Making Of The Modern Age:

Day of Empire Amy Chua,2009-01-06 In this sweeping history bestselling author Amy Chua explains how globally dominant empires or hyperpowers rise and why they fall In a series of brilliant chapter length studies she examines the most powerful cultures in history from the ancient empires of Persia and China to the recent global empires of England and the United States and reveals the reasons behind their success as well as the roots of their ultimate demise Chua s analysis uncovers a fascinating historical pattern while policies of tolerance and assimilation toward conquered peoples are essential for an empire to succeed the multicultural society that results introduces new tensions and instabilities threatening to pull the empire apart from within What this means for the United States uncertain future is the subject of Chua s provocative and surprising conclusion

A Companion to World History Douglas Northrop,2012-08-07 A COMPANION TOWORLD HISTORY This new volume offers insightful reflections by both leading and emerging world historians on approaches methodologies arguments and pedagogies of a sub discipline that has continued to be in flux as well as in need of defining itself as a relevant alternative to the traditional national regional or chronological fields of inquiry Choice The focus on the practicalities of how to do world history probably gives it its edge Its thirty three chapters are grouped into sections that address how to set up research projects in world history how to teach it how to get jobs in it how to frame it and how it is done in various parts of the globe It is an actual handbook in other words as opposed to a sample of exemplary work English Historical Review A Companion to World History offers a comprehensive overview of the variety of approaches and practices utilized in the field of world and global history This state of the art collection of more than 30 insightful essays including contributions from an international cast of leading world historians and emerging scholars in the field identifies continuing areas of contention disagreement and divergence while pointing out fruitful directions for further discussion and research Themes and topics explored include the lineages and trajectories of world history key ideas and methods employed by world historians the teaching of world history and how it draws upon and challenges traditional approaches and global approaches to writing world history By considering these interwoven issues of scholarship and pedagogy from a transnational interregional and world global scale fresh insights are gained and new challenges posed With its rich compendium of diverse viewpoints A Companion to World History is an essential resource for the study of the world s past

The Art of World-Making Harry Gould,2017-06-26 On its face The Art of World Making focuses on honouring the career of Nicholas Greenwood Onuf and his contributions to the study of international relations of equal importance however while using Onuf s work as their touchstone the contributions to this volume range widely across IR theory making important interventions in some of the most important topics in the field today The volume considers the place of Constructivism and Republicanism in the field of international relations and the contestation that accompanies the question of their place in the

field asking What explains the dominance of some forms of Constructivism and the relative lack of influence of other forms What can rule oriented Constructivism the focus here provide our field that other forms of Constructivism have been unable to Into what new and productive directions can Constructivism be taken What are its gaps and what are the resources to remedy those gaps What can Republicanism tell us about ongoing issues in international law global governance liberalism and crisis Drawing together essays from some of the leading scholars in the field space is given after each chapter for a detailed and highly personal response piece to each contribution written by Onuf This unique volume will be essential reading for students and scholars of international relations Making Places in the Prehistoric World Joanna Bruck,Melissa Goodman,2012-10-12 This groundbreaking volume addresses issues central to the study of prehistoric settlement including group memory the transmission of ideology and the impact of mobility and seasonality on the construction of social identity Building on these themes the contributors point to new ways of understanding the relationship between settlement and landscape by replacing Capitalist models of spatial relations with more intimate histories of place *The Making of T.S. Eliot* Joseph Maddrey,2009-05-13 This chronological survey of major influences on T S Eliot s worldview covers the poet s spiritual and intellectual evolution in stages by trying to see the world as Eliot did It examines his childhood influences as well as the literary influences that inspired him to write his earliest poetry his life as an American expatriate living in London from 1915 to 1930 including his ill fated marriage and his intellectual engagement with the literary traditions of his new country and the ways in which his intellectual pursuits fostered a spiritual rebirth that simultaneously reflected his past and revealed his future demonstrating how the early Romantic revolutionary became a staunch defender of tradition *Making Global and Local Connections* Tapio Bergholm,Lewis R. Fischer,M. Elisabetta Tonizzi,International Maritime Economic History Association,2007 This book provides a series of case studies concerning ports and port communities from around the world in attempt to determine the impact of globalisation on the port industry and the link between local and global port conditions It also presents the case for the absolute necessity of ports and port systems to trade and industry on a global scale The book is comprised of ten essays the first six of which concern local issues in a rapid globalising industry The second section contains the remaining four essays which consider port systems from national perspectives *Make Time* Jake Knapp,John Zeratsky,2018-09-25 From the New York Times bestselling authors of Sprint comes a unique and engaging read about a proven habit framework that readers can apply to each day Insider Best Books to Form New Habits If you want to achieve more without going nuts read this book Charles Duhigg author of The Power of Habit Nobody ever looked at an empty calendar and said The best way to spend this time is by cramming it full of meetings or got to work in the morning and thought Today I ll spend hours on Facebook Yet that s exactly what we do Why In a world where information refreshes endlessly and the workday feels like a race to react to other people s priorities faster frazzled and distracted has become our default position But what if the exhaustion of constant busyness wasn t mandatory What if you could step off the hamster

wheel and start taking control of your time and attention That s what this book is about As creators of Google Ventures renowned design sprint Jake and John have helped hundreds of teams solve important problems by changing how they work Building on the success of these sprints and their experience designing ubiquitous tech products from Gmail to YouTube they spent years experimenting with their own habits and routines looking for ways to help people optimize their energy focus and time Now they ve packaged the most effective tactics into a four step daily framework that anyone can use to systematically design their days Make Time is not a one size fits all formula Instead it offers a customizable menu of bite size tips and strategies that can be tailored to individual habits and lifestyles Make Time isn t about productivity or checking off more to dos Nor does it propose unrealistic solutions like throwing out your smartphone or swearing off social media Making time isn t about radically overhauling your lifestyle it s about making small shifts in your environment to liberate yourself from constant busyness and distraction A must read for anyone who has ever thought If only there were more hours in the day Make Time will help you stop passively reacting to the demands of the modern world and start intentionally making time for the things that matter

Making the Familiar Unfamiliar Zygmunt Bauman, Peter Haffner, 2020-10-28 Shortly before his death Zygmunt Bauman spent several days in conversation with the Swiss journalist Peter Haffner Out of these conversations emerged this book in which Bauman shows himself to be the pre eminent social thinker for which he became world renowned a thinker who never shied away from addressing the great issues of our time and always strove to interrogate received wisdom and common sense to make the familiar unfamiliar As in Bauman s work more generally the personal and the political are interwoven in this book Bauman s life which followed the same trajectory as the social and political upheavals of the 20th century left its trace on his thought Bauman describes his upbringing in Poland military service in the Red Army working for the Polish Secret Service after the war and expulsion from Poland in 1968 providing personal accounts of the historical events on which he brings his social and political insights to bear His reflections on history identity Jewishness morality happiness and love are rooted in his own personal journey through the turbulent events of the 20th century to which he bore witness These last conversations shed new light on one of the greatest social thinkers of our time offering a more personal perspective on a man who changed our way of thinking about the modern world

Handbook of Medieval Studies Albrecht Classen, 2010-11-29 This interdisciplinary handbook provides extensive information about research in medieval studies and its most important results over the last decades The handbook is a reference work which enables the readers to quickly and purposely gain insight into the important research discussions and to inform themselves about the current status of research in the field The handbook consists of four parts The first large section offers articles on all of the main disciplines and discussions of the field The second section presents articles on the key concepts of modern medieval studies and the debates therein The third section is a lexicon of the most important text genres of the Middle Ages The fourth section provides an international bio bibliographical lexicon of the most prominent medievalists in all disciplines A

comprehensive bibliography rounds off the compendium The result is a reference work which exhaustively documents the current status of research in medieval studies and brings the disciplines and experts of the field together **Act Your Age!** Nancy Lesko,2012-03-15 Are our current ways of talking about the problem of adolescence really that different than those of past generations For the past decade Act Your Age has provided a provocative and now classic analysis of the accepted ways of viewing teens By employing a groundbreaking history of the present methodology that resists traditional chronology author Nancy Lesko analyzes both historical and present social and political factors that produce the presumed natural adolescent This resulting seminal work in the field of youth study forces readers to rethink the dominant interpretations on the social construction of adolescence from the 19th century through the present day This new edition is updated throughout and includes a full new chapter on 1950s era assumptions about adolescence and the corresponding connections to teens today As in all chapters Lesko provides careful examination of the concerns of nationalism sexuality and social order in terms of how they are projected onto the definitions of adolescents in the media in schools and in the home **Fourth Estate**,1926 **The Truth Will Make You Free** Robert F. Leavitt,2019-02-07 2020 Association of Catholic Publishers first place award in theology The available literature on the new evangelization is wide ranging and focused on issues of ecclesial renewal In The Truth Will Make You Free Fr Robert Leavitt adopts a different approach to the subject From Paul VI until Pope Francis the nature and challenges of modern secularism have become a recurring factor in the agenda of the new evangelization yet often without historical perspective and philosophical balance Few popular works bother to examine in such depth and scope as this book does what the history nature and implications of the secular age are for revitalizing ministry in an age of optional belief Written for the interested layperson seminarian theology student and pastor The Truth Will Make You Free is an indispensable catechism for rethinking our understanding of the secular world in proclaiming the Gospel of Christ **Making Sense of Society** Alex Khasnabish,2022-05-30T00:00:00Z Grounded in the sister disciplines of sociology and anthropology this textbook is an accessible and critical introduction to contemporary social research Alex Khasnabish eschews the common disciplinary silos in favour of an integrated approach to understanding and practising critical social research Situated in the North American context the text draws on cross cultural examples to give readers a clear sense of the diversity in human social relations It is organized thematically in a way that introduces readers to the core areas of social research and social organization and takes an unapologetically radical approach in identifying the relations of oppression and exploitation that give rise to what most corporate textbooks euphemistically identify as social problems Focusing on key dynamics and processes at the heart of so many contemporary issues and public conversations this text highlights the ways in which critical social research can contribute to exploring understanding and forging alternatives to an increasingly bankrupt violent unstable and unjust status quo **Crossroads and Cultures, Volume II: Since 1300** Bonnie G. Social Democracy in the Making Gary Dorrien,2019-04-23 An expansive and ambitious intellectual history of democratic socialism from one of the world s leading intellectual historians and social ethicists The fallout from twenty years of neoliberal economic globalism has sparked a surge of interest in the old idea of democratic socialism a democracy in which the people control the economy and government no group dominates any other and every citizen is free equal and included With a focus on the intertwined legacies of Christian socialism and Social Democratic politics in Britain and Germany this book traces the story of democratic socialism from its birth in the nineteenth century through the mid 1960s Examining the tenets on which the movement was founded and how it adapted to different cultural religious and economic contexts from its beginnings through the social and political traumas of the twentieth century Gary Dorrien reminds us that Christian socialism paved the way for all liberation theologies that make the struggles of oppressed peoples the subject of redemption He argues for a decentralized economic democracy and anti imperial internationalism

The Immanence of the Infinite Elizabeth Brient,2002 Most scholars would agree that there is an epochal threshold between the world of the Middle Ages and the modern world Agreement on the nature and dynamic structure of that threshold is harder to come by Hans Blumenberg s original and compelling account of the transition from medieval to modern given in his 1966 work *The Legitimacy of the Modern Age* has received wide attention Elizabeth Brient begins her own account of the transition with an extensive critical assessment of central aspects of Blumenberg s work She elucidates his dialogical method of historical explanation then discusses the shortcomings of his defense of the legitimacy of modernity The transition to the modern world is marked by the process of making infinite the finite medieval cosmos Whereas Blumenberg focused on the spatial infinitization of the universe Brient claims that the process must be understood intensively as well as extensively In the now infinite universe of the new science the problem of finding a measure for man s self assertive activity and for human knowledge comes to the fore The second half of the book focuses on the way in which this difficulty is addressed with conceptual resources developed in the tradition of late medieval Neoplatonism in particular in the speculative thought of Meister Eckart and Nicholas of Cusa Specific attention is given to the way in which Cusanus notion of the immanence of the infinite in the finite responds to the need for a regulative ideal for human knowing This is the first book length treatment of Blumenberg to appear in English and will be a most welcome resource for readers engaged by debates concerning the status of modernity It will be of equal interest to students of Eckhart and Cusanus and to those

generally concerned with the transition between the medieval and the modern world ABOUT THE AUTHOR Elizabeth Brient is Assistant Professor of philosophy at The University of Georgia PRAISE FOR THE BOOK Blumenberg could not have wished for a more reverent critique of his achievements or a more exacting textual exegesis regarding the sources of their philosophical content all written in a lucid style that is forthright in the defense of the depth of thought during the Middle Ages but also pleasing in its subtle irony with respect to Blumenberg s and the author s own metaphysical creed Walter F Veit Speculum Brient s analysis of Blumenberg s philosophy sheds significant light in the debate concerning modernity Albrecht Classen University of Arizona German Studies Review The Making of Buddhist Modernism David L.

McMahan,2008-11-14 A great deal of Buddhist literature and scholarly writing about Buddhism of the past 150 years reflects and indeed constructs a historically unique modern Buddhism even while purporting to represent ancient tradition timeless teaching or the essentials of Buddhism This literature Asian as well as Western weaves together the strands of different traditions to create a novel hybrid that brings Buddhism into alignment with many of the ideologies and sensibilities of the post Enlightenment West In this book David McMahan charts the development of this Buddhist modernism McMahan examines and analyzes a wide range of popular and scholarly writings produced by Buddhists around the globe He focuses on ideological and imaginative encounters between Buddhism and modernity for example in the realms of science mythology literature art psychology and religious pluralism He shows how certain themes cut across cultural and geographical contexts and how this form of Buddhism has been created by multiple agents in a variety of times and places His position is critical but empathetic while he presents Buddhist modernism as a construction of numerous parties with varying interests he does not reduce it to a mistake a misrepresentation or fabrication Rather he presents it as a complex historical process constituted by a variety of responses sometimes trivial often profound to some of the most important concerns of the modern era
