Abasciano, 2022-07-14 Brian Abasciano continues his project examining the use of the Old Testament in Romans 9 building upon his previous two volumes and their intertextual methodology This method incorporates into a thorough traditional exegesis a comprehensive analysis of Paul's use of Scripture against the background of interpretive traditions surrounding the texts alluded to with great emphasis placed on analyzing the original contexts of Paul's citations and allusions Such an intertextual exegesis is conducted in Romans 9:19-24 with an awareness of the broader unit of chapters 9-11 especially and also the epistle as a whole Conclusions for the meaning

of these passages and their theological significance are drawn Sacred House Alan Andraeas,2019-10-01 While the House Church Movement is gaining immense popularity throughout many denominational and independent faith communities collectively standing as the largest denomination in the United States sacramental and liturgical congregations are taking only the most tentative steps toward this venue of worship Consequently there exists a vacuum of guidelines or information to support this dynamic ministry model from a uniquely sacramental perspective In this book Dr Andraeas examines the scriptural foundations for liturgical worship the biblical theological and historical precedents for house churches and how a union between priestly liturgy and house church worship complement and support each other He concludes with a vigorous challenge for all sacramental and liturgical jurisdictions to engage their seminarians clergy and people in embracing this approach to church planting evangelism and community ministry while offering thoughtful and obtainable recommendations **God's Relational Presence** J. Fringer, 2019-02-28 Paul's Christophany i.e. his Damascus Road Experience has been the subject of much scholarly analysis However treatments of this phenomenon while widely varied have tended to extract the various references from their literary contexts in order to reconstruct the event to discover the foundations and content of Paul's Christology or to analyze Paul's experience of conversion and or call The current study focused on the undisputed Pauline epistles evaluates how and why Paul employed the various Christophanic references in their particular literary and sociohistorical contexts Through this assessment the importance of Paul's Christophanic references as part of his larger arguments is established It is shown how Paul uniquely shapes the various Christophanic references to fit the needs of his argument and through it the needs of each community Furthermore this study demonstrates that Paul's Christophanic references do not primarily establish his apostolic status or assert his apostolic authority Through this study the corporate nature of Paul's Christophanic references becomes increasingly evident and multiple general conclusions are drawn which provide a possible glimpse into Paul's understanding of his Christophanic experience The New Testament Donald A. Hagner, 2012-11-15 This capstone work from widely respected senior evangelical scholar Donald Hagner offers a substantial introduction to the New Testament Hagner deals with the New Testament both historically and theologically employing the framework of salvation history He treats the New

Testament as a coherent body of texts and stresses the unity of the New Testament without neglecting its variety. Although the volume covers typical questions of introduction such as author, date, background, and sources, it focuses primarily on understanding the theological content and meaning of the texts, putting students in a position to understand the origins of Christianity and its canonical writings. Throughout, Hagner delivers balanced conclusions in conversation with classic and current scholarship. The book includes summary tables, diagrams, maps, and extensive bibliographies.

Trajectories in the Book of Acts April Alexander, Jordan Daniel May, Robert G. Reid, 2010-01-08 The book of Acts has served as the foundational biblical text for the development of Pentecostal theology and biblical studies since the outpouring of the Spirit at the Azusa Street Revival in 1906. Now over one hundred years have past since the Azusa Street Revival, and the book of Acts is still at the forefront of the Pentecostal dialogue. *Trajectories in Acts* draws together the work of leading Pentecostal scholars, each bringing their expertise to bear in tracing and developing trajectories in Acts. These essays have been brought together as a Festschrift in order to celebrate the influence, scholarship, and teaching career of John Wesley Wyckoff, a noted figure in the Assemblies of God and a known voice in the Pentecostal dialogue.
