**Race and Reason** Carleton Putnam, 2012-05-01 Introduction By Ruggles Gates Henry E Garrett R Gayre Of Gayre And Wesley C George      **Race and Reason** Carleton Putnam, 2013-11-01 Race and Reason was Carleton Putnam's first book which explained the reality of race in the face of a determined assault on racial realism in the 1960s Written in question and answer format this book answers every liberal argument on race with passion reason compassion and intellect It is a testament to the fact that some people at least understood racial dynamics at the height of the civil rights assault on Western Civilization Contents Foreword Introduction I A Frame Of Mind II The Hidden Issue III Point By Point Anthropology and Intermarriage American Democracy Christian Ethics Sociology and Communism The Constitutional Issue Summation and Outlook IV Conclusion Footnotes Index      **Between Race and Reason** Susan Searls Giroux, 2010-07-28 Inquiring into the future of the university Susan Giroux finds a paradox at the heart of higher education in the post civil rights era Although we think of post civil rights as representing a colorblind or race transcendent triumphalism in national political discourse Giroux argues that our present is shaped by persistent raceless racism at home and permanent civilizational war abroad She sees the university as a primary battleground in this ongoing struggle As the heir to Enlightenment ideals of civic education the university should be the institution for the production of an informed and reflective democratic citizenry responsible to and for the civic health of the polity a privileged site committed to free and equal exchange in the interests of peaceful and democratic coexistence And yet says Giroux historically and currently the university has failed and continues to fail in this role Between Race and Reason engages the work of diverse intellectuals Friedrich Nietzsche W E B Du Bois Michel Foucault Martin Luther King Jr Jacques Derrida and others who challenge the university's past and present collusion with racism and violence The book complements recent work done on the politics of higher education that has examined the consequences of university corporatization militarization and bureaucratic rationalization by focusing on the ways in which these elements of a broader neoliberal project are also racially prompted and promoted At the same time it undertakes to imagine how the university can be reconceived as a uniquely privileged site for critique in the interests of today's urgent imperatives for peace and justice      **Race and Reality** Carleton Putnam, 2014-12-27 This book is a sequel to Carleton Putnam's Race and Reason Race and Reality brings up to date the story begun in the earlier volume Readers familiar with the latter will find summarized here Putnam's essential viewpoint set in a fresh perspective They will also find added documentation and much that throws new light on the world's deepening racial crisis Written in the form of a midnight soliloquy Race and Reality recounts the author's experiences with the scientific hierarchy since 1961 It traces to its source our national bewilderment on the Negro question It also reviews the balance of the evidence in regard to the hidden facts The book then tells the inside story of the Stell trial and explores the methods by which the truth about it has been evaded and ignored Finally in a question and answer section similar to that in Race and Reason it deals with the scores of related issues which so often confuse the central

problem In the last two chapters it focuses on that problem and proposes a solution Stuart Campbell in a lead review in the American Bar Association Journal forecast that *Race and Reason* would become one of the most important books of this generation The same might well be predicted for the present work Putnam penetratingly analyzes how liberal dogmatism has paralyzed the ability to doubt popular views even in academic cloisters with resultant prevention of publication of research on racial questions I have also learned by both spoken and written communication that several members of the National Academy of Sciences share Putnam's conclusion that there do exist significant genetic differences in distribution of potential intelligence between races William Shockley Nobel laureate and a leading member of the National Academy of Sciences

**Employment and Earnings**, 1983      **The Citizens' Council** Neil R. McMillen, 1994 This in depth account of the rise and decline of the Citizens Councils of America details the organization's role in the massive resistance to school desegregation in the South following the 1954 Brown vs Board of Education decision Included are a new preface and updated bibliography A tour de force of research and narration in highly readable style McMillen seems to have read everything the historical record has to offer on the subject and to have known exactly what to make of it Himself squarely on the side of the future he is sensitive to the anguish that prompted the hysteria of the misguided racist By any test a masterful study Journal of Southern History Takes seriously the people who made the movement when ridicule and caricature would have been an easier analytical technique Solidly researched and well written an intriguing story Augustus M Burns Social Studies

American Skinheads Mark S. Hamm, 1994-06-30 *American Skinheads* is the first criminological analysis of organized hate crime violence Mark Hamm presents historical specificity for a modern theory of hate crime then rigorously tests the theory with interview data derived from skinheads who have committed an array of violent acts against persons because of their race religion or sexual preference people who are members of the classic outgroups of American society Part One traces the roots of the Skinhead Nation through the Beats Mods Hippies and Punks in London and then examines the rise of the Neo Nazi Skinheads in the United States including a look at Neo Nazi offshoots Romantic Violence The Aryan Youth Movement recruiters Tom Metzger and recruitment tools W A R Magazine and Hotline electronic mail *Race and Reason* and appearances on the Oprah Winfrey and Geraldo Rivera shows In Part Two Hamm discusses the accepted sociological perspectives on terrorist youth subcultures not gangs then presents findings of his own study of 36 skinheads including social and economic characteristics psychological profiles the role of skinhead girls use of drugs and weapons satanism and neo fascism Part Three assesses the future for American Neo Nazism and recommends steps for preventing skinhead terrorism

*Kant, Race, and Racism* Huaping Lu-Adler, 2023 This is a pathbreaking book on how to talk about racism not only Kant's racism but also racism more generally It challenges the prevailing individualistic approach to Kant's racism and invites the reader to think about the issue in a more holistic thoughtful and transformative way Using Kant as a case study it shows that history is not just something to be read but something we still live with and that oftentimes we must see the past more clearly
