robert Leach, Victor Borovsky, 1999-11-29 A comprehensive history of Russian theatre written by an international team of experts

The Modernisation of Russia, 1676-1825 Simon Dixon, 1999-07-29 This is the first book to place Russia s long eighteenth century squarely in its European context The conceptual framework is set out in an opening critique of modernisation which while rejecting its linear implications maintains its focus on the relationship between government economy and society Following a chronological introduction a series of thematic chapters covering topics such as finance and taxation society government and politics culture ideology and economy emphasise the ways in which Russia s international ambitions as an emerging great power provoked administrative and fiscal reforms with wide ranging and often unanticipated social consequences This thematic analysis allows Simon Dixon to demonstrate that the more the tsars tried to modernise their state the more backward their empire became A chronology and critical bibliography are also provided to allow students to discover more about this colourful period of Russian history

Russia and the Wider World in Historical Perspective C. Brennan, M. Frame, 2000-03-01 This new collection of original essays by leading academics explores major issues in Russia s relations

with the wider world since the seventeenth century The emphasis is not on Russian foreign policy per se but on the different levels of interaction between Russia its immediate neighbours and the wider global community including cultural political and economic relations The book has been produced in honour of the distinguished historian Professor Paul Dukes

A History of Beekeeping and the Honeybee in Contested Eastern European Landscapes Catherine B. Clay, 2024-12-21 A History of Beekeeping and the Honeybee in Contested Eastern European Landscapes Empires of the Bee traces the material cultural dynamics of the honeybee and beekeeping from prehistory to the present through Kievan Rus the Novgorod Republic Muscovy Imperial Russia the Soviet Union and the Russian Federation Interweaving environmental social economic and cultural history this book explores the meaning and experience of beekeeping in the longue duree to its public history in Russian museums today Although eclipsed by momentous events and developments in Russia s history the humble honeybee is fundamental to the history and culture of this region

Red Fortress Catherine Merridale, 2025-10-16 A magisterial richly detailed history of the Kremlin and of the centuries of Russian elites who have shaped it and been shaped by it in turn The Moscow Kremlin is the heart of the Russian state a fortress whose blood red walls have witnessed more than eight hundred years of political drama and extraordinary violence It has been the seat of a priestly monarchy a worldly church and the Soviet Union it has served as a crossroads for diplomacy trade and espionage it has survived earthquakes devastating fires and at least three revolutions Its very name is a byword for enduring power From Ivan the Terrible to Vladimir Putin generations of Russian leaders have sought to use the Kremlin to legitimize their vision of statehood Drawing on a dazzling array of sources from hitherto unseen archives and rare collections renowned historian Catherine Merridale traces the full history of this enigmatic fortress The Kremlin has inspired innumerable myths but no invented tales could be more dramatic than the operatic successions and savage betrayals that took place within its vast compound of palaces and cathedrals Today its sumptuous golden crosses and huge electric red stars blaze side by side as the Kremlin fulfills its centuries old role linking the country s recent history to its distant past and proclaiming the eternal continuity of the Russian state More than an absorbing history of Russia s most famous landmark Red Fortress uses the Kremlin as a unique lens bringing into focus the evolution of Russia s culture and the meaning of its politics

Europe in the Eighteenth Century 1713-1789 M.S. Anderson, 2014-07-22 For 1st and 2nd year undergraduate courses in Modern European History in departments of history Also higher level courses on enlightenment This book provides a wide ranging account and discussion of the history of Europe from 1713 1789 As well as political events problems and institutions it looks at the economic life of the continent social structures and problems and intellectual and religious life It also covers all aspects of Europe s relations with the rest of the world during a key period in European history

Ukraine and Russia Serhii Plokhy, 2008-04-05 The question of where Russian history ends and Ukrainian history begins has not yet received a satisfactory answer Generations of historians referred to Kyiv the capital of Ukraine as the starting point of the Muscovite dynasty the Russian state and ultimately the

Russian nation However the history of Kyiv and that of the Scythians of the Northern Black Sea region have also been claimed by Ukrainian historians and are now regarded as integral parts of the history of Ukraine If these are actually the beginnings of Ukrainian history when does Russian history start In Ukraine and Russia Serhii Plokhy discusses many questions fundamental to the formation of modern Russian and Ukrainian historical identity He investigates the critical role of history in the development of modern national identities and offers historical and cultural insight into the current state of relations between the two nations Plokhy shows how history has been constructed used and misused in order to justify the existence of imperial and modern national projects and how those projects have influenced the interpretation of history in Russia and Ukraine This book makes important assertions not only about the conflicts and negotiations inherent to opposing historiographic traditions but about ways of overcoming the limitations imposed by those traditions [A History Of Russia Volume 2](#) Walter G. Moss,2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world [European War and Diplomacy, 1337-1815](#) William Young,2003-10 The history of international relations and warfare of early modern Europe has gained popularity in recent years This bibliography provides a valuable listing of books dissertations and journal articles in the English language for scholars and general readers interested in diplomatic relations and warfare from the Hundred Years War to the Napoleonic Wars **Ottoman Wars, 1700-1870** Virginia Aksan,2014-01-14 The Ottoman Empire had reached the peak of its power presenting a very real threat to Western Christendom when in 1683 it suffered its first major defeat at the Siege of Vienna Tracing the empire s conflicts of the next two centuries The Ottoman Wars An Empire Besieged examines the social transformation of the Ottoman military system in an era of global imperialism Spanning more than a century of conflict the book considers challenges the Ottoman government faced from both neighbouring Catholic Habsburg Austria and Orthodox Romanov Russia as well as arguably more importantly from military intellectual and religious groups within the empire Using close analysis of select campaigns Virginia Aksan first discusses the Ottoman Empire s changing internal military context before addressing the modernized regimental organisation under Sultan Mahmud II after 1826 Featuring illustrations and maps many of which have never been published before The Ottoman Wars draws on previously untapped source material to provide an original and compelling account of an empire near financial and societal collapse and the successes and failures of a military system under siege The book is a fascinating study of the decline of an international power raising questions about the influence of culture on warfare [The Mathematical Mind of F. M. Dostoevsky](#) Michael Marsh-Soloway,2024-11-19 The Mathematical Mind of F M Dostoevsky Imaginary Numbers Non Euclidean Geometry and Infinity reconstructs the curriculum and readings that F M

Dostoevsky encountered during his studies and connects such sources to the mathematical references and themes in his published works Prior to becoming a man of letters Dostoevsky studied at the Main Engineering School in St Petersburg from 1838 to 1843 After he was arrested submitted to mock execution by firing squad and sentenced to penal servitude in Siberia for his involvement in the revolutionary Petrashevsky Circle in 1849 most of his books and journals from the period of his education were confiscated and destroyed by the Third Section of the Russian Secret Police Although most scholars discount the legacy of his engineering studies the literary aesthetics of his works communicate an acute awareness of mathematical principles and debates This book unearths subtexts in works by Dostoevsky communicating veins of mathematical thought that evolved throughout Classical Antiquity the Renaissance and the Scientific Revolution

English Trade and Adventure to Russia in the Early Modern Era Maria Salomon Arel, 2019-04-25 In *English Trade and Adventure to Russia in the Early Modern Era* Maria Salomon Arel revisits Anglo Russian trade in first half of the seventeenth century Drawing on largely neglected Russian and English sources she reconstructs the history of the Muscovy Company in a period of expanding opportunities for foreigners in Russia and of tightening links between regional markets across the globe In her strongly revisionist telling the Company successfully rebuilt in the aftermath of the devastating Time of Troubles securing its uniquely privileged position in the Russian market at the hands of a newly installed tsar and Romanov dynasty keen to revive the country's decimated economy through the stimulus of foreign trade Meanwhile on the London end of a trade clearly deemed relevant to commercial and shipping interests increasingly dependent on Russian naval stores and invested in the Russian re-export trades to and from the Mediterranean and Asia the Company restructured its organization and finances with crucial royal support in furtherance of the public good and early Stuart dynastic honor As Arel documents by the 1630s 40s English trade to Russia was flourishing as seen in the growing number of Muscovy Company men active all along the Moscow Archangel route their substantial commercial infrastructure extensive supply networks among a broad swath of Russian merchants and traders and prominent role in the exploitation of monopoly trades established to fill the tsar's coffers with specie The picture drawn by Arel overturns a traditional narrative on the Russia trade that has relegated the English to the shadows demonstrating the tenacity and continued development of their enterprise at the intersection of English commercial expansion Russian economic growth and advancing globalization processes Taking the narrative even further the book opens up new perspectives and research directions by pointing to an incipient link between the Russian and transatlantic markets while shifting the lens on the Anglo Dutch relationship in the Russia trade away from the time worn dichotomy of cutthroat competition to a more nuanced understanding of mutual cooperation and business association between merchants on the ground even in the face of commercial and territorial competition between nations

World History Steven Wallech, Touraj Daryaee, Craig Hendricks, Anne Lynne Negus, Peter P. Wan, Gordon Morris Bakken, 2013-01-22 *World History A Concise Thematic Analysis* presents the highly anticipated second edition of the most affordable and accessible survey of world

history designed for use at the college level This text offers a comparative analysis of great civilizations of Eurasia Africa and the Americas in an engaging narrative that contextualizes history instead of drowning students in a sea of facts Themes addressed include population dynamics food production challenges disease history warfare and others Instructor resources are available online for this text This new edition of World History A Concise Thematic Analysis features a newly designed interior organization to enhance navigation and comprehension of the material An instructors test bank is available online

Russia and Courtly Europe Jan Hennings, 2016-10-27 This book explores diplomacy and ritual practice at a moment of new departures and change in both early modern Europe and Russia

Whispering the Strategies of Language: An Psychological Journey through **Making Of Russian Absolutism 1613 1801**
