Old Testament Conceptual Metaphors and the Christology of Luke's Gospel Gregory R. Lanier, 2018-08-23 Extensive scholarship has been devoted to Jesus depiction in the Gospels and how such depiction is influenced by the Old Testament Gregory R Lanier presents a new case for the importance of conceptual metaphor arguing that the Gospel of Luke employs certain metaphors reflected in Israel's traditions such as horn of salvation dawn from on high mother bird gathering Jerusalem's children and crushing stone in order to portray the identity of Jesus as both an agent of salvation and more provocatively the one God of Israel Setting his argument at the intersection of three sub fields of New Testament scholarship early Christology the use of Israel's Scriptures in the New Testament and contemporary metaphor theory Lanier suggests ways to overcome the low high binary and perceive the Gospel's Christology as multi faceted Applying metaphor theory to the influence of the Old Testament metaphors on Luke's Christology Lanier adds methodological rigor to the tracing of such influences in cases where standard criteria for quotations and allusions echoes are stretched thin

and Adam's Glory in the Hodayot and the Letters of Paul Nicholas Meyer, 2016-06-27 In Adam's Dust and Adam's Glory Nicholas A Meyer challenges the scholarly reconstruction of a traditional theological framework of creation fall and restoration in order to comprehend the pessimistic anthropologies of the Hodayot and the letters of Paul Meyer argues that too little notice has been paid to the fact that this literature problematizes ordinary humanity by way of original humanity its sexuality its earthly physicality its spiritual moral frailty and that these texts look not for the restoration of human nature as determined in creation but rather for its transformation Setting aside the traditional threefold framework the author offers an innovative and comprehensive reading of the use of traditions of anthropogony including the glory of Adam and the image of God in this literature The Social Role of Liturgy in the Religion of the Qumran Community Russell Arnold, 2018-11-01

secondary notes and exploring the roles and functions of annotated manuscripts as cultural artifacts By approaching biblical manuscripts as potential notepads the volume offers theoretical reflection and empirical analyses of the ways in which secondary notes may shed new light on the development and transmission of text traditions the shifting engagement with biblical manuscripts over time as well as the change of use and interpretation that may result from the addition of the notes themselves

Reconstructing Jerusalem Kenneth A. Ristau, 2016-06-01 Jerusalem one of the most contested sites in the world Reconstructing Jerusalem takes readers back to a pivotal moment in its history when it lay ruined and abandoned and the glory of its ancient kings David and Solomon had faded Why did this city not share the same fate as so many other conquered cities destroyed and forever abandoned never to be rebuilt Why did Jerusalem disgraced and humiliated not suffer the fate of Babylon Nineveh or Persepolis Reconstructing Jerusalem explores the interrelationship of the physical and intellectual processes leading to Jerusalem's restoration after its destruction in 587 B C E stressing its symbolic importance and the power of the prophetic perspective in the preservation of the Judean nation and the critical transition from Yahwism to Judaism Through texts and artifacts including a unique comprehensive investigation of the archaeological evidence a startling story emerges the visions of a small group of prophets not only inspired the rebuilding of a desolate city but also of a dispersed people Archaeological historical and literary analysis converge to reveal the powerful elements of the story a story of dispersion and destruction but also of re creation and revitalization a story about how compelling visions can change the fate of a people and the course of human history a story of a community reborn to a barren city

Brand, 2013-05-15 Miryam T Brand explores how texts of the Second Temple period address the theological problem of the existence of sin and describe the source of human sin By surveying the relevant Apocrypha Pseudepigrapha and Dead Sea Scrolls as well as the works of Philo and where relevant Josephus the study determines the extent to which texts presentation of sin is influenced by genre and sectarian identification and identifies central worldviews regarding sin in the Second Temple period The analysis is divided into two parts the first explores texts that reflect a conviction that the source of sin is an innate human inclination and the second analyzes texts that depict sin as caused by demons The author demonstrates that the genre or purpose of a text is frequently a determining factor in its representation of sin particularly influencing the text's

portrayal of sin as the result of human inclination versus demonic influence and sin as a free choice or as predetermined fact Second Temple authors and redactors chose representations of sin in accordance with their aims Thus prayers reflecting the experience of helplessness when encountering God present the desire to sin as impossible to overcome without divine assistance In contrast covenantal texts sectarian texts explaining the nature of the covenant emphasize freedom of choice and the human ability to turn away from the desire to sin Genre however is not the only determining factor regarding how sin is presented in these texts Approaches to sin in sectarian texts frequently built upon already accepted ideas reflected in nonsectarian literature adding aspects such as predestination the periodization of evil and a division of humanity into righteous members and evil nonmembers

Jesus and the Impurity of Spirits in the Synoptic Gospels Clinton Wahlen, 2004 This study sheds light on Jewish and early Christian reflections on spirits and demons and explores the relation between Judaism and early Christianity in the first century

Crossing Boundaries in Early Judaism and Christianity Kimberley Stratton, Andrea Lieber, 2016-10-11 This volume celebrates the scholarship of Alan Segal During his prolific career Alan published ground breaking studies that shifted scholarly conversations about Christianity rabbinic Judaism Hellenism and Gnosticism Like the subjects of his research Alan crossed many boundaries He understood that religions do not operate in academically defined silos but in complex societies populated by complicated human beings Alan s work engaged with a variety of social scientific theories that illuminated ancient sources and enabled him to reveal new angles on familiar material This interdisciplinary approach enabled Alan to propose often controversial theories about Jewish and Christian origins A new generation of scholars has been nurtured on this approach and the fields of early Judaism and Christianity emerge radically redefined as a result
