Haunted Roanoke L.B. Taylor, 2013-05-28 The author of The Big Book of Virginia Ghost Stories focuses on the Scare City If you believe in ghosts this is the book for you The Roanoke Times Roanoke in the heart of southwestern Virginia is one of the most haunted cities in the commonwealth The Star City is brimming with eerie and unexplainable stories such as the legendary Woman in Black who appeared several times in 1902 but only to married men on their way home at night There are also macabre stories in many of Roanoke's famous landmarks such as the majestic Grandin Theatre where a homeless family is said to have lived and the cries of their deceased children can still be heard Travel beyond the realm of reality with author L

B Taylor Jr as he traces the history of Roanoke's most unique and chilling tales. Includes photos I like the ghost story books of L B Taylor Jr a Virginia author because he blends history and true ghost stories so wonderfully. He doesn't make judgments about each ghost story but presents the facts and lets you decide for yourself. So if you're in a ghostly mood this October or if you're just a history lover Taylor's books are well worth your time. Eagle Eyed Editor

The Tragedy of Lynching Arthur F. Raper, 2017-10-10 This book deals with the quest for a preventive to lynching which can be undertaken only after one has an understanding of what it is that is to be prevented. This necessary analysis of lynching its background circumstances and meaning introduces many baffling elements. The author has made a detailed study of the lynchings of 1930 in an effort to find an answer to the complexities of the problem. Originally published in 1933. A UNC Press Enduring Edition. UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print. A Sheep's Song Shûichi Katô, 1999-05-03 This critically acclaimed autobiography was an instant bestseller in Japan where it has gone through more than forty printings since its first publication. Cultural critic literary historian novelist poet and physician Kato Shuichi reconstructs his dramatic spiritual and intellectual journey from the militarist era of prewar Japan to the dynamic postwar landscapes of Japan and Europe. This fluid translation of *A Sheep's Song* captures Kato's unique voice and brings his insightful interpretation of modern Japan and its tumultuous relations with the outside world to English speaking readers for the first time. Kato describes his youthful interest in the natural sciences as well as in Japanese and Western literatures from the Man'yôshû to Akutagawa Ryunosuke Baudelaire Valéry and Proust. Turning to the rise of Japanese fascism in the late 1930s he recalls his rebellion against the jingoistic political atmosphere of the time. The chapters on the war and its aftermath include experiences of Hiroshima shortly after the bombing and the often tragicomic encounters between the defeated Japanese nation and the American Occupation forces. Throughout memories of his wide ranging literary career and broad experiences in Europe as a student traveler and cultural observer are punctuated by his unique perspectives on the relation between imagination art and politics. A postscript written especially for the English language edition discusses the Vietnam War the subsequent transformation of Japan the cultures and societies of Europe the United States and China and the collapse of the Soviet Union.

[The Mad and the Bad](#) George Birks, 2014. As to the staff both nurses and doctors were treating patients with a mixture of prejudice ill understood physical interventions such as shock therapy in all its forms and sedation. We all conducted our care within the provisions of the Mental Health Acts of 1959 and 1983 but the older nurses and doctors had been trained postwar. Doctors generally expected and got deference from patients. They got it from nurses too though nurses could be a two faced lot. Maybe it was the older nurses' enduring influence.

that made psychiatric nurses enforce compliance from their patients But from the 1960s protest against the big forbidding madhouses became more frequent and vociferous By the 1980s there was a storm of coruscating reports and bitterly convincing accounts of mistreatment So a new NHS mental health care policy was developed Care in the Community The old institutions would close down and their inhabitants would be parented so to speak by the social security system and visits from community based psychiatric nurses This was not only cheaper it got rid of those old asylums but it also reflected liberal views of mental disorder as something that with love and responsibility could be lessened while the mentally disadvantaged would have a better quality of life Care in the Community got rid of some of the staff too but many carried their old behavior into new jobs This book relates my experiences between 1969 and 1989 I would like to think that psychiatric care is better now but I don't I think it's just different
