**Flak-Catchers** Lindsey Lupo, 2010-12-02. Flak Catchers explores the ways in which riot commissions, the institutional bodies appointed by an executive in the aftermath of a race riot to determine a riot timeline, investigate causes and offer prescriptions for change. Have dealt with racial violence in the United States over the last century. In studying five riots and their commissions: Chicago 1919, Harlem 1935, Los Angeles 1965, USA 1967 and Los Angeles 1992, this book shows that riot commissions only serve to give the appearance of strong and responsive government action during uncertain times. They primarily benefit the instituting body by focusing on a restoration of law and order while undermining any larger civil rights message. However, this book also challenges the prevalent idea that riot commissions are all the same by revealing how riot commissions have changed over the last century, shifting in their prominence, content and focus. After the 1968 Kerner Commission, which studied the 1967 summer riots, it has become increasingly common for the riot commission to fail to answer fundamental questions posed by the crisis.

**Racism** Ellis Cashmore, Ernest Cashmore, James Jennings, 2001. Chronological anthology of 38 essays that demonstrate the long and complex intellectual history of racism as an idea and show how powerful groups have utilized racism to advance social, economic or cultural interests.

**1974 Annual Supplement** Joan Schmitz Bergholt, 2013-12-21.

**Hispanic Population of the United States** Frank D. Bean, Marta Tienda, 1988-05-26. The Hispanic population in the United States is a richly diverse and changing segment of our national community. Frank Bean and Marta Tienda emphasize a shifting cluster of populations: Mexican, Puerto Rican, Cuban, Central and South American, Spanish and Caribbean, as they examine fertility and immigration, family and marriage patterns, education, earnings and employment. They discuss, for instance, the effectiveness of bilingual education, recommending instead culturally supportive programs that will benefit both Hispanic and non-Hispanic students. A study of the geographic distribution of Hispanics shows that their tendency to live in metropolitan areas may in fact result in an isolation which denies them equal access to schooling, jobs and health care. Bean and Tienda offer a critical, much-needed assessment of how Hispanics are faring and what the issues for the future will be. Their findings reveal and reflect differences in the Hispanic population that will influence policy decisions and affect the Hispanic community on regional and national levels. Represents the state of the art for quantitative analysis of ethnic groups in the United States. American Journal of Sociology. A Volume in the Russell Sage Foundation Census Series.

**Africans and Britons in the Age of Empires, 1660-1980** Myles Osborne, Susan Kingsley Kent, 2015-03-24. Africans and Britons in the Age of Empires, 1660-1980 tells the stories of the intertwined lives of African and

British peoples over more than three centuries In seven chapters and an epilogue Myles Osborne and Susan Kingsley Kent explore the characters that comprised the British presence in Africa the slave traders and slaves missionaries and explorers imperialists and miners farmers settlers lawyers chiefs prophets intellectuals politicians and soldiers of all colors The authors show that the oft told narrative of a monolithic imperial power ruling inexorably over passive African victims no longer stands scrutiny rather at every turn Africans and Britons interacted with one another in a complex set of relationships that involved as much cooperation and negotiation as resistance and force whether during the era of the slave trade the world wars or the period of decolonization The British presence provoked a wide range of responses reactions and transformations in various aspects of African life but at the same time the experience of empire in Africa and its ultimate collapse also compelled the British to view themselves and their empire in new ways Written by an Africanist and a historian of imperial Britain and illustrated with maps and photographs Africans and Britons in the Age of Empires 1660 1980 provides a uniquely rich perspective for understanding both African and British history      Subject Catalog Library of Congress,1981      **The Gallup Poll** Frank Newport,2015-11-09 This work is the only complete compilation of polls taken by the Gallup Organization the world s most reliable and widely quoted research firm in calendar year 2013 It is an invaluable tool for ascertaining the pulse of American public opinion as it evolves over the course of a given year and over time documents changing public perceptions of crucial political economic and societal issues It is a necessity for any social science research      *Book Review Digest* ,1926
