Jones-Wilson, Margo Okazawa-Rey, 1996-08-28 This indispensable reference is a comprehensive guide to significant issues policies historical events laws theories and persons related to the education of African Americans in the United States Through several hundred alphabetically arranged entries the volume chronicles the history of African American education from the systematic long term denial of schooling to blacks before the Civil War to the establishment of the Freedmen's Bureau and the era of Reconstruction to *Brown v Board of Education* and the civil rights reforms of the last few decades Entries are written by expert contributors and contain valuable bibliographies while a selected bibliography of general sources concludes the volume The African American population is unique in that its educational history includes as law and public policy the systematic long term denial of the acquisition of knowledge In the 18th century African Americans were initially legally forbidden to be taught academic subjects in the South where most African Americans lived This period which ended around 1865 with the conclusion of the Civil War and the establishment of the Freedmen's Bureau was followed by the introduction of laws policies and practices providing for rudimentary education for 69 years under the dual school separate but equal policies established by *Plessy v Ferguson* 1896 These policies did not end until the *Brown v Board of Education* decisions of 1954 and 1955 were reinforced by the passage of civil rights and equal opportunity legislation in the mid 1960s The education of African Americans has been a continuing moral political legal economic and psychological issue throughout this country's history It continues to consume time and attention and it remains an unresolved dilemma for the nation Through several hundred alphabetically arranged entries this indispensable reference offers a comprehensive overview of significant issues policies historical events laws persons and theories related to African American education from the early years of this country to the present day The entries are written by expert contributors and each entry includes a bibliography of works for further reading A selected general bibliography concludes the volume **Voices of Conflict** Reitumetse Obakeng Mabokela, 2002-05-03 The South African higher education system has historically been characterized by racial and gender inequities inherited from the discriminatory policies of the apartheid era Emerging from a higher education history plagued with deeply entrenched racial disparities *Voices of Conflict* examines how academic programs and structures at the historically white universities have responded to the increasing enrollment of black students since the enactment of the Universities Amendment Act in 1983 Dr Mabokela specifically seeks to understand the perceptions and attitudes of students faculty and administrators and to determine how these respective constituents have responded to changes in student

demographics Her study brings to light with clarity and thoroughness many too often overlooked and neglected issues in higher education in South Africa *Historical Dictionary of School Segregation and Desegregation* Jeffrey Raffel,1998-10-15 Throughout the nation s history from before the Civil War through Reconstruction across the years of lynchings and segregation to the Brown v Board of Education decision and the battles over busing no issue has divided the American people more than race and at the heart of the race issue has been the conflict over school segregation and desegregation Prior to the Civil War South Carolina enacted the first compulsory illiteracy law which made it a crime to teach slaves to write and other Southern states soon followed South Carolina s example After the Civil War schools for blacks were founded throughout the South including many Historically Black Colleges and Universities The 1896 Plessy v Ferguson Supreme Court decision established the principle of separate but equal education which led to decades of segregation With the 1954 Brown decision the Supreme Court overturned the separate but equal principle and the Civil Rights Act of 1964 empowered the federal government to affect school desegregation The process of desegregation continues to this day with much debate and mixed results Through more than 260 alphabetically arranged entries this comprehensive reference book describes persons court decisions terms and concepts legislation reports and books types of plans and organizations central to the struggle for educational equality The volume covers topics ranging from emotionally laden terms such as busing to complex legal concepts such as de facto and de jure segregation Each entry includes factual information a summary of different viewpoints and a brief bibliography The book includes an introduction which outlines the history of school segregation and desegregation along with a chronology and extensive bibliographic material Thus this reference is a complete guide to school segregation and desegregation in elementary secondary and higher education in the United States *Advancing Democracy* Amilcar Shabazz,2005-11-16 As we approach the fiftieth anniversary of Brown v Board of Education 1954 it is important to consider the historical struggles that led to this groundbreaking decision Four years earlier in Texas the Sweatt v Painter decision allowed blacks access to the University of Texas s law school for the first time Amilcar Shabazz shows that the development of black higher education in Texas which has historically had one of the largest state college and university systems in the South played a pivotal role in the challenge to Jim Crow education Shabazz begins with the creation of the Texas University Movement in the 1880s to lobby for equal access to the full range of graduate and professional education through a first class university for African Americans He traces the philosophical legal and grassroots components of the later campaign to open all Texas colleges and universities to black students showing the complex range of strategies and the diversity of ideology and methodology on the part of black activists and intellectuals working to promote educational equality Shabazz credits the efforts of blacks who fought for change by demanding better resources for segregated black colleges in the years before Brown showing how crucial groundwork for nationwide desegregation was laid in the state of Texas

Racism in the United States Meyer Weinberg,1990-05-21 This volume represents the most comprehensive book length

bibliography on the subject of racism available in the United States Compiler Meyer Weinberg has surveyed a wide ranging group of material and classified it under 87 subject headings drawing on articles books congressional hearings and reports theses and dissertations research reports and investigative journalism Historical references cover the long history of racism while the heightened awareness and activity of the recent past is also addressed in detail In addition to works that fit the narrow definition of racism as a mode of oppression or group denial of rights based on color Weinberg includes references dealing with sexism antisemitism economic exploitation and similar forms of dehumanization References are grouped under a series of subject headings that include Civil Rights Desegregation Housing Socialism and Racism Unemployment and Violence against Minorities Items which do not have self explanatory titles are annotated and virtually every section is thoroughly cross referenced Also included is one section of carefully selected references on racism in countries other than the United States Unlike the remainder of the book this section is not comprehensive but rather provides an opportunity to view racism comparatively The volume concludes with an author index This work will be a significant addition to both academic and public libraries as well as an important resource for courses in racism sociology and black history **You**

Must Be from the North Kimberly K. Little, 2009-10-20 You must be from the North was a common derogatory reaction to the activities of white women throughout the South well meaning wives and mothers who joined together to improve schools or local sanitation but found their efforts decried as more troublesome civil rights agitation You Must Be from the North Southern White Women in the Memphis Civil Rights Movement focuses on a generation of white women in Memphis Tennessee born between the two World Wars and typically omitted from the history of the civil rights movement The women for the most part did not jeopardize their lives by participating alongside black activists in sit ins and freedom rides Instead they began their journey into civil rights activism as a result of their commitment to traditional female roles through such organizations as the Junior League What originated as a way to do charitable work however evolved into more substantive political action While involvement with groups devoted to feeding school children and expanding Bible study sessions seemed benign these white women's growing awareness of racial disparities in Memphis and elsewhere caused them to question the South's hierarchies in ways many of their peers did not Ultimately they found themselves challenging segregation more directly found themselves ostracized as a result and discovered they were often distrusted by a justifiably suspicious black community Their newly discovered commitment to civil rights contributed to the success of the city's sanitation workers strike of 1968 Dr Martin Luther King Jr's death during the strike resonated so deeply that for many of these women it became a defining moment In the long term these women proved to be a persistent and progressive influence upon the attitudes of the white population of Memphis and particularly on the city's elite **Across the Line** Barry

Jacobs, 2022-11-01 In the 1960s college sports required more than athletic prowess from its African American players For many pioneering basketball players on 18 teams in the Atlantic and Southeastern conference playing ball meant braving
