Race Traitors

Michael L. Boucher

Race Traitors:

Race Traitor, 1996 Critical White Studies Richard Delgado, Jean Stefancic, 1997 No longer content with accepting whiteness as the norm critical scholars have turned their attention to whiteness itself In Critical White Studies Looking Behind the Mirror numerous thinkers including Toni Morrison Eric Foner Peggy McIntosh Andrew Hacker Ruth Frankenberg John Howard Griffin David Roediger Kathleen Heal Cleaver Noel Ignatiev Cherrie Moraga and Reginald Horsman attack such questions as How was whiteness invented and why How has the category whiteness changed over time Why did some immigrant groups such as the Irish and Jews start out as nonwhite and later became white Can some individual people be both white and nonwhite at different times and what does it mean to pass for white At what point does pride in being white cross the line into white power or white supremacy What can whites concerned over racial inequity or white privilege do about it Science and pseudoscience are presented side by side to demonstrate how our views on whiteness often reflect preconception not fact For example most scientists hold that race is not a valid scientific category genetic differences between races are insignificant compared to those within them Yet the one drop rule whereby those with any nonwhite heritage are classified as nonwhite persists even today As the bell curve controversy shows race concepts die hard especially when power and prestige lie behind them A sweeping portrait of the emerging field of whiteness studies Critical White Studies presents for the first time the best work from sociology law history cultural studies and literature Delgado and Stefancic expressly offer critical white studies as the next step in critical race theory In focusing on whiteness not only do they ask nonwhites to investigate more closely for what it means for others to be white but also they invite whites to examine themselves more searchingly and to look behind the mirror **Treason to Whiteness Is Loyalty to Humanity** Noel Ignatiev, 2022-06-28 A new collection of essays from the bomb throwing intellectual who described the historical origins and evolution of whiteness and white supremacy and taught us how we might destroy it For sixty years Noel Ignatiev provided an unflinching account of whiteness a social fiction and an unmitigated disaster for all working class people This new essay collection from the late firebrand covers the breadth of his life and insights as an autodidact steel worker a groundbreaking theoretician and a bitter enemy of racists everywhere In these essays Ignatiev confronts the Weather Underground and recounts which strategies proved most effective to winning white workers in Gary Indiana to black liberation He discovers the prescient political insights of the nineteenth century abolition movement surveys the wreckage of the revolutionary twentieth century with C L R James and attends to the thorny and contradictory nature of working class consciousness Through it all our attentions are turned to the everyday life of ordinary people whose actions anticipate a wholly new society they have not yet recognized or named In short Ignatiev reflects on the incisive questions of his time and ours How can we drive back the forces of racism in society How can the so called white working class be won over to emancipatory politics How can we build a new human community *What Do White Americans Owe Black People?* Jason D. Hill, 2021-10-12 In this

provocative and highly original work philosophy professor Jason D Hill explores multiple dimensions of race in America today but most importantly a black white divide which has grown exponentially over the past decade Central to his thesis Hill calls on black American leaders and their white liberal sponsors to escape from the cycle of blame and finger pointing which seeks to identify black failures with white hatred and indifference This overblown narrative is promulgated by a phalanx of black nihilists who advocate the destruction of America and her institutions in the name of ending whiteness Much of the black intelligentsia consists of these false prophets and it is their poisonous ideology which is taught uncontradicted to students of all races It is they who are responsible for the cultural depression blacks are suffering in today s society Ultimately the answer to what do White Americans owe is not about the morality or practicality of reparations affirmative action or other redistributionist schemes Hill rejects the collectivist premise behind the argument instead couching notions of culpability justice and fairness as responsibilities of individuals not arbitrary racial or ethnic groupings

Moral and Immoral Whiteness in Immigration Politics Yalidy Matos,2023 Immigration has been at the heart of US politics for centuries In *Moral and Immoral Whiteness in Immigration Politics* Yalidy Matos examines the inherent moral value based nature of white Americans immigration attitudes including preferences on local immigration enforcement programs federal immigration policy and levels of legal immigration allowed Does identifying as white always signify a commitment to maintain the racial status quo or can it result in commitments to racial justice How do we understand the passage of state level sanctuary and anti sanctuary immigration legislation through a white identity political lens Thinking about whiteness as a moral choice complicates the idea that immigration policy preferences are mostly about demographic shifts To examine the centrality of morality in white Americans immigration attitudes Matos looks at public opinion survey data as well as the roll call votes of elected officials She examines the conditions under which white Americans choose to reproduce a system structured on white supremacy or repudiate it as well as the role of socialization in their choices and immigration attitudes As immigration continues to be weaponized to divide Matos highlights the importance of understanding the roots of immigration attitudes in the United States and the ways in which whiteness structures these attitudes

Ghana's Ashanti Pioneer Newspaper Jarvis L. Hargrove,2022-11-29 This book is a history of a prominent Ghanaian newspaper the Ashanti Pioneer as well as well known figurers in the country itself It utilizes the stories published in the newspaper to recount the history of the press including its key individuals and groups and to provide a unique perspective on the most important events in the Gold Coast during the mid twentieth century just prior to and after independence This work will show that the Ashanti Pioneer influenced public opinion on several subjects From its opening in 1939 the newspaper contributed greatly to the spread of newsworthy information throughout Ghana formerly known as the Gold Coast from Kumasi to the coastline and to its Northern borders Readers interested in African History independence movements and newspaper history will find this work insightful

Disrupting White Supremacy Jennifer Harvey,Karin A. Case,Robin Hawley Gorsline,2008-05-13 Through careful

thoughtful examination of the nature and workings of race racism and white supremacy the contributors an all white group of theologians ethicists teachers ministers and activists have provided a resource that will help white people do their own souls acknowledging its devastating effects on people of color and taking their own steps toward it s abolishment **A Pedagogy of Anticapitalist Antiracism** Zachary A. Casey, 2016-10-24 Winner of the 2018 Outstanding Book Award presented by the Society of Professors of Education Through an analysis of whiteness capitalism and teacher education A Pedagogy of Anticapitalist Antiracism sheds light on the current conditions of public education in the United States We have created an environment wherein market based logics of efficiency lowering costs and increasing returns have worked to disadvantage those populations most in need of educational opportunities that work to combat poverty This book traces the history of whiteness in the United States with an explicit emphasis on the ways in which the economic system of capitalism functions to maintain historical practices that function in racist ways Practitioners and researchers alike will find important insights into the ways that the history of white racial identity and capitalism in the United States impact our present reality in schools Casey concludes with a discussion of revolutionary hope and possibilities for resistance to the barrage of dehumanizing reforms and privatization engulfing much of the contemporary educational landscape **The Routledge International Handbook of Critical Education** Michael W. Apple, Wayne Au, Luis Armando Gandin, 2009-02-17 The Routledge International Handbook of Critical Education is the first authoritative reference work to provide an international analysis of the relationship between power knowledge education and schooling Rather than focusing solely on questions of how we teach efficiently and effectively contributors to this volume push further to also think critically about education s relationship to economic political and cultural power The various sections of this book integrate into their analyses the conceptual political pedagogic and practical histories tensions and resources that have established critical education as one of the most vital and growing movements within the field of education including topics such as social movements and pedagogic work critical research methods for critical education the politics of practice and the recreation of theory the freirian legacy With a comprehensive introduction by Michael W Apple Wayne Au and Luis Armando Gandin along with thirty five newly commissioned pieces by some of the most prestigious education scholars in the world this Handbook provides the definitive statement on the state of critical education and on its possibilities for the future [Unmasking White Preaching](#) Lis Valle-Ruiz, Andrew Wymer, 2022-04-06 This book examines the impact of white racialization in homiletics The first section Racial Hegemony interrogates the white colonial bias of Euro American homiletical practice pedagogy and theory with particular attention to the intersection of preaching and racialization The second section Resistance and Possibilities contributes diverse critical homiletical approaches emerging in conversation with racially minoritized scholarship and racially subjugated knowledge and practice By reading this book preachers and professors of preaching will encounter alternative non dominant homiletical pathways toward a more just future for the church and the world *Whites Confront*

Racism Eileen O'Brien, 2001-08-14 This book asserts the distinctive place that whites can take in the fight for racial justice bringing together interviews with white antiracist activists from across North America Avoiding the typical white options of being nonracist or feeling guilty these whites demonstrate the multitude of ways whites can be proactive in combating modern racism These activists of both genders and all ages have arrived at their antiracist commitments through several different yet typical paths These whites struggle to transform individuals institutions and themselves to varying degrees incurring risks as well as rewards along the way Their affiliations with antiracist organizations or lack thereof play a crucial role in the differences among them and their approaches to antiracist work The whites who are involved with antiracist groups come predominantly from either Anti Racist Action or the People's Institute for Survival and Beyond and the contrast between these two groups woven throughout the analysis leads to the conclusion that there are different types of antiracism Although unity among them may not be possible or even desirable acceptance of a broader concept of racism by all antiracists is one of the ending suggestions for the future of antiracism No Politics but Class Politics Walter Benn Michaels, Adolph Reed, Jr., 2023-02-27 Denouncing racism and celebrating diversity have become central mainstays of progressive politics for many on the left social justice consists of equitable distribution of wealth power and esteem among racial groups But as Adolph Reed Jr and Walter Benn Michaels argue in this groundbreaking collection of essays the emphasis seems to be tragically misplaced Not only does a fixation with racial disparities distract from the pervasive influence of class it actually legitimises economic inequality Adolph Reed Jr is the towering radical theorist of American democracy of his generation Cornel West Walter Benn Michaels is cunning brilliant acutely suggestive exhilarating to read Eric Lott Wokelords and anti racist liberals will be frustrated enraged and defeated This book pushes us closer towards the uncompromising bare knuckled anti capitalist movement we so desperately need Cedric Johnson An exhilarating journey that swaps the orthodoxies of contemporary progressive culture for a class politics rooted in universalism James Bloodworth Adolph Reed Jr and Walter Benn Michaels have been among the clearest voices critiquing the dominant race reductionism in American intellectual life and proposing a real egalitarian alternative Bhaskar Sunkara Anyone interested in the politics of race and class must push aside the dogma of identity and grapple with what Reed Jr and Michaels have been arguing for decades Jodi Dean These essays tell the story of the last seven decades charting the decline of the left and American politics The result is as rich as it is rare a long view that is pressing and immediate Corey Robin Reed Jr and Michaels take a hammer to common ways of thinking about race class inequality and identity revealing ugly truths and challenging us out of our comfort zones Kenan Malik Whiteness Mike Hill, 1997-07 An anthology of white culture *Habits of Whiteness* Terrance MacMullan, 2009-03-26 Habits of Whiteness offers a new way to talk about race and racism by focusing on racial habits and how to change them According to Terrance MacMullan the concept of racial whiteness has undermined attempts to create a truly democratic society in the United States By getting to the core of the racism that lives on in unrecognized habits

MacMullan argues clearly and charitably for white folk to recognize the distance between their color blind ideals and their actual behavior Revitalizing the work of W E B Du Bois and John Dewey MacMullan shows how it is possible to reconstruct racial habits and close the gap between people This forthright and persuasive analysis of the impulses of whiteness ultimately reorganizes them into something more compatible with our country s increasingly multicultural heritage *The Terrorist Next Door* Daniel Levitas,2025-04-16 September 11 2001 focused America s attention on the terrorist threat from abroad but as the World Trade Center towers collapsed domestic right wing hate groups were celebrating in the United States Hallelu Yahweh May the WAR be started DEATH to His enemies may the World Trade Center BURN TO THE GROUND announced August Kreis of the paramilitary group the Posse Comitatus We can blame no others than ourselves for our problems due to the fact that we allow Satan s children called jews sic today to have dominion over our lives The Terrorist Next Door reveals the men behind far right groups like the Posse Comitatus Latin for power of the county and the ideas that inspired their attempts to bring about a racist revolution in the United States Timothy McVeigh was executed for killing 168 people when he bombed the Alfred P Murrah Federal Building in 1995 but The Terrorist Next Door goes well beyond the destruction in Oklahoma City and takes readers deeper and more broadly inside the Posse and other groups that comprise the paramilitary right From the emergence of white supremacist groups following the Civil War through the segregationist violence of the civil rights era the right wing tax protest movement of the 1970s the farm crisis of the 1980s and the militia movement of the 1990s the book details the roots of the radical right It also tells the story of men like William Potter Gale a retired Army officer and the founder of the Posse Comitatus whose hate filled sermons and calls to armed insurrection have fueled generations of tax protesters militiamen and other anti government zealots since the 1960s Written by Daniel Levitas a national expert on the origins and activities of white supremacist and neo Nazi groups The Terrorist Next Door is painstakingly researched and includes rich detail from official documents including the FBI private archives and confidential sources never before disclosed In detailing these and other developments The Terrorist Next Door will prove to be the most definitive history of the roots of the American militia movement and the rural radical right ever written **A Promise and a Way of Life** Becky W. Thompson,2001 Beginning with the diverse catalysts that started these activists on their journeys this book demonstrates the contributions and limitations of white antiracism in key social justice movements **BOOK JACKET** *Homeland Insecurity* Richard Abanes,Evangeline Abanes,2007 Narrowly escaping death when white supremacists explode targets in five cities journalist Frank Delafield wonders how such a deadly plot could escape law enforcement suspicions When his investigation leads to a clandestine religious cult in the California desert planning a Fourth Reich will he be able to reveal their dangerous vision before it s too late *More Than an Ally* Michael L. Boucher,2020-09-15 The Caring Solidarity framework is both descriptive and aspirational It is an attempt to empower White teachers to do the work of interrogating their racial privilege and join in Caring Solidarity with their African American

students The framework can be used to describe teachers who are working in Caring Solidarity with their students and to develop teachers with intention toward Caring Solidarity We are in a unique historical moment that demands White teachers become more effective in their schools classrooms and communities and for researchers to find ways to describe those teachers who build relationships of solidarity with students Considering today s tenor of the conversation around race picking up this book and considering its contents is an act of defiance of the current climate and or one of devotion to the art and craft of teaching children Caring Solidarity is not a replacement for current frameworks such as Culturally Sustaining Pedagogy or Abolitionist Pedagogy but is a map for White teachers to journey toward those pedagogies Everyone starts from somewhere The path is winding and long but the goal to create an equitable and humane classroom is worth the trip The purpose of this theory is to point the way

The Rebels Trilogy Complete Collection Jamila Jasper, A small Southern town wants to bring back the rigid rules of the confederacy forcing Caroline to hide her twisted and complicated relationship with three hot white men as she tries to stop a small town conspiracy Caroline doesn t want to choose between her career in politics or the three hot men who share her bed every night She shouldn t have to choose But right now freedom is under threat The older generation wants a return to the stars and bars and a fight against diversity All interracial relationships could be illegal soon Relationships with three white men and one black woman could be punishable by death Caroline never meant to get involved in politics Neither did Travis Chase or Bud This was just supposed to be about heat between the sheets But when loving someone of a different race leads to blood feuds political assassinations and murder Is it possible for love to survive Read all three books right here in this completed series eBook collection

Normalcy Never Again A. Christian van Gorder, Lewis T. Tait, 2025-03-31 Stock worn exhausted and generalized diatribes against racism litter the American horizon Instead of reiterating these arguments the authors of *Normalcy Never Again* share fresh constructive and proactive perspectives in hopes of reinvigorating our nation s ongoing conversation about racist oppression This book is at times personal and painfully honest but it is always passionate about telling the truth and forging pathways forward through specific challenges met with Afrocentric solutions Readers will gain not only a renewed challenge rooted in heuristic insights but also a greater degree of historical insight intercultural understanding and sturdy non artificial hope

The Engaging Realm of E-book Books: A Detailed Guide Unveiling the Pros of E-book Books: A World of Convenience and Versatility E-book books, with their inherent mobility and ease of availability, have liberated readers from the limitations of physical books.
