Faster Michael Hutchinson,2014-03-27 A fascinating and funny investigation into cyclists incessant pursuit of speed by one of the sport's top professionals For professional cyclists going faster and winning are of course closely related Yet surprisingly for many a desire to go faster is much more important than a desire to win Someone who wants to go faster will work at the details and take small steps rather than focusing on winning Winning just happens when you do everything right it's the doing everything right that's hard And that's what fascinates and obsesses Michael Hutchinson With his usual deadpan delivery and an awareness that it's all mildly preposterous Hutchinson looks at the things that make you faster training nutrition the right psychology and explains how they work and how what we know about them changes all the time He looks at the things that make you slower and why and how attempts to avoid them can result in serious athletes gradually painting themselves into the most peculiar life style corners *Faster* is a book about why cyclists do what they do about what the riders their coaches and the boffins get up to behind the scenes and about why the whole idea of going faster is such an appealing universal instinct for all of us *Plain English* Rachel Spangler,2022-02-15 Reconnect with your favorite characters from Rachel Spangler's best selling romances Full English and Modern English When Claire Bailey left London to open her own art gallery in the tiny village of Amberwick she'd hoped the slower pace and lower cost of living might allow her to focus on her own painting away from all the drama and distractions that had plagued her in the city She fully intended to make an honest go at simple living right up until the moment a shockingly attractive aristocrat rocketed off the road and knocked her world off its axis Pip has learned to play the part of a ne'er do well upper elite charismatic enigmatic and a little bit erratic Luckily women tend to like those characteristics After leading such a charmed existence where even motorcycles wrecks come with the added bonus of meeting beautiful women Pip finds that Claire's complete lack of interest in money or status sparks both curiosity and attraction Surrendering to both boredom and sheer chemistry the two agree to an unconventional no strings romantic adventure designed to provide them both a bit of freedom and entertainment However once released from the pressure to project perfect images of themselves the walls they

depended on for protection begin to crumble Worlds blend and identities blur as their whirlwind romance quickly becomes more than they bargained for Will their almost elemental attraction be enough to overcome the complexities rushing in from all sides Or will the pressures they ve both sought to escape force them to forge a new path neither of them had dared to dream of
