Rabbit Droppings:

Survey of English Dialects Clive Upton, David Parry, John Widdowson, 2013-10-08 First Published in 1994 The Survey of English Dialects SED is the only detailed nation wide dialect survey which has ever been conducted in England The SED is a unique repository of data on the traditional dialects of England in the mid twentieth century This remarkable record is a valuable resource for scholars in the fields of British English dialectology sociolinguistics and English historical linguistics The SED fieldwork was undertaken in predominantly rural communities in England in the middle of the twentieth century at a time when social domestic and working life was undergoing very significant changes The SED is thus a record of speech which reflects a society different in many ways from today and as such affords the possibility of comparison which is instructive to those engaged in all types of study of linguistics today

Cat Poop or Rabbit Poop? Colin Matthews, 2019-07-15 Animal tracking is a hobby of many nature lovers Tracking successfully means not only learning to identify footprints but also animal excrement This entertaining book focuses on two high interest animals cats and rabbits and explains biological facts about each including what their poop looks like Vivid photographs and bright text will make this a favorite read for animal fans of all reading levels

RSPB Nature Tracker's Handbook Nick Baker, 2015-12-10 RSPB The Nature Tracker's Handbook is a complete guide to how to interpret the signs that animals leave behind The art of nature tracking is very much like learning to read but instead of reading words the tracker reads traces Every animal leaves different traces as it goes about its everyday business If you learn to read the signs left by footprints leftover food droppings and scrapes in the earth you will soon be able to tell the story of an animal's life packed with fascinating details and hidden meanings The RSPB Nature Tracker's Handbook explains with extensive photography and detailed diagrams how to find and interpret the evidence that animals leave behind from a pile of mangled feathers to a delicately nibbled mushroom Nick Baker also demonstrates useful tracker activities such as how to mount a discarded nymph skin and how to dissect an owl's pellet to reveal its last meal There's a nature detective in all of us so get out there and get tracking
