Race And Ethnicity In Anglo Saxon Literature:

Race and Ethnicity in Anglo-Saxon Literature Stephen Harris,2004-06-01 What makes English literature English This question inspires Stephen Harris s wide ranging study of Old English literature From Bede in the eighth century to Geoffrey of Monmouth in the twelfth Harris explores the intersections of race and literature before the rise of imagined communities Harris examines possible configurations of communities illustrating dominant literary metaphors of race from Old English to its nineteenth century critical reception Literary voices in the England of Bede understood the limits of community primarily as racial or tribal in keeping with the perceived divine division of peoples after their languages and the extension of Christianity to Bede s Germanic neighbours was effected in part through metaphors of family and race Harris demonstrates how King Alfred adapted Bede in the ninth century how both exerted an effect on Archbishop Wulfstan in the eleventh and how Old English poetry speaks to images of race

Race and Ethnicity in Anglo-Saxon Literature Stephen Harris,2004-06-01 What makes English literature English This question inspires Stephen Harris s wide ranging study of Old English literature From Bede in the eighth century to Geoffrey of Monmouth in the twelfth Harris explores the intersections of race and literature before the rise of imagined communities Harris examines possible configurations of communities illustrating dominant literary metaphors of race from Old English to its nineteenth century critical reception Literary voices in the England of Bede understood the limits of community primarily as racial or tribal in keeping with the perceived divine division of peoples after their languages and the extension of Christianity to Bede s Germanic neighbours was effected in part through metaphors of family and race Harris demonstrates how King Alfred adapted Bede in the ninth century how both exerted an effect on Archbishop Wulfstan in the eleventh and how Old English poetry speaks to images of race

Imagining the Jew in Anglo-Saxon Literature and Culture Samantha Zacher,2016-01-01 The thirteen essays in *Imagining the Jew* in Anglo Saxon Literature and Culture examine visual and textual representations of Jews before 1066

[The Oxford Handbook of Medieval Literature in English](#) Elaine Treharne,Greg Walker,William Green,2010-04-15 Bringing together the insights of new fields and approaches with those of more familiar texts and methods this handbook provides a comprehensive overview of the state of Medieval Literature today It discusses texts such as Beowulf Wulf and Eadwacer and Ancrene Wisse and authors from Ifric to Chaucer Langland and the Gawain Poet

Vernacular Verse Histories in Early Medieval England and Francia Catalin Taranu,2021-03-08 In a provocative take on Germanic heroic poetry Taranu reads texts like Beowulf Maldon and the Waltharius as participating in alternative modes of history writing that functioned in a larger ecology of narrative forms including Latinate Christian history and the biblical epic These modes employed the conceit of their participating in a tradition of oral verse for a variety of purposes from political propaganda to constructing origin myths for early medieval nationhood or heroic masculinity and sometimes for challenging these paradigms The more complex of these historical visions actively meditated on their own relationship to truthfulness and fictionality while also performing

sophisticated and often subversive cultural and socio emotional work for its audiences By rethinking canonical categories of historiographical discourse from within medieval textual productions Vernacular Verse Histories in Early Medieval England and Francia The Bard and the Rag Picker aims to recover a part of the wide array of narrative poetic forms through which medieval communities made sense of their past and structured their socio emotional experience *Materializing Englishness in Early Medieval Texts* Jacqueline Fay,2022 Provides a new way of understanding how people became English during the Anglo Saxon period by tracing the links between Englishness and the body in the texts and culture of this time

Dating Beowulf Daniel C. Remein,Erica Weaver,2019-12-20 This electronic version has been made available under a Creative Commons BY NC ND open access license Featuring essays from some of the most prominent voices in early medieval studies Dating Beowulf playfully redeploys the word dating which usually heralds some of the most divisive critical impasses in the field to provocatively phrase a set of new relationships with an Old English poem The volume argues for the relevance of the early Middle Ages to affect studies and vice versa offering a riposte to antifeminist discourse and opening avenues for future work by specialists in the history of emotions literary theorists students of Old English literature and medieval scholars alike To this end the essays embody a range of critical approaches from queer theory to animal studies and ecocriticism to actor network theory **The Old English Version of Bede's Historia Ecclesiastica** Sharon M.

Rowley,2011 Pioneering examination of the Old English version of Bede s Historia ecclesiastica and its reception in the middle ages from a theoretically informed multi disciplinary perspective *Old English Literature and the Old Testament* Michael Fox,Manish Sharma,2014-05-01 It would be difficult to overestimate the importance of the Bible in the medieval world For the Anglo Saxons literary culture emerged from sustained and intensive biblical study Further at least to judge from the Old English texts which survive the Old Testament was the primary influence both in terms of content and modes of interpretation Though the Old Testament was only partially translated into Old English recent studies have shown how completely interconnected Anglo Latin and Old English literary traditions are Old English Literature and the Old Testament considers the importance of the Old Testament from a variety of disciplinary perspectives from comparative to intertextual and historical Though the essays focus on individual works authors or trends including the Interrogationes Sigewulfi Genesis A and Daniel each ultimately speaks to the vernacular corpus as a whole suggesting approaches and methodologies for further study **A Companion to Ælfric** Hugh Magennis,Mary Swan,2009 This collection provides a new authoritative and challenging study of the life and works of Ælfric of Eynsham the most important vernacular religious writer in the history of Anglo Saxon England

Æthelflæd, Lady of the Mercians, and Women in Tenth-Century England Rebecca Hardie,2023-11-06 theflæd c 870 918 political leader military strategist and administrator of law is one of the most important ruling women in English history Despite her multifaceted roles and family legacy however her reign and relationship with other women in tenth century England have never been the subject of a book length study This interdisciplinary collection of

essays redresses a notable hiatus in scholarship of early medieval England the *fl d Lady of the Mercians* and *Women in Tenth Century England* argues for a reassessment of women s political military literary and domestic agency It invites deeper reflection on the female kinships networks and communities that give meaning to the *fl d s* life and through this shows how medieval history can invite new engagements with the past [Writing the World in Early Medieval England](#) Nicole Guenther Discenza, Heide Estes, 2023-09-28 The early medieval English were far more diverse and better connected to a broader world Their writings reveal substantial interest in Europe Asia and Africa while they situated themselves firmly within Christian Europe They drew many ideas from textual sources and filled out their conceptions from their own travels and interactions with visitors Chronicles histories poetry homilies saints lives and occasionally maps tell of peoples and lands from the British Isles to their near neighbors in Scandinavia to such distant places as Jerusalem North Africa and India They also imagined geographies that veered into the fantastic and vividly depicted hell purgatory and heaven This Element provides insights about early medieval English who were engaged deeply in a variety of modes with other parts of their world Both the connections and the divisions they constructed still have impact today *Beowulf in Contemporary Culture* David Clark, 2019-11-29 This collection explores Beowulf s extensive impact on contemporary culture across a wide range of forms The last 15 years have seen an intensification of scholarly interest in medievalism and reimaginings of the Middle Ages However in spite of the growing prominence of medievalism both in academic discourse and popular culture and in spite of the position Beowulf itself holds in both areas no study such as this has yet been undertaken *Beowulf in Contemporary Culture* therefore makes a significant contribution both to early medieval studies and to our understanding of Beowulf s continuing cultural impact It should inspire further research into this topic and medievalist responses to other aspects of early medieval culture Topics covered here range from film and television to video games graphic novels children s literature translations and versions along with original responses published here for the first time The collection not only provides an overview of the positions Beowulf holds in the contemporary imagination but also demonstrates the range of avenues yet to be explored or even fully acknowledged in the study of medievalism [Hybridity, Identity, and Monstrosity in Medieval Britain](#) J. Cohen, 2016-04-30 This study examines the monsters that haunt twelfth century British texts arguing that in these strange bodies are expressed fears and fantasies about community identity and race during the period Cohen finds the origins of these monsters in a contemporary obsession with blood both the literal and metaphorical kind **Religion, Politics and Society in Britain, 800-1066** A E Redgate, 2014-03-05 Using a comparative and broad perspective *Religion Politics and Society in Britain 800 1066* draws on archaeology art history material culture texts from charms to chronicles from royal law codes to sermons to poems and other evidence to demonstrate the centrality of Christianity and the Church in Britain 800 1066 It delineates their contributions to the changes in politics economy society and culture that occurred between 800 and 1066 from nation building to practicalities of government to landscape The period 800 1066 saw the

beginnings of a fundamental restructuring of politics society and economy throughout Christian Europe in which religion played a central role In Britain too the interaction of religion with politics and society was profound and pervasive There was no part of life which Christianity and the Church did not touch they affected belief thought and behaviour at all levels of society This book points out interconnections within society and between archaeological art historical and literary evidence and similarities between aspects of culture not only within Britain but also in comparison with Armenian Christendom A E Redgate explores the importance of religious ideas institutions personnel and practices in the creation and expression of identities and communities the structure and functioning of society and the life of the individual This book will be essential reading for students of early medieval Britain and religious and social history **Arthur, Origins, Identities and the Legendary History of Britain** Jean Blacker, 2024-03-18 Geoffrey of Monmouth's immensely popular Latin prose *Historia regum Britanniae* c 1138 followed by French verse translations Wace's *Roman de Brut* 1155 and anonymous versions including the *Royal Brut* the *Munich Harley* and *Egerton Bruts* 12th 14th c initiated Arthurian narratives of many genres throughout the ages alongside Welsh English and other traditions *Arthur Origins Identities and the Legendary History of Britain* addresses how Arthurian histories incorporating the British foundation myth responded to images of individual or collective identity and how those narratives contributed to those identities What cultural political or psychic needs did these Arthurian narratives meet and what might have been the origins of those needs And how did each text contribute to a larger picture of Arthur to the construction of a myth that still remains so compelling today **The Cambridge Introduction to Anglo-Saxon Literature** Hugh Magennis, 2011-06-16 Introducing Anglo Saxon literature in an approachable way this is an indispensable guide for students to a key literary topic **The Old English Translation of Bede's Historia Ecclesiastica Gentis Anglorum in its Historical and Cultural Context** Andreas Lemke, 2015 Did King Alfred the Great commission the Old English translation of Bede's *Historia Ecclesiastica Gentis Anglorum* probably the masterpiece of medieval Anglo Latin Literature as part of his famous program of translation to educate the Anglo Saxons Was the Old English *Historia* by any chance a political and religious manifesto for the emerging Kingdom of the Anglo Saxons Do we deal with the literary cornerstone of a nascent English identity at a time when the Anglo Saxon kingdoms were threatened by a common enemy the Vikings Andreas Lemke seeks to answer these questions among others in his recent publication He presents us with a unique compendium of interdisciplinary approaches to the subject and sheds new light on the Old English translation of the *Historia* in a way that will fascinate scholars of Literature Language Philology and History **Danes in Wessex** Ryan Lavelle, Simon Roffey, 2015-11-30 There have been many studies of the Scandinavians in Britain but this is the first collection of essays to be devoted solely to their engagement with Wessex New work on the early Middle Ages not least the excavations of mass graves associated with the Viking Age in Dorset and Oxford drew attention to the gaps in our understanding of the wider impact of Scandinavians in areas of Britain not traditionally associated with them Here a multidisciplinary and interdisciplinary

approach to the problems of their study is presented While there may not have been the same degree of impact discernible particularly in place names and archaeology as in those areas of Britain which had substantial influxes of Scandinavian settlers Wessex was a major theater of the Viking wars in the reigns of Alfred and thelred Unr d Two major topics the Viking wars and the Danish landowning elite figure strongly in this collection but are shown not to be the sole reasons for the presence of Danes or items associated with them in Wessex Multidisciplinary approaches evoke Vikings and Danes not just through the written record but through their impact on real and imaginary landscapes and via the objects they owned or produced The papers raise wider questions too such as when did aggressive Vikings morph into more acceptable Danes and what issues of identity were there for natives and incomers in a province whose founders were believed to have also come from North Sea areas if not from parts of Denmark itself Readers can continue for themselves aspects of these broader debates that will be stimulated by this fascinating and significant series of studies by both established scholars and new researchers

Dudo of Saint-Quentin's Historia Normannorum Benjamin Pohl, 2015 When Dudo of Saint Quentin s Historia Normannorum first appeared in or around 1015 written for the then Duke of Normandy Richard II Dudo created a text without precedent By committing the lives and deeds of Richard II s ancestors to written memory for the first time since the foundation of Normandy under the Viking Rollo in 911 Dudo provided the Norman court at Rouen with both an official dynastic historiography and a treasured record of their collective past The Historia Normannorum was conceived from the outset as an idiosyncratic text which purported to be both staunchly traditional and remarkably innovative By means of a pioneering transdisciplinary combination of Historical Studies Manuscript Studies Literary Theory and Cultural Memory Studies this book explores medieval historiography through a unique and highly innovative lens The analysis showcases the Historia Normannorum s status as one of the most formative historical narratives of the Middle Ages one which may even provide the earliest surviving example of an illustrated chronicle from the entire Latin West Back cover

Right here, we have countless book **Race And Ethnicity In Anglo Saxon Literature** and collections to check out. We additionally present variant types and then type of the books to browse. The standard book, fiction, history, novel, scientific research, as without difficulty as various further sorts of books are readily user-friendly here.

As this Race And Ethnicity In Anglo Saxon Literature, it ends up brute one of the favored books Race And Ethnicity In Anglo Saxon Literature collections that we have. This is why you remain in the best website to see the amazing book to have.
