The Making of English Popular Culture John Storey, 2016-05-20 The Making of English Popular Culture provides an account of the making of popular culture in the nineteenth century While a form of what we might describe as popular culture existed before this period John Storey has assembled a collection that demonstrates how what we now think of as popular culture first emerged as a result of the enormous changes that accompanied the industrial revolution Particularly significant are the technological changes that made the production of new forms of culture possible and the concentration of people in urban areas that created significant audiences for this new culture Consisting of fourteen original chapters that cover diverse topics ranging from seaside holidays and the invention of Christmas tradition to advertising music and popular fiction the collection aims to enhance our understanding of the relationship between culture and power as explored through areas such as race ethnicity class sexuality and gender It also aims to encourage within cultural studies a renewed historical sense when engaging critically with popular culture by exploring the historical conditions surrounding the existence of popular texts and practices Written in a highly accessible style The Making of English Popular Culture is an ideal text for undergraduates studying cultural and media studies literary studies cultural history and visual culture

[A Cultural History of Twin Beds](#) Hilary Hinds, 2020-05-11 A Cultural History of Twin Beds challenges our most ingrained assumptions about intimacy sexuality domesticity and hygiene by tracing the rise and fall of twin beds as a popular sleeping arrangement for married couples between 1870 and 1970 Modern preconceptions of the twin bed revolve around their use by couples who have no desire to

sleep in the same bed space Yet for the best part of a century twin beds were not only seen as acceptable but were championed as the sign of a modern and forward thinking couple But what lay behind this innovation And why did so many married couples ultimately abandon the twin bed In this book Hilary Hinds presents a fascinating insight into the combination of beliefs and practices that made twin beds an ideal sleeping solution Using nuanced close readings of marriage guidance and medical advice books furnishing catalogues novels films and newspapers this volume offers an accessible and rigorous account of the curious history of twin beds This is vital reading for those with an interest in cultural history sociology anthropology and psychology Family Fortunes Leonore Davidoff, Catherine Hall, 2013-04-15 *Family Fortunes* has become a seminal text in class and gender history Published to wide critical acclaim in 1987 its influence in the field continues to be extensive It has cast new light on the perception of middle class society and gender relations between 1780 and 1850 This revised edition contains a substantial new introduction placing the original survey in its historiographical context Leonore Davidoff and Catherine Hall evaluate the readings their text has received and broaden their study by taking into account recent developments and shifts in the field They apply current perceptions of history to their original project and see new motives and meanings emerge that reinforce their argument *Search for a New Eden* J. E. M. Latham, 1999 Alcott returned to New England with two of Greaves followers and with his family and Charles Lane set up the short lived experiment in communal living Fruitlands Alcott House meanwhile suffered from internal conflict and the community expired in 1848 **BOOK JACKET *Nineteenth-Century British Literature Then and Now* Simon Dentith, 2016-05-06** Envisioning today's readers as poised between an impossible attempt to read texts as their original readers experienced them and an awareness of our own temporal moment Simon Dentith complicates traditional prejudices against hindsight to approach issues of interpretation and historicity in nineteenth century literature Suggesting that the characteristic aesthetic attitude encouraged by the backward look is one of irony rather than remorse or regret he examines works by Charles Dickens George Eliot Anthony Trollope William Morris and John Ruskin in terms of their participation in significant histories that extend to this day Liberalism class gender political representation and notions of progress utopianism and ecological concern as currently understood can be traced back to the nineteenth century Just as today's critics strive to respect the authenticity of nineteenth century writers and readers who responded to these ideas within their historical world so too do those nineteenth century imaginings persist to challenge the assumptions of the present It is therefore possible Dentith argues to conceive of the act of reading historical literature with an awareness of the historical context and of the difference between the past and the present while allowing that friction or difference to be part of how we think about a text and how it communicates His book summons us to consider how words travel to the reality of the reader's own time and how engagement with nineteenth century writers anticipation of the judgements of future generations reveal hindsight's capacity to transform our understanding of the past in the light of subsequent knowledge ***Butterfly's Sisters* Yoko**

Kawaguchi,2010-11-30 In this fascinating and wide ranging book Yoko Kawaguchi explores the Western portrayal of Japanese women and geishas in particular from the mid nineteenth century to the present day She argues that in the West Japanese women have come to embody certain ideas about feminine sexuality and she analyzes how these ideas have been expressed in diverse art forms ranging from fiction and opera to the visual arts and music videos Among the many works Kawaguchi discusses are the art criticism of Baudelaire and Huysmans the opera *Madama Butterfly* the sculptures of Rodin the Broadway play *Teahouse of the August Moon* and the international best seller *Memoirs of a Geisha* *Butterfly's Sisters* also examines the impact on early twentieth century theatre drama and dance theory of the performance styles of the actresses Madame Hanako and Sadayakko both formerly geishas *Birth Control, Sex, and Marriage in Britain 1918-1960* Kate Fisher,2006-07-13 The first half of the twentieth century witnessed a revolution in contraceptive behaviour as the large Victorian family disappeared This book offers a new perspective on the gender relations sexual attitudes and contraceptive practices that accompanied the emergence of the smaller family in modern Britain Kate Fisher draws on a range of first hand evidence including over 190 oral history interviews in which individuals born between 1900 and 1930 described their marriages and sexual relationships By using individual testimony she challenges many of the key conditions that have long been envisaged by demographic and historical scholars as necessary for any significant reduction in average family size to take place Dr Fisher demonstrates that a massive expansion in birth control took place in a society in which sexual ignorance was widespread that effective family limitation was achieved without the mass adoption of new contraceptive technologies that traditional methods such as withdrawal abstinence and abortion were often seen as preferable to modern appliances such as condoms and caps that communication between spouses was not key to the systematic adoption of contraception and above all that women were not necessarily the driving force behind the attempt to avoid pregnancy Women frequently avoided involvement in family planning decisions and practices whereas the vast majority of men in Britain from the interwar period onward viewed the regular use of birth control as a masculine duty and obligation By allowing this generation to speak for themselves Kate Fisher produces a richer understanding of the often startling social attitudes and complex conjugal dynamics that lay behind the vast changes in contraceptive behaviour and family size in the twentieth century

of a European settler farmer in 1955 The victim Harold M Stuchbery was speared to death when he attempted to arrest a group of Maasai young men who were passing through his farm The event highlighted the differences in the concepts of justice held by Maasai and the imported justice systems from the colonizers It also raised vexing questions about the colonial judges acquittal of Oldus Elishira while the Maasai who should have been satisfied with that decision decided to take it upon themselves to mete out an appropriate punishment to Elshira instead of total acquittal and to compensate Mrs Stuchbery for the death of her husband by giving her a number of heads of cattle
