company with a paragraph telling the client that he is going to be contacted by somebody in the next 12 24 hours and thank you for getting in touch with us The mail of course has a do not reply address on top You may think that this is a pretty nifty and modern way of tracking your correspondence but in many parts of the world where business dealings and environments are still pretty old fashioned a well written letter is quite impressive especially when the receiver makes his first impression on your correspondence especially when it is a first time letter to his company I remember way back in 87 when I was at university in a comparatively small town and went to the market to buy some handmade traditional shoes for which that particular town was famous all over the country They did not speaking English there      Subject Guide to Books in Print ,1997      *The Cumulative Book Index* ,1998 A world list of books in the English language      **Oxford Portuguese Dictionary** ,2015 The Oxford Portuguese Dictionary is an authoritative English Portuguese Portuguese English dictionary Based on real modern evidence and computational analysis of hundreds of millions of words of both English American and British and Portuguese Brazilian and European the dictionary boasts more than 200 000 words and phrases and 320 000 translations      Books in Print Supplement ,2002      Book Review Index ,2003 Vols 8 10 of the 1965 1984 master cumulation constitute a title index      **General Linguistics** ,1996
