Intelligence, Race, And Genetics Frank Miele,2018-03-05 In a series of provocative conversations with Skeptic magazine Ssenior editor Frank Miele renowned University of California Berkeley psychologist Arthur R Jensen details the evolution of his thoughts on the nature of intelligence tracing an intellectual odyssey that leads from the programs of the Great Society to the Bell Curve Wars and beyond Miele cross examines Jensen s views on general intelligence the g factor racial differences in IQ cultural bias in IQ tests and whether differences in IQ are due primarily to heredity or to remediable factors such as poverty and discrimination With characteristic frankness Jensen also presents his view of the proper role of scientific facts in establishing public policy such as Affirmative Action Jensenism the assertion that heredity plays an undeniably greater role than environmental factors in racial and other IQ differences has entered the dictionary and also made Jensen a bitterly controversial figure Nevertheless *Intelligence Race and Genetics* carefully underscores the dedicated lifetime of scrupulously scientific research that supports Jensen s conclusions

Measuring the Master Race Jon Røyne Kyllingstad,2014-12-22 The notion of a superior Germanic or Nordic race was a central theme in Nazi ideology But it was also a commonly accepted idea in the early twentieth century an actual scientific concept originating from anthropological research on the physical characteristics of Europeans The Scandinavian Peninsula was considered to be the historical cradle and the heartland of this master race *Measuring the Master Race* investigates the role played by Scandinavian scholars in inventing this so called superior race and discusses how the concept stamped Norwegian physical anthropology prehistory national identity and the eugenics movement It also explores the decline and scientific discrediting of these ideas in the 1930s as they came to be associated with the genetic cleansing of Nazi Germany This is the first comprehensive study of Norwegian physical anthropology Its findings shed new light on current political and scientific debates about race across the globe

"Race" is a Four-letter Word C. Loring Brace,2005 A tour de force work by a leading scholar *Race Is a Four Letter Word* explores the history of the concept of race in America the reasons why the concept has no biological validity and the ways in which it grew to become accepted as an idea that virtually everyone regards as self evident An ardent and eloquent opponent of typology essentialism and stereotyping C Loring Brace has based

this engaging study on the Problems of Race course that he has taught at the University of Michigan for the past thirty five years Opening with an explanation of why the concept of race is biologically indefensible Race Is a Four Letter Word shows how the major elements of human biological variation have unrelated distributions and cannot be understood if the existence of races is assumed as a starting point The book then examines the course of events that created the concept of race journeying through time from Herodotus through Marco Polo to the Renaissance and the role of the New World on up to the American Civil War the curious results of the alliance switch in World War I Arthur Jensen The Bell Curve J Philippe Rushton and the Pioneer Fund in the twenty first century Ideal as a supplementary text in anthropology courses Race Is a Four Letter Word can also be used in history of science courses and sociology courses It is captivating reading for professionals and anyone else who seeks enlightenment on the socially debatable issue of race **Black Athena Revisited** Mary R.
