Scott, 2015-01-21 Attracted to the rich ceremonial life and unique architecture of the New Mexico pueblos many early twentieth century artists depicted Pueblo peoples places and culture in paintings These artists' encounters with Pueblo Indians fostered their awareness of Native political struggles and led them to join with Pueblo communities to champion Indian rights In this book art historian Sascha T. Scott examines the ways in which non Pueblo and Pueblo artists advocated for American Indian cultures by confronting some of the cultural legal and political issues of the day Scott closely examines the work of five diverse artists exploring how their art was shaped by and helped to shape Indian politics She places the art within the context of the interwar period 1915-30 a time when federal Indian policy shifted away from forced assimilation and toward preservation of Native cultures Through careful analysis of paintings by Ernest L. Blumenschein John Sloan Marsden Hartley and Awa Tsireh Alfonso Roybal Scott shows how their depictions of thriving Pueblo life and rituals promoted cultural preservation and challenged the pervasive romanticizing theme of the vanishing Indian Georgia O'Keeffe's images of Pueblo dances which connect abstraction with lived experience testify to the legacy of these political and aesthetic transformations Scott makes use of anthropology history and indigenous studies in her art historical narrative She is one of the first scholars to address varied responses to issues of cultural preservation by aesthetically and culturally diverse artists including Pueblo painters Beautifully designed this book features nearly sixty artworks reproduced in full color **Pueblo Indian Painting** J.

J. Brody, 1997 A new tradition of Pueblo fine art painting arose in the first three decades of the twentieth century born out of a dynamic encounter between the Pueblo and Euro American communities in and around Santa Fe New Mexico Traditional Pueblo art supported community values and was integral to the ritual and daily life of the people but the painting style that

developed after 1900 was novel in every way involving new subject matter new media and a new audience of Euro American artists intellectuals and art patrons The young Pueblo artists who created the new genre merged their Pueblo traditions with the aesthetic principles of Euro American modernism to create an entirely new art form emblematic of the changing relationship between the two cultures In Pueblo Indian Painting art historian J J Brody presents the first complete history of this vibrant art Based on the extensive Pueblo painting collections of the School of American Research and richly illustrated in color and black and white the book examines the achievements of seven artists who were key to the evolution of Pueblo painting Fred Kabotie and Otis Polelonema of Hopi Velino Shije Herrera of Zia and Crescencio Martinez Ta E Tonita Pe a Quah Ah Alfonso Roybal Awa Tsireh and Abel Sanchez Oqwa Pi of San Ildefonso Brody also explores the role played by the patrons who supported and promoted the Pueblo artists work individuals such as Mary Austin Alice Corbin Henderson Edgar Lee Hewett Oliver La Farge Mabel Dodge Luhan John Sloan and Amelia Elizabeth White Pueblo Indian Painting places this important but under appreciated fine art tradition squarely within the contexts of Pueblo culture and Euro American modernism bringing long overdue recognition to the tradition and its preeminent practitioners as a vital part of American art history
