David Burns, 2013-02-28 This unconventional cultural history explores the lifecycle of the radical historical Jesus, a construct created by the freethinkers, feminists, socialists, and anarchists who used the findings of biblical criticism to mount a serious challenge to the authority of elite liberal divines during the Gilded Age and Progressive Era.

*Engendering Transnational Transgressions* Eileen Boris, Sandra Trudgen Dawson, Barbara Molony, 2020-11-23 *Engendering Transnational Transgressions* reclaims the transgressive side of feminist history, challenging hegemonic norms and the power of patriarchies. Through the lenses of intersectionality, gender analysis, and transnational feminist theory, it addresses the political in public and intimate spaces. The book begins by highlighting the transgressive nature of feminist historiography. It then divides into two parts: Part I, *Intimate Transgressions: Marriage and Sexuality*, examines marriage and divorce as viewed through a transnational lens; and Part II, *Global Transgressions: Networking for Justice and Peace*, considers political and social violence as well as struggles for relief, redemption, and change by transnational networks of women. Chapters are archivally grounded and take a critical approach that underscores the local in the global and the significance of intersectional factors within the intimate. They bring into conversation literatures too often separated: history of feminisms and anti-war, anti-imperial, anti-fascist, and related movements on the one hand, and studies of gender crossings, marriage, reconstitution, and affect and subjectivities on the other. In so doing, the book encourages the reader to rethink standard interpretations of rights, equality, and recognition. This is the ideal volume for students and scholars of Women's and Gender History and Women's and Gender Studies, as well as International Transnational and Global History, History of Social Movements, and related specialized topics.

**Out on Assignment** Alice Fahs, 2011-11-17 *Out on Assignment* illuminates the lives and writings of a lost world of women who wrote for major metropolitan newspapers at the start of the twentieth century. Using extraordinary archival research, Alice Fahs unearths a richly networked community of female journalists drawn by the hundreds to major cities, especially New York, from all parts of the United States. Newspaper women were part of a wave of women seeking new, independent urban lives, but they struggled to obtain the newspaper work of their dreams. Although some female journalists embraced more adventurous reporting, including stunt work and undercover assignments, many were relegated to the women's page. However, these intrepid female journalists made the women's page their own. Fahs reveals how their writings, including celebrity

interviews witty sketches of urban life celebrations of being bachelor girls advice columns and a campaign in support of suffrage had far reaching implications for the creation of new modern public spaces for American women at the turn of the century As observers and actors in a new drama of independent urban life newspaper women used the simultaneously liberating and exploitative nature of their work Fahs argues to demonstrate the power of a public voice both individually and collectively

*Reading for Reform* Laura R. Fisher,2019-03-05 An unprecedented examination of class bridging reform and U S literary history at the turn of the twentieth century *Reading for Reform* rewrites the literary history of late nineteenth and early twentieth century America by putting social reform institutions at the center of literary and cultural analysis Examining the vibrant often fractious literary cultures that developed as part of the Progressive mandate to uplift the socially disadvantaged it shows that in these years reformers saw literature as a way to combat the myriad social problems that plagued modern U S society As they developed distinctly literary methods for Americanizing immigrants uplifting and refining wage earning women and educating black students their institutions gave rise to a new social purpose for literature Class bridging reform institutions the urban settlement house working girls club and African American college are rarely addressed in literary history Yet Laura R Fisher argues they engendered important experiments in the form and social utility of American literature from minor texts of Yiddish drama and little known periodical and reform writers to the fiction of Edith Wharton and Nella Larsen Fisher delves into reform s vast and largely unexplored institutional archives to show how dynamic sites of modern literary culture developed at the margins of social power Fisher reveals how reformist approaches to race class religion and gender formation shaped American literature between the 1880s and the 1920s In doing so she tells a new story about the fate of literary practice and the idea of literature s practical value during the very years that modernist authors were proclaiming art s autonomy from concepts of social utility
