Post-Punk Perception Edmund Wong, 2013-07-27 Growing up in Singapore in the 80s has been challenging I didn t know much about life or economy I didn t know what I want to do apart from playing I know I had to study and get a job In school we had to write composition about our profession when we grow up I had never wanted to be a philosopher let alone writing about social philosophy It is just that growing up with a

single parent is tough It is tougher when she is uneducated and I had to learn most things by myself After my National Service I decided to further studies That was when I was exposed to philosophy and psychology in the UK After graduation in 1999 with a degree in Electronics I came back home to resume my National Service I disrupt it and had about 2 months left The life in UK exposed me to something that I did not notice when growing up in Singapore I find local social scene unsatisfactory They are Confucians Muslims Christians freethinkers and humanists Most time they are preoccupied with how to earn more money Religion does not give me the fulfillment that it promised In addition most were based on Singaporeans interpretation of the Bible and Buddhism s dharma Most times I feel that everything that Singaporeans do has got to do with wealth creation or at least with the expenditure of it It end up like what Pope Francis referred to as the cult of money Organised religion involves more fear mongering than cultivating an inner grace and peace Hence this book is about how I relate an ancient thinker s ethics Aristotle to the present day I find Aristotle s ethics to most suit my needs as a man and lover It does not pretend to be more than what it seek the golden mean It does require us to think and explore the values to find balance and achieve wisdom with intellectual and moral virtues I also find other philosophers French or not particularly insightful and thought provoking They offer me explanation and exploration on subjects like love sex and death Freudian psychoanalysis are also very penetrating in their findings and insights Moreover I needed some contemporary psychological theory not in depth psychoanalysis to back Aristotle s model of ethics intellectual and moral virtues Hence the psychological background of my book I got acquainted with these psychological theories when I was preparing myself to be a financial consultant I later found out more about them and they became useful in my work and life Hence I would like to share it with people in Asia so that they can ask the right kind of questions in life in order to learn more about themselves and the social milieu they are living in Because everyone of us are affected by the social sciences politics economics and sociology This book will I hope allow us to understand why we are irrational and how we can make rational changes through reasonings in their life and achieving eudaimonia My wish is simply to share what I enjoy doing apart from creating useful ideas to improve the world Through my book I hope to make others understand religion science and philosophy and how they play an increasingly integral part in the Asian century

Whiteness, Otherness and the Individualism Paradox from Huck to Punk D. Traber, 2007-02-19 Traber reexamines the practice of self marginalization in Euro American literature and popular culture that depict whites adopting varied markers of otherness to disengage from the dominant culture He draws on critical theory whiteness and cultural studies to counter an eager correlation between marginality and agency The nonconformist cultural politics of these border crossings implode since the transgressive identity the protagonists desire relies upon is built from the center s values and definitions An orthodox notion of individualism underpins each act of sovereignty as it rationalizes exploiting stereotypes of an Other constructed by the center The work closes by positing a theory of identity based on Jean Luc Nancy s concept of the emptied self In recognizing the already mixed quality of being identity is made a

Life and Death on the New York Dance Floor, 1980-1983 Tim Lawrence, 2016-09-15 As the 1970s gave way to the 80s New York's party scene entered a ferociously inventive period characterized by its creativity intensity and hybridity *Life and Death on the New York Dance Floor* chronicles this tumultuous time charting the sonic and social eruptions that took place in the city's subterranean party venues as well as the way they cultivated breakthrough movements in art performance video and film Interviewing DJs party hosts producers musicians artists and dancers Tim Lawrence illustrates how the relatively discrete post disco post punk and hip hop scenes became marked by their level of plurality interaction and convergence He also explains how the shifting urban landscape of New York supported the cultural renaissance before gentrification Reaganomics corporate intrusion and the spread of AIDS brought this gritty and protean time and place in American culture to a troubled denouement Hebdige

"Death to the World" and Apocalyptic Theological Aesthetics Robert Cady Saler, 2024-05-02 Robert Saler examines the small but influential Death to the World movement in US Eastern Orthodox Christianity Presenting a case study in theological aesthetics Saler demonstrates how a relatively small consumer phenomenon within US Eastern Orthodoxy sits at the centre of a variety of larger questions including The relationship between formal ecclesial and para church structures The role of the Internet in modern religiosity Consumer structures and patterns as constitutive of piety How theology can help us understand art and vice versa Understanding Death to the World as an instance of lived religion tied to questions of identity politics of religious purity relationships to capitalism and concerns over conspiracy theory helps us to see how studies of uniquely American Eastern Orthodox identity must address these broader cultural strands

Sex Pistols Peter Smith, 2018-11-15 The Sex Pistols exploded onto the music scene in 1976 paving the way for the deluge of punk rock that would change the face of modern

rock music forever Their debut album Never Mind the Bollocks Here s The Sex Pistols proved one of the most important rock albums of all time fusing slammed rock chords with searing vocals The Sex Pistols simply and seemingly effortlessly blew away all that had come before them setting an entirely new bar for rock acts that followed in their wake In Sex Pistols The Pride of Punk Peter Smith explores the impact the band had on launching the punk movement beginning in 1976 with their debut single and ending in 1978 with their American tour Despite their brief career the Sex Pistols illustrate an important set of political and cultural elements of 1970s UK and US culture disaffected youth strained international relations and rapid changes in culture Peter Smith digs deep to collate the factors that fueled the Sex Pistols and the punk revolution The Pleasures of Death Arthur Flannigan Saint-Aubin, 2020-12-09 The year 2019 marked the twenty fifth anniversary of the death of Kurt Cobain an artist whose music words and images continue to move millions of fans worldwide As the first academic study that provides a literary analysis of Cobain s creative writings Arthur Flannigan Saint Aubin s The Pleasures of Death Kurt Cobain s Masochistic and Melancholic Persona approaches the journals and songs crafted by Nirvana s iconic front man from the perspective of cultural theory and psychoanalytic aesthetics Drawing on critiques and reformulations of psychoanalytic theory by feminist queer and antiracist scholars Saint Aubin considers the literary means by which Cobain creates the persona of a young white heterosexual man who expresses masochistic and melancholic behaviors On the one hand this individual welcomes pain and humiliation as atonement for unpardonable sins on the other he experiences a profound sense of loss and grief seeking death as the ultimate act of pleasure The first person narrators and characters that populate Cobain s texts underscore the political and aesthetic repercussions of his art Cobain s distinctive version of grunge understood as a subculture a literary genre and a cultural practice represents a specific performance of race and gender one that facilitates an understanding of the self as part of a larger social order Saint Aubin approaches Cobain s writings independently of the artist s biography positioning these texts within the tradition of postmodern representations of masculinity in twentieth century American fiction while also suggesting connections to European Romantic traditions from the nineteenth century that postulate a relation between melancholy or depression and creativity In turn through Saint Aubin s elegant analysis Cobain s creative writings illuminate contradictions and inconsistencies within psychoanalytic theory itself concerning the intersection of masculinity masochism melancholy and the death drive By foregrounding Cobain s ability to challenge coextensive links between gender sexuality and race The Pleasures of Death reveals how the cultural politics and aesthetics of this tragic icon s works align with feminist strategies invite queer readings and perform antiracist critiques of American culture Punks Find the Meaning of Life And-- Death Joseph Binge-Purge, 1983 Death beyond Disavowal Grace Kyungwon Hong, 2015-10-01 Death beyond Disavowal utilizes difference as theorized by women of color feminists to analyze works of cultural production by people of color as expressing a powerful antidote to the erasures of contemporary neoliberalism According to Grace Kyungwon Hong neoliberalism is first and foremost a structure of disavowal enacted as a

reaction to the successes of the movements for decolonization desegregation and liberation of the post World War II era It emphasizes the selective and uneven affirmation and incorporation of subjects and ideas that were formerly categorically marginalized particularly through invitation into reproductive respectability It does so in order to suggest that racial gendered and sexualized violence and inequity are conditions of the past rather than the foundations of contemporary neoliberalism s exacerbation of premature death Neoliberal ideologies hold out the promise of protection from premature death in exchange for complicity with this pretense In Audre Lorde s Sister Outsider Cherr e Moraga s The Last Generation and Waiting in the Wings Oscar Zeta Acosta s The Revolt of the Cockroach People Ana Castillo s So Far from God Gayl Jones s Corregidora Isaac Julien s Looking for Langston Inge Blackman s B D Women Rodney Evans s Brother to Brother and the work of the late Barbara Christian Death beyond Disavowal finds the memories of death and precarity that neoliberal ideologies attempt to erase Hong posits cultural production as a compelling rejoinder to neoliberalism s violences She situates women of color feminism often dismissed as narrow or limited in its effect as a potent diagnosis of and alternative to such violences And she argues for the importance of women of color feminism to any critical engagement with contemporary neoliberalism
