

Justinian and the Jews

ALBERT I. BAUMGARTEN

McMaster University

In the year 553, the Emperor Justinian (527–565 C.E.) enacted a *novella constitutio*, a new piece of imperial legislation, concerning the Jews. This decision, known as Novella 146, was:

A permission granted to the Hebrews to read the sacred scriptures according to tradition in Greek, Latin, or any other language, and an order to expel from their community those who do not believe in the Judgment, the Resurrection, and the Creation of Angels.¹

Regulating internal Jewish affairs and synagogue practice, this Novella must rank as a far-reaching infringement on Jewish autonomy.²

One of the provisions of Novella 146 has been the subject of much discussion: the prohibition of the *deuterosis*. Justinian writes:

But the so-called second tradition (*deuterosis*) we prohibit entirely. For it is not part of the sacred books, nor is it handed down by divine inspiration through the prophets, but the handiwork of men, speaking only of earthly things, and having nothing of the divine in it. But let them (i.e. the Jews) read the holy words themselves, rejecting the commentaries, and not concealing what is said in the sacred writings, and disregarding the vain

Rabbi Joseph H Lookstein Memorial Volume:

The Rav Aaron Rakeff-Rothkoff, 1999 This first volume recounts the details of the lives of the Rav and his forebears This volume and the next constitute a scholarly attempt to detail the quests and ideas of one of the major personalities of modern American Jewish Orthodoxy Jacket *The American Rabbinate* Jacob Rader Marcus, Abraham J. Peck, 1985 **The Jewish Law Annual** Bernard S. Jackson, 2023-08-28 Volume 15 of The Jewish Law Annual adds to the growing list of articles on Jewish law that have been published in volumes 1-14 of this series providing English speaking readers with scholarly material meeting the highest academic standards The volume contains six articles diverse in their scope and focus encompassing legal historical textual comparative and conceptual analysis as well as a survey of recent literature and a chronicle of cases of interest Among the topics covered are lying in rabbinical court proceedings unjust enrichment can a witness serve as judge in the same case Caro's Shulham Arukh volume Maimonides Mishne Torah in the Yemenite community the New Jersey eruv wards **Politics and the Limits of Law** Menachem Lorberbaum, 2002-11-01 This book explores the emergence of the fundamental political concepts of medieval Jewish thought arguing that alongside the well known theocratic elements of the Bible there exists a vital tradition that conceives of politics as a necessary and legitimate domain of worldly activity that preceded religious law in the ordering of society Since the Enlightenment the separation of religion and state has been a central theme in Western political history and thought a separation that upholds the freedom of conscience of the individual In medieval political thought however the doctrine of the separation of religion and state played a much different role On the one hand it served to maintain the integrity of religious law versus the monarch whether canon law Islamic law or Jewish law On the other hand it upheld the autonomy of the monarch and the autonomy of human political agency against theocratic claims of divine sovereignty and clerical authority Postulating the realm of secular politics leads the author to construct a theory of the precedence of politics over religious law in the organization of social life He argues that the attempts of medieval philosophers to understand religion and the polity provide new perspectives on the viability of an accommodation between revelation and legislation the holy and the profane the divine and the temporal The book shows that in spite of the long exile of the Jewish people there is unquestionably a tradition of Jewish political discourse based on the canonical sources of Jewish law In addition to providing a fresh analysis of Maimonides it analyzes works of Nahmanides Solomon ibn Adret and Nissim Gerondi that are largely unknown to the English speaking reader Finally it suggests that the historical corpus of Jewish political writing remains vital today with much to contribute to the ongoing debates over church state relations and theocratic societies *Judaism and Collective Life* Aryeh Fishman, 2003-09-02 This book takes as its point of departure the historical fact that it was Orthodox pioneers of German origin in contrast to their Eastern European counterparts who successfully developed religious kibbutz life **Beyond the Synagogue Gallery** Karla GOLDMAN, Karla Goldman, 2009-06-30 Focusing on the nineteenth century Goldman recounts the emergence of new roles for American Jewish

women in public worship and synagogue life Goldman's study of changing patterns of female religiosity is a story of acculturation of adjustments made to fit Jewish worship into American society

Who Rules the Synagogue? Zev Eleff, 2016-06-01 Finalist for the American Jewish Studies category of the 2016 National Jewish Book Awards Early in the 1800s American Jews consciously excluded rabbinic forces from playing a role in their community's development By the final decades of the century ordained rabbis were in full control of America's leading synagogues and large sectors of American Jewish life How did this shift occur Who Rules the Synagogue explores how American Jewry in the nineteenth century was transformed from a lay dominated community to one whose leading religious authorities were rabbis Zev Eleff traces the history of this revolution culminating in the Pittsburgh rabbinical conference of 1885 and the commotion caused by it Previous scholarship has chartered the religious history of American Judaism during this era but Eleff reinterprets this history through the lens of religious authority In so doing he offers a fresh view of the story of American Judaism with the aid of never before mined sources and a comprehensive review of periodicals and newspapers Eleff weaves together the significant episodes and debates that shaped American Judaism during this formative period and places this story into the larger context of American religious history and modern Jewish history

Reading Talmudic Sources as Arguments Yuval Blankovsky, 2020-09-07 Reading Talmudic Sources as Arguments A New Interpretive Approach elucidates the unique characteristics of Talmudic discourse culture Approaching Talmudic literature from a linguistic perspective the book shows the extensive and hidden ways in which later rabbis used early formulations Applying Quentin Skinner's interpretive question What was the author doing in composing the text in this particular way to Talmudic literature reveals that Talmudic debate is not only about ideas concepts and laws but also about the latter's connection to pre-existing formulations These early traditions rather than only being accepted or not are used by later generations to build their own arguments The book articulates the function of tradition at the time that Rabbinic Judaism was forged

Ethics of Maimonides Hermann Cohen, 2003-01-12 Hermann Cohen's essay on Maimonides ethics is one of the most fundamental texts of twentieth century Jewish philosophy correlating Platonic prophetic Maimonidean and Kantian traditions Almut Sh Bruckstein provides the first English translation and her own extensive commentary on this landmark 1908 work which inspired readings of medieval and rabbinic sources by Leo Strauss Franz Rosenzweig and Emmanuel Levinas Cohen rejects the notion that we should try to understand texts of the past solely in the context of their own historical era Subverting the historical order he interprets the ethical meanings of texts in the light of a future yet to be realized He commits the entire Jewish tradition to a universal socialism prophetically inspired by ideals of humanity peace and universal justice Through her own probing commentary on Cohen's text like the margin notes of a medieval treatise Bruckstein performs the hermeneutical act that lies at the core of Cohen's argument she reads Jewish sources from a

The En Yaaqov Marjorie Lehman, 2011-10-15 Examines the origins of the En Yaaqov in the tumultuous medieval period and the motivations of its creator exiled Spanish rabbi Jacob ibn Habib After his expulsion from Spain in 1492 Jacob ibn Habib created the En Yaaqov a collection of Talmudic aggadah non legal material by removing the majority of the Talmud's legal portions but preserving the chapter order of the remaining material and adding his own introduction and running commentary In *The En Yaaqov* Jacob ibn Habib's Search for Faith in the Talmudic Corpus author Marjorie Lehman argues that the En Yaaqov's anthologizer Jacob ibn Habib purposely sought to create a Talmud look alike in order to prove that Judaism's foundational legal tract could also be seen as a theological document By considering the factors that influenced ibn Habib Lehman argues that his En Yaaqov was a reaction to the way that the Talmud was perceived and studied during the late medieval period among Spanish Jewry In four chapters Lehman explores the first printed edition of the En Yaaqov delving into the intellectual culture and theological intricacies surrounding its creation and elaborating on the contributions of the En Yaaqov to the development of faith Chapter 1 considers the political turmoil and challenges of resettlement that ibn Habib encountered after expulsion and that prompted him to produce the En Yaaqov Chapter 2 focuses on the intellectual framework within which ibn Habib's attitude toward Talmudic aggadah developed and explains why few running commentaries on the aggadot of the Talmud existed prior to his work Chapter 3 discusses ibn Habib's editorial decisions in choosing to construct the En Yaaqov as a Talmud look alike In Chapter 4 Lehman analyzes key passages in ibn Habib's commentary to the En Yaaqov to examine how he integrated text and context to provide a resource that Jews could utilize for spiritual growth and continuity of faith In her conclusion Lehman addresses the evolving printing history of the collection which was quite different from that of the Talmud Lehman argues that ibn Habib's experiences as a Spanish Jew who was forced to flee Spain prompted him to make decisions not only about how the Talmud should be studied in the name of spiritual restoration but also about how Jews could survive future expulsions by cultivating a sustainable faithful relationship with God This insightfully researched book will be informative to scholars of Talmud and Rabbinic Literature late

Sarna, 2021-09 *Coming to Terms with America* examines how Jews have long straddled two civilizations endeavoring to be both Jewish and American at once from the American Revolution to today In fifteen engaging essays Jonathan D Sarna investigates the many facets of the Jewish American encounter what Jews have borrowed from their surroundings what they have resisted what they have synthesized and what they have subverted Part I surveys how Jews first worked to reconcile Judaism with the country's new democratic ethos and to reconcile their faith based culture with local metropolitan cultures Part II analyzes religious cultural initiatives many spearheaded by women and the ongoing tensions between Jewish scholars who pore over traditional Jewish sources and activists who are concerned with applying them Part III appraises Jewish Christian relations collisions within the public square and over church state separation Originally written over the span of forty years many of these essays are considered classics in the field and several remain fixtures of American Jewish history syllabi Others appeared in fairly obscure venues and will be discovered here anew Together these essays newly updated for this volume cull the finest thinking of one of American Jewry's finest historians

The Blood Libel Legend Alan Dundes, 1991-10-15 Alan Dundes in this casebook of an anti Semitic legend demonstrates the power of folklore to influence thought and history According to the blood libel legend Jews murdered Christian infants to obtain blood to make matzah Dundes has gathered here the work of leading scholars who examine the varied sources and elaborations of the legend Collectively their essays constitute a forceful statement against this false accusation The legend is traced from the murder of William of Norwich in 1144 one of the first reported cases of ritualized murder attributed to Jews through nineteenth century Egyptian reports Spanish examples Catholic periodicals modern English instances and twentieth century American cases The essays deal not only with historical cases and surveys of blood libel in different locales but also with literary renditions of the legend including the ballad *Sir Hugh or the Jew's Daughter* and Chaucer's *The Prioress's Tale* These case studies provide a comprehensive view of the complex nature of the blood libel legend The concluding section of the volume includes an analysis of the legend that focuses on Christian misunderstanding of the Jewish feast of Purim and the child abuse component of the legend and that attempts to bring psychoanalytic theory to bear on the content of the blood libel legend The final essay by Alan Dundes takes a distinctly folkloristic approach examining the legend as part of the belief system that Christians developed about Jews This study of the blood libel legend will interest folklorists scholars of Catholicism and Judaism and many general readers for it is both the literature and the history of anti-Semitism
