**The Natural History of the Traditional Quilt** John Forrest, Deborah Blincoe, 2011-01-19 Traditional quilts serve many purposes over the course of a useful life Beginning as a beautiful bed covering a quilt may later function as a ground cover at picnics until years of wear relegate it to someone's ragbag for scrap uses Observing this life

cycle led authors John Forrest and Deborah Blincoe to the idea that quilts like living things have a natural history that can be studied scientifically. They explore that natural history through an examination of the taxonomy, morphology, behavior, and ecology of quilts in their native environment, the homes of humans who make use, keep, and bestow them. The taxonomy proposed by Forrest and Blincoe is rooted in the mechanics of replicating quilts so that it can be used to understand evolutionary and genetic relationships between quilt types. The morphology section anatomizes normal and abnormal physical features of quilts, while the section on conception and birth in the life cycle discusses how the underlying processes of replication intersect with environmental factors to produce tangible objects. This methodology is applicable to many kinds of crafts and will be of wide interest to students of folklore, anthropology, and art history. Case studies of traditional quilts and their makers in the Catskills and Appalachia add a warm human dimension to the book.

**To Turn the Whole World Over** Keisha Blain, Tiffany Gill, 2019-03-16. Black women undertook an energetic and unprecedented engagement with internationalism from the late nineteenth century to the 1970s. In many cases, their work reflected a complex effort to merge internationalism with issues of women's rights and with feminist concerns. *To Turn the Whole World Over* examines these and other issues with a collection of cutting-edge essays on black women's internationalism in this pivotal era and beyond. Analyzing the contours of gender within black internationalism, scholars

examine the range and complexity of black women's global engagements. At the same time they focus on these women's remarkable experiences in shaping internationalist movements and dialogues. The essays explore the travels and migrations of black women, the internationalist writings of women from Paris to Chicago to Spain, black women advocating for internationalism through art and performance, and the involvement of black women in politics, activism, and global freedom struggles. Contributors: Nicole Anae, Keisha N. Blain, Brandon R. Byrd, Stephanie Beck-Cohen, Anne Donlon, Tiffany N. Florvil, Kim Gallon, Dayo F. Gore, Annette K. Joseph, Gabriel Grace V. Leslie, Michael O. West, and Julia Erin Wood. **Quilt National 2009** Lark Books, 2009. Large, spectacular color photographs and the artists' commentary will inspire the growing market of home quilters. All the pieces are genuine artworks meant for display and they set the standard and serve as the model for other art quilts. **Quilt Culture** Cheryl B. Torsney, Judy Elsley, 1994. As a blanket, a commemorative covering, and a work of art, the quilt is a nearly universal cultural artifact. In recent years, it has been recognized as one of our most compelling symbols of cultural diversity and the power of women. In this collection, Cheryl B. Torsney and Judy Elsley bring together eleven provocative essays on the quilt as metaphor in literature, history, politics, and philosophy. This interdisciplinary approach makes *Quilt Culture* an extraordinarily rich exploration of a cultural artifact whose meaning is far more complex than that of a simple bed covering. Publishers website: [History and Families, McCracken County, Kentucky, 1824-1989](#), 1989. **Smithsonian Makers Workshop** Smithsonian Institution, 2020. Explores the history of crafts, cooking, decorating, and gardening in America, with projects included in each section. Besides a breathtaking gallery of gorgeous quilts, including pieces designed as a result of September 11, 2001, and the momentous stories behind them, you can choose from over 15 different quilting projects so you can sew your own memories.
