Irene Rima Makaryk, 1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it Irene Makaryk has compiled a welcome guide to the field Accessible and jargon free the *Encyclopedia of Contemporary Literary Theory* provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the

categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture      **Mikhail Bakhtin**

Izvol'skaja, 1968      **The Ends of Satire** Daniel Bowles, 2015-02-24 How are we to think of satire if it has ceased to exist as a discrete genre This study proposes a novel solution understanding the satiric in the postwar era as a set of writing practices figures of inversion myth making and citation By showing how writers and theorists alike deploy these devices in new contexts this book reexamines the link between German postwar writing and the history of satire and between literature and theory      Essays in Experimental Psychology Harvie Ferguson, 1983-06-18      *Rabelais and His World* Michail Michajlovič forme avant 2007 Bachtin, 1968      *From the Colonial to the Carnival* Dr. Siddhartha R., Dr. Rani P. L., 2022-02-14 Research in colonial studies has traditionally revolved around the historical political and economic aspects of the colonial regime The case is no different with the British Empire in India The Empire was however built less by military force and more through cultural reinforcement To this end the British engaged many tools religion language and sport Among the three Cs of Victorian England that defined civilisation Cricket stood on par with Christianity and the Classics Beyond being a sport cricket was the Englishman's representation of his Englishness in the colonies and a tool used for colonisation a scantily researched area This book traces through the colonial postulates of Edward Said and Homi K Bhabha the colonial path cricket took to its growth in the colony The game moved from the exclusivity of the English to the mimicry of the natives as a part of the informal modes of rule employed in a colonial framework Once formal modes were employed in the Empire phases of cultural reinforcement by the colonists followed by patronage by the natives took over the spread of the game Historical narratives are filled with examples supporting each phase in the sport The very same tool that was used to establish the native's effeminacy was used finally to invert the hegemony The book argues how decolonisation in India's case did not occur through rejection of the colonial culture but paradoxically through adaptation and assimilation in clear colonial terms This discussion achieves recency and relevance through its exposition of the telling decolonising moves in cricket to subvert authority through the IPL Mikhail Bakhtin's theory of the carnival helps view the shift of cricket from the colonial to the carnival mode
