Race To The White Continent:

The Race to the White Continent Alan Gurney, 2002 A fascinating account of the early days of Antarctic exploration from an expert storyteller Class and Colonialism in Antarctic Exploration, 1750-1920 Ben Maddison, 2015-10-06 Between 1750 and 1920 over 15 000 people visited Antarctica Despite such a large number the historiography has ignored all but a few celebrated explorers Maddison presents a study of Antarctic exploration telling the story of these forgotten facilitators he argues that Antarctic exploration can be seen as an offshoot of European colonialism **The End of Truth Five Essays on The Demise of Neoliberalism** Bülent Somay, 2021-08-24 What seems to be happening throughout the last decade is the gradual invalidation and dissolution of what we used to call Truth and hence the disruption and gradual dissolution of what Foucault had called the existing hierarchical Regime of Truth What remains is not what Marx had hoped to be a more egalitarian regime in which the educators themselves are also educated but rather a Humpty Dumpty Regime where Truth is whatever the Humpty Dumpty in power wants it to be This book argues that this is an unmediated outcome of the profound social cultural and economic crisis of neoliberal capitalism and its political corollary the meteoric rise of populism and authoritarianism not only in the so called developing countries but throughout the entire globe CONTENTS PREFACE INTRODUCTION AFTER NEOLIBERALISM THE FLOOD CHAPTER 1 ON RADICAL AMBIGUITY CHAPTER 2 THE MIDAS BLESSING TURNING COMMODITIES INTO GIFTS CHAPTER 3 THE END OF TRUTH AS WE KNOW IT THE DISINTEGRATION OF THE UNIVERSITY DISCOURSE CHAPTER 4 THE GAME OF THRONES AS A FAILED ATTEMPT AT UNIVERSAL POPULISM CHAPTER 5 THE PSYCHOPOLITICS OF THE ENTITLED VICTIM THE COMING OF AGE OF CONTEMPORARY POPULISM **Kentiba Mender the God of Thunder and Lightning** Embaye Melekin, 2015-10-05 Mender was a wonderful man who followed in the dictates and aspirations of the Lord He fought vigorously to ensure that Africa did not fall into the hands of the British Empire His history is a story of a brave and a daring African who singlehandedly decided to liberate Africa from the hands of colonialist Britain I know no other person that had done so much for the continent of Africa as Mender in our entire history Mender's name is not a household name for obvious reasons as could be understood from reading of this book but his legacy shall remain etched in the hearts of all Africans His contribution is immense and his role in the liberation of Africa is incomparable with any other individual in the continent *The Commonwealth of Australia* Bernhard Ringrose Wise, 1909 TRUE MYTH Nashid Al-Amin, 2013 Why is it that encyclopedias assert the Vikings or Norsemen landed in parts of North America yet the Vikings have never been credited with its discovery Historians bestow this honor on Christopher Columbus who ventured here five hundred years after the Vikings having never set foot on the continent True Myth Black Vikings of the Middle Ages takes the reader where he or she has never been before We have always been told that Vikings or Norsemen were tall blond white and blue eyed an image that has been presented to us in books and films Now comes a book that challenges this centuries old assertion presenting

evidence that these vaunted warriors were not the people popular historians have told us they were The author presents evidence that white skinned peoples in England Ireland and Wales referred to Vikings as black pagans and black devils The extent of their dominance in Europe is examined in fact the author presents a reassessment of Europe that some readers will find difficult to believe beginning with man s migrations into the continent and examining a number of black skinned peoples who called Europe home from very ancient times almost to the present The reader has never read a book like this filled with quotations from noted historians as well as from several Icelandic sagas that will take the reader on a journey he or she has never imagined A more accurate picture of Europe has never been presented before The writer revisits the last ice age presents evidence of the heavy presence of blacks in ancient Europe and revisits ancient Greece Rome and areas of Asia discussing the presence of black skinned peoples in them before arriving in Viking age Scandinavia when Norsemen embarked on a three century long assault on the continent and began migrating to Iceland and other areas of North America Once the reader has completed True Myth Black Vikings of the Middle Ages he or she will have to question what he or she has been taught historians once thought to be trustworthy and the notion that the races were strictly divided and had never intermingled There has never been a truer picture of Europe written and the reader now has the opportunity to embark on the most thrilling journey he or she will ever take

thoroughly overlooked on the world stage We are underrepresented in regards to important decisions been made above our heads and disrespect of the Black race is IN YOUR FACE blatant A Black person born today will endure the same fate as Black people did a hundred years ago and the system is designed to maintain Africans in the same dependent position for many generations to come Black people in the western hemisphere has been geared to only strive for an elusive equality when reunification with Mother Africa should be our ultimate goal to achieve racial parity THE ULTIMATE AFRICAN SOLUTION will solve all of Black people s problems and provide the whole African race with one hundred percent employment for this and future generations The negative effects that slavery and colonialism has on the African s psyche must be affectedly nullified first and foremost in order to step up in race There are numerous steps to take to overcome the mental struggles caused from the enslavement of the mind syndrome and ridding the African race of self hate tops the list Africans It is imperative that we revel in each other s successes and instead of willfully keeping ourselves down we offer helping hands to pick each other up Africa is due reparation for the atrocities that our ancestors had to bear in order for the two races here in question to be able to truly coexist as nature intended Fighting on their behalf to make right them being wronged throughout five hundred years of recent history and still counting will allow our deserving ancestors to finally rest in peace THE ULTIMATE AFRICAN SOLUTION will be achieved without any human beings losing their lives No one have to die The Naked Australian Constitution Ian Killey,2022-07-07 Despite the Australian Constitution having been one of the most stable since its commencement in 1901 it is becoming fatally flawed The Naked Australian Constitution examines these flaws and the lack of public appreciation of those defects This is due to several serious errors including the racial basis of its origin and the misleading nature of its text with the High Court having interpreted it in a remarkably subjective manner undermining the few express requirements and freedoms in the Constitution while also applying concepts that are not required by the constitutional text As a result the Constitution is now what the High Court says it is instead of what it was expected to be by its drafters Most Australians have no knowledge of the Constitution or its operation but with the growing subjective application of the Constitution this constitutional digression requires remedy by a Constitutional review Ian Killey argues that without review the Australian people will eventually see the Australian Constitution for what it is rapidly becoming an Emperor with no clothes **Races and Peoples: Lectures on the Science of Ethnography** Daniel G. Brinton,2019-11-22 In Races and Peoples Lectures on the Science of Ethnography Daniel G Brinton delivers a comprehensive examination of human diversity linking ethnographic studies with anthropological insights Employing a clear and engaging literary style Brinton navigates through various racial classifications cultural practices and social constructs ultimately challenging the prevailing racial hierarchies of his time Grounded in the burgeoning field of scientific ethnography during the late 19th century the work seeks not only to catalog diverse human experiences but also to advocate for a more nuanced understanding of cultural complexity Daniel G Brinton a prominent American physician and anthropologist was well versed in

the scientific trends and socio political discourses of his era His background in medicine and keen interest in Native American cultures propelled him to explore the intricate tapestry of human societies Brinton s commitment to empirical observation and a more egalitarian perspective on race reflects his progressive stance against contemporary ethnocentric ideologies making his work an essential contribution to the nascent discipline of anthropology This book is highly recommended for those interested in the foundations of ethnographic studies and it offers invaluable insights into the intersection of race culture and science Brinton s thoughtful perspective challenges readers to reconsider their understandings of human diversity making it a crucial read for scholars students and culturally curious individuals alike
