Race Radicalism Religion And Restriction:

Race, Radicalism, Religion, and Restriction Kristofer Allfeldt, 2003-03-30 In 1924 America passed legislation that effectively outlined which immigrants were to be considered beneficial to the national body and which were not. Albert Johnson, a Washington State Congressman, sponsored the Act. This study examines the role of the Pacific Northwest in the change of national sentiment that led up to this legislation. Throughout the period, this region experienced massive growth in its immigrant population. Its forests and small towns were the scenes of many clashes with the alien radicals, resulting in the creation of anti-Catholic legislation and the laws against land ownership by the Japanese. Analyzing issues of race, religion, and political radicalism, Allfeldt determines that the region was highly influential in the national debate. Most immigration studies of this era focus on the East Coast or on California, but Allfeldt finds that Northwestern politicians and populists, responding to regional events as much as national sentiments, often set the national immigration agenda. Diverse organizations such as the APA, the Ku Klux Klan, and the IWW gained powerful local support and had significant influence on the region's attitudes towards immigrants. Rather than following California's lead in the opposition to Asian immigration, the Northwest actually set the path for its southern neighbor in many important aspects. *Pacific Connections* Kornel Chang, 2012-06-12 *Pacific Connections* is a shrewd, fascinating, and cogent examination of a Pacific Northwest borderland often taken for granted as a peaceful but inconsequential meeting point between two friendly nations. Chang shows instead how it has been a violent point of contention, shaped by empire and Anglo-American aspirations to hegemony, migration, and ubiquitous racism. The creation of boundaries through state formation and the transgression of those boundaries by the mechanisms of capital. Sharply written and deeply researched, this book brings the Pacific Northwest into both the history of the Pacific World and the literature on borderlands that has until now focused largely on the U.S. and Mexico. *Pacific Connections* is a brilliant achievement. Bruce Cumings, author of *Dominion: From Sea to Sea*, *Pacific Ascendancy*, and *American Power*. This wonderful book combines impressive archival research with a strong grounding in migration studies, political economy, cultural studies, and critical race studies. Chang examines weighty questions through compelling human dramas set in far-flung places across the Pacific Rim. This is transnational history at its best. David Roediger, coauthor of *The Production of Difference*. Kornel Chang grapples with big ideas and big questions. Tracing the global movements behind racial and national borders and unraveling the messy contradictions of empire at the dawn of the twentieth century, *Pacific Connections* explores a history that continues to haunt us with particular resonance in our current moment. Moon Ho Jung, author of *Coolies and Cane: Race, Labor, and Sugar in the Age of Emancipation*. *Pacific Connections* is a capacious study that recasts the U.S.-Canadian borderlands as a crucial site of migration, trade, and exclusion within the formation of Pacific empire. Chang shows how Chinese merchants, Japanese and European migrants, indigenous traders, Anglo labor activists, and both South Asian and white radicals played important roles in the negotiations of sovereignty. McKenzie, 2022 In 1834 the weary missionary Jason Lee arrived on the banks of the Willamette River and began to build a mission to convert the local Kalapuya and Chinook populations to the Methodist Church The denomination had become a religious juggernaut in the United States dominating the religious scene throughout the mid Atlantic and East Coast But despite its power and prestige and legions of clergy and congregants Methodism fell short of its goals of religious supremacy in the northwest corner of the continent In *A Country Strange and Far* Michael C McKenzie considers how and why the Methodist Church failed in the Pacific Northwest and how place can affect religious transplantation and growth Methodists failed to convert local Native people in large numbers and immigrants who moved into the rural areas and cities of the Northwest wanted little to do with Methodism McKenzie analyzes these failures arguing the region itself both the natural geography of the place and the immigrants and clergy s responses to it was a primary reason for the church s inability to develop a strong following there The Methodists efforts in the Pacific Northwest provide an ideal case study for McKenzie s timely region based look at religion *Crime and the Rise of Modern America* Kristofer Allfeldt, 2011-04-13 Contents The crimes of the century Crime and the West Hate crime Policing and imprisonment Conmen swindlers and dupes Business and financial crime Prohibitions Sex crime Political crime scandal sleaze and corruption Terrorists rebels radicals and freedom fighters and criminals with a cause Immigration and crime **U.S.-Habsburg Relations from 1815 to the Paris Peace Conference** Nicole M. perspective on early twentieth century American European relations How did American isolationism after the Treaty of Versailles accentuated by stringent immigration restrictions predominantly against Asians and Europeans work to shape American identity Beyond the Huddled Masses is a vivid look at the connection between the results of the Paris Peace Conference and the Immigration Acts of 1921 and 1924 Kristofer Allerdahl identifies the threads of nativism anti Bolshevism self determination and fear that ran through America s participation in the Paris Peace Conference and then manifested themselves openly through the Immigration Acts He taps into the early twentieth century American psyche to explore the rationalisation for the extreme policies of isolationism that so characterised the inter war years in the United States

Selling America Christina A. Ziegler-McPherson, 2017-02-16 An in depth look at the motivations behind immigration to America from 1607 to 1914 including what attracted people to America who was trying to attract them and why Between 1820 and 1920 more than 33 million Europeans immigrated to the United States seeking the American Dream an image of America as a land of opportunity and upward mobility sold to them by state governments railroads religious and philanthropic groups and other boosters But Christina A Ziegler McPherson shows that the desire to make and keep America

a white man's country meant that only Northern Europeans would be recruited as settlers and future citizens while Africans, Asians, and other non-whites would either be grudgingly tolerated as slaves or guest workers or be excluded entirely. This book reframes immigration policy as an extension of American labor policy and connects the removal of American Indians from their lands to the settlement of European immigrants across the North American continent. Ziegler McPherson contends that western and midwestern states with large American Indian, Asian, or Mexican populations developed aggressive policies to promote immigration from Europe to help displace those peoples, while Southern states sought to reduce their dependency upon Black labor by doing the same. Chapters highlight the promotional policies and migration demographics for each region of the United States.

The Public Press, 1900-1945 Leonard Ray Teel, 2006-06-30 This work is the fifth volume in the series *The History of American Journalism*. By 1906 the nation included 45 states connected by railroads, steamships, wagon trails, the postal system, the telegraph, and the press. The continuing trends of migration and immigration into the cities supported the publication of more newspapers than at any time in the history of the country. From coast to coast, news-gathering agencies knit thousands of local newspapers into the fabric of the nation, and larger metropolitan papers routinely considered the relevancy of distant news.

Open Hearts, Closed Doors Nicholas T. Pruitt, 2021-06-22 A history of mainline Protestant responses to immigrants and refugees during the twentieth century. *Open Hearts, Closed Doors* uncovers the largely overlooked role that liberal Protestants played in fostering cultural diversity in America and pushing for new immigration laws during the forty years following the passage of the restrictive Immigration Act of 1924. These efforts resulted in the complete reshaping of the US cultural and religious landscape. During this period, mainline Protestants contributed to the national debate over immigration policy and joined the charge for immigration reform, advocating for a more diverse pool of newcomers. They were successful in their efforts, and in 1965 the quota system based on race and national origin was abolished. But their activism had unintended consequences because the liberal immigration policies they supported helped to end over three centuries of white Protestant dominance in American society. Yet Pruitt argues in losing their cultural supremacy, mainline Protestants were able to reassess their mission. They rolled back more strident forms of xenophobia, substantively altering the face of mainline Protestantism and laying foundations for their responses to today's immigration debates. More than just a historical portrait, this volume is a timely reminder of the power of religious influence in political matters.

political divide emerged those who believed that America's exceptionalism was the basis of its virtue and those who saw America as either a long way from perfect or actually fully unexceptional and thus subject to universal demands for justice. Tyrrell masterfully articulates the many forces that made American exceptionalism such a divisive and definitional concept. Today he notes the demands that people acknowledge America's exceptionalism have grown ever more strident even as the material and moral evidence for that exceptionalism to the extent that there ever was any has withered away.
