Postcards From World War II:

Propaganda Postcards of World War II Ron Menchine, 2000 Here's World War II as it has never been seen before The propaganda of the war years reflects the mood of the nations involved The stories behind propaganda postcards are fascinating bits of history often overlooked in textbooks These are the real thing showing how the Axis and Allies demonized their enemies and glorified their heroes More than 300 postcards from over 20 nations and Menchine's incisive commentary provide a provocative glimpse into the emotional climate of the peoples affected by the war whether they were on the battlefield or on the production line *Postcard Memories from World War II* John F. Schlatter, 2012-10-21 During World War II American soldiers used postcards to keep in touch with loved ones Seven decades later many of those cards gather dust in antique stores or are sold on eBay The author began collecting such cards in 2003 One day he realized that these cards were priceless mementos for the soldiers' families Using resources of the National Archives Ancestry.com and FindAGrave.com he began locating the soldiers or their families and returning the postcards to them free of charge This book chronicles the author's quest to return these keepsakes and tells the inspiring stories of the men and women who wrote the postcards The stories are as varied as the people who served in WWII A sailor sent his wife in Connecticut a humorous greeting on their anniversary She kept the card and other mementos after the war but it was lost in a flood in 1955 In 2012 the card showed up on eBay The author bought it tracked down the wife now a widow in Florida and returned the card to her nearly 70 years after she first received it A soldier sent a postcard to his little sister in Nebraska apologizing because he forgot to send her chewing gum The author returned the card to the little sister now 80 years old and a great grandmother A young woman wrote a postcard to her soldier boyfriend recalling their tearful farewell at New York's Penn Station Their wartime marriage lasted 64 years They have passed away and are buried side by side in the California wine country A young pilot from Maryland wrote a postcard to his little sister He was later killed in the Battle of the Bulge The author found the card on eBay and returned it to one of his relatives Just months before his death the pilot married a Welsh girl The family still searches for his beautiful war bride who visited his parents in 1946 then disappeared Two Army lieutenants from North Dakota became friends while attending Officer Candidate School When the wife of one of the men gave birth to a son in 1943 the other wrote a letter from North Africa welcoming the child to this complex world The letter writer went on to be a noted journalist The baby boy is now a retired Los Angeles police officer The author returned the letter to him A man from Pennsylvania sent a card to his future wife's family He became a B-24 tail gunner was shot down over German territory and threatened with execution after being captured by the enemy The author returned the postcard to him just weeks before he passed away A soldier from Michigan sent his bride a postcard full of loving thoughts He had only a fleeting time with her before shipping off to Europe where he was killed in action in the closing days of the war The author returned the card to his sister who told how the family learned of his death the day before Germany surrendered Until being contacted for this book

she didn't know where her brother was buried Another soldier from Michigan sent a postcard to his cousin The card led to the story of two brothers killed in the war their courageous double gold star mother and the nephews who bear their names As the ranks of the Greatest Generation dwindle two of the men who wrote these postcards passed away just before this book was published these are the stories of ordinary Americans who were called on to do extraordinary things and the families who still honor their memory after all these years **Flashback Postcards (World War I & World War II).**

Postcards, 1992 Postcard America Jeffrey L. Meikle, 2016-01-20 This illustrated history of the colorized linen postcards of the 1930s and 40s is an incredible tour A veritable treasure trove of American culture Crave Online From the Great Depression through the early postwar years any postcard sent in America was more than likely a linen card Colorized in vivid often exaggerated hues and printed on card stock embossed with a linen like texture linen postcards celebrated the American scene with views of majestic landscapes modern cityscapes roadside attractions and other notable features These colorful images portrayed the United States as shimmering with promise quite unlike the black and white worlds of documentary photography or Life magazine Linen postcards were enormously popular with close to a billion printed and sold Postcard America offers the first comprehensive study of these cards and their cultural significance Drawing on the production files of Curt Teich Co of Chicago the originator of linen postcards Jeffrey L Meikle reveals how photographic views were transformed into colorized postcard images often by means of manipulation adding and deleting details or collaging bits and pieces from several photos He presents two extensive portfolios of postcards landscapes and cityscapes that comprise a representative iconography of linen postcard views For each image Meikle explains the postcard's subject describes aspects of its production and places it in social and cultural contexts In the concluding chapter he shifts from historical interpretation to a contemporary viewpoint considering nostalgia as a motive for collectors and others who are fascinated today by these striking images **Six World War II Postcards** Grafton, 1993-03-16 Full color vintage illustrations reproduced from rare

Stevens, 2014-01-09 Postcards individually and collectively contain a great deal of information that can be of real value to students and researchers Postcards in the Library gives compelling reasons why libraries should take a far more active and serious interest in establishing and maintaining postcard collections and in encouraging the use of these collections It explains the nature and accessibility of existing postcard collections techniques for acquiring arranging preserving and handling collections and ways to make researchers and patrons aware of these collections Postcards in the Library asserts that in most cases existing postcard collections are a vastly underutilized scholarly resource Editor Norman D Stevens urges librarians to help change this since postcards as items for mass consumption and often with no apparent conscious literary or social purpose are a true reflection of the society in which they were produced Stevens claims that messages written on

postcards may also reveal a great deal about individual and or societal attitudes and ideas Chapters in Postcards in the Library are written by librarians who manage postcard collections postcard collectors and researchers Some of the authors have undertaken major research projects that demonstrate the ways in which postcards can be used in research and that have begun to establish a standard methodology for the analysis of postcards They write about major postcard collections including the Institute of Deltiology and the Curt Teich Postcard Archives the use of postcards for scholarly research postcard conservation and preservation arrangement and organization and importance and value Postcards in the Library describes the postcard collections in a variety of libraries of different kinds and sizes and indicates very real ways in which the effective use of postcard collections can result in and contribute to substantive scholarly publications It also offers advice and suggestions on the myriad issues that libraries face in handling these ephemeral fragments of popular culture Special collections librarians postcard collectors postcard dealers and historical societies will find the information in Postcards in the Library refreshing and practical Libraries with established postcard collections or those thinking about developing postcard collections will use it as a valuable planning tool and start to finish guide *Washington, D.C. in Vintage Postcards* Gayle Floyd, 2005 Created as a Federal City over two centuries ago Washington D C was designed by architect Pierre L Enfant on land purchased by the government from Maryland and Virginia L Enfant s vision of wide tree lined avenues mixed with modifications by the McMillan Commission in the early 1900s and exemplified by many other architects and sculptors has evolved into a unique fast paced and politically focused Capital City of the United States of America **Postcards: A Golden Age Treasury** Pasquale De Marco, 2025-08-13 Postcards A Golden Age Treasury is the definitive guide to the Golden Age of Postcards a period of unprecedented creativity and popularity for this charming form of communication In this comprehensive book Pasquale De Marco explores the history art and culture of postcards from the late 19th century to the early 20th century Lavishly illustrated with hundreds of beautiful postcards Postcards A Golden Age Treasury offers a unique glimpse into the past providing a fascinating look at the social cultural and historical events of the time Pasquale De Marco examines the techniques employed by postcard artists and publishers and explores the diverse range of themes and subjects that were depicted on these small but impactful pieces of paper From idyllic landscapes and charming city scenes to humorous caricatures and patriotic messages postcards provide a unique window into the past Postcards A Golden Age Treasury also discusses the different types of postcards that were produced during the Golden Age from the mass produced cards that were sold by the millions to the more specialized and artistic cards that were created by individual artists Pasquale De Marco also provides tips on how to build a postcard collection and discusses the different factors that affect the value of postcards Whether you are a seasoned postcard collector or a newcomer to the hobby Postcards A Golden Age Treasury is an essential resource This comprehensive guide provides a wealth of information for collectors historians and anyone interested in this fascinating form of art and communication If you like this book write a review *Broome County in*
