**Sarah Daw**

## **Rachel Carson Friend Of Nature:**

**Rachel Carson** Carol Greene,1992 A biography of the biologist whose writings helped initiate the environmental movement      **Rachel Carson** Francene Sabin,Yoshi Miyake,1997-09-01 Describes the life of the marine biologist and science writer whose book *Silent Spring* changed the way we look at pesticides      *Rachel Carson* Linda Lear,1998-09-15 A biography of the environmentalist chronicles her development from biologist and nature writer to muckraker and champion of ecological causes      **Who Was Rachel Carson?** Sarah Fabiny,Who HQ,2014-10-30 Though she grew up in rural Pennsylvania Rachel Carson dreamed of the sea In 1936 she began work with the Bureau of Fisheries and soon after published *Under the Sea Wind* her first of many nature books Her 1962 bestseller *Silent Spring* sent shockwaves through the country and warned of the dangers of DDT and other pesticides A pioneering environmentalist Rachel Carson helped awaken the global consciousness for conservation and preservation      [Rachel Carson](#) Linda Lear,2009-04-01 The authoritative biography of the marine biologist and nature writer whose book *Silent Spring* inspired the global environmentalist movement In a career that spanned from civil service to unlikely literary celebrity Rachel Carson became one of the world's seminal leaders in conservation The 1962 publication of her book *Silent Spring* was a watershed event that led to the banning of DDT and launched the modern environmental movement Growing up in poverty on a tiny Allegheny River farm Carson attended the Pennsylvania College for Women on a scholarship There she studied science and writing before taking a job with the newly emerging Fish and Wildlife Service In this definitive biography Linda Lear traces the evolution of Carson's private professional and public lives from the origins of her dedication to natural science to her invaluable service as a brilliant if reluctant reformer Drawing on unprecedented access to sources and interviews Lear masterfully explores the roots of Carson's powerful connection to the natural world crafting a fine portrait of the environmentalist as a human being Smithsonian Impressively researched and eminently readable Compelling not just for Carson devotees but for anyone concerned about the environment People A combination of meticulous scholarship and thoughtful often poignant writing Science A sweeping analytic first class biography of Rachel Carson Kirkus Reviews      **Always, Rachel** Rachel Carson,Dorothy E. Freeman,2022-03-08 These letters between the pioneering environmentalist and her beloved friend reveal a vibrant caring woman behind the scientist Los Angeles Times Rachel Carson author of *The Silent Spring* has been celebrated as the pioneer of the modern environmental movement Although she wrote no autobiography she did leave letters and those she exchanged sometimes daily with Dorothy Freeman some 750 of which are collected here are perhaps more satisfying than an account of her own life In 1953 Carson became Freeman's summer neighbor on Southport Island ME The two discovered a shared love for the natural world their descriptions of the arrival of spring or the song of a hermit thrush are lyrical but their friendship quickly blossomed as each realized she had found in the other a kindred spirit To read this collection is like eavesdropping on an extended conversation that mixes the mundane events of the two women's family lives with details of Carson's research

and writing and later her breast cancer Few who read these letters will forget these remarkable women and their even more remarkable bond Publishers Weekly Darting fresh sensuous pleasingly elliptical at times these letters also serve to tether the increasingly deified Carson firmly to earth just where she d want to be Kirkus Reviews starred review It is not often that a collection of letters reveals character emotional depth personality indeed intellect and talent as well as a full biography might these letters do all that The New York Times Book Review Provides insight into the creative process and a look into the daily lives of two intelligent perceptive women whose family responsibilities were at times almost crushing Library Journal Dotted with vivid observations of the natural world and perceptive commentary on friendship family fame and life itself Always Rachel will appeal to readers interested in biography and women s studies as well as those drawn to nature writing and the history of the environmental movement Booklist Online

**Rachel Carson** Gina Dal Fuoco,2007-09-21 Rachel Carson is one of the most influential leaders of the modern environmental movement This enlightening biography allows readers to discover the inspiring life of Carson and the impact she made on the environment through a variety of colorful images and easy to read text A glossary and index are provided to aid in better understanding of such topics as chemical pesticides deforestation preservationism and ecosystems Readers will love the stimulating hands on lab activity and will be eager to learn more

*Rachel Carson* Karen F. Stein,2013-02-11 Karen F Stein University of Rhode Island Kingston USA Rachel Carson is the twentieth century s most significant environmentalist Her books about the sea blend science and poetry as they invite readers to share her celebration of the ocean s wonders Silent Spring her graphic and compelling expos of the damage caused by the widespread aerial spraying of persistent organic pesticides such as DDT opened our eyes to the interconnectedness of all living beings and the ecological systems we inhabit Carson s work challenges our belief that science and technology can control the natural world asks us to recognize our place in the world around us and inspires us to treat the earth respectfully She calls us to rekindle our sense of wonder at nature s power and beauty and to tread lightly on the earth so that it will continue to sustain us and our descendants This book guides readers on a journey through Carson s life and work considers Carson s legacies and points to some of the continuing challenges to sustainability It provides a listing of resources for reading learning or teaching about the environment about nature writing and about Carson and the crucial issues she addressed

**Kids Celebrate!** Maria Bonfanti Esche,Clare Bonfanti Braham,1998 Suggests activities recipes and crafts to celebrate more than one hundred special days from making penny rubbings on Abraham Lincoln s birthday to making posters about fire safety on the anniversary of the Chicago fire of 1871

**Rachel Carson and Her Sisters** Robert K Musil,2014-04-01 In Rachel Carson and Her Sisters Robert K Musil redefines the achievements and legacy of environmental pioneer and scientist Rachel Carson linking her work to a wide network of American women activists and writers and introducing her to a new contemporary audience Rachel Carson was the first American to combine two longstanding but separate strands of American environmentalism the love of nature and a concern for human health Widely

known for her 1962 best seller *Silent Spring* Carson is today often perceived as a solitary great woman whose work single handedly launched a modern environmental movement But as Musil demonstrates Carson s life s work drew upon and was supported by already existing movements many led by women in conservation and public health On the fiftieth anniversary of her death this book helps underscore Carson s enduring environmental legacy and brings to life the achievements of women writers and advocates such as Ellen Swallow Richards Dr Alice Hamilton Terry Tempest Williams Sandra Steingraber Devra Davis and Theo Colborn all of whom overcame obstacles to build and lead the modern American environmental movement

**Rachel Carson** , HighwoodN P presents a profile of American biologist and author Rachel Louise Carson 1907 1964 as part of the GirlSite resource The resource also offers access to additional information **Literature Connections to American History K6** Lynda G. Adamson,1997-09-15 Identifying thousands of historical fiction novels biographies history trade books CD ROMs and videotapes this book helps you locate resources on American history for students Each book presents information in two sections In the first part titles are listed according to grade levels within eras and further organized according to product type The books cover American history from North America Before 1600 and The American Colonies 1600 1774 to The Mid Twentieth Century 1946 1975 and Since 1975 The second section has annotated bibliographies that describe each title and includes publication information and awards won The focus is on books published since 1990 and all have received at least one favorable review Some books with more illustration than text will be valuable for enticing slow or reticent readers An index helps users find resources by author title or biographical subject **Smart and Savvy Hiking** Kim Lipker,2010-03-12 Smart Savvy Hiking will walk readers through the basics of the outdoor world and how to have a fulfilling outdoor experience Information will be presented in a way that offers women unique ways to experience the outdoors through journaling goal setting and checklists Women of all outdoor ability levels will be engaged Hiking mistress and trail master Kim Lipker starts with the assumption that Yes females are indeed at home in the wilderness This unique guide is packed with essential how to information wit wisdom and tips on everything from safety to basic equipment to hiking while pregnant Whether new to the sport or a veteran Smart Savvy Hiking prepares females to have fun enjoy and be safe on a day hike through the woods weekend blast in the desert or extended journey on a long trail Daring Of course Dangerous No way Divine In every possible way **Nature's Allies** Larry Nielsen,2017-02-02 It s easy to feel powerless in the face of big environmental challenges but we need inspiration now more than ever In Nature s Allies Larry Nielsen presents the inspiring stories of eight conservation pioneers who show that through passion and perseverance we can each make a difference even in the face of political opposition Nielsen s vivid biographies of John Muir Ding Darling Aldo Leopold Rachel Carson Chico Mendes Billy Frank Jr Wangari Maathai and Gro Harlem Brundtland are meant to rally a new generation of conservationists to follow in their footsteps and inspire students conservationists and nature lovers to speak up for nature and prove that individuals can affect positive change in the world **A More Perfect Union** Linda Sargent

Wood,2012-10-18 This book uncovers a holistic sensibility in post World War II American culture that challenged Cold War logic and fed some of the century s most powerful social movements This impulse is illustrated by focusing on Rachel Carson Buckminster Fuller Martin Luther King Jr Abraham Maslow Pierre Teilhard de Chardin and the Esalen Institute *Brown Pelican* Rien Fertel,2022-09-07 In this compelling book Rien Fertel tells the story of humanity s complicated and often brutal relationship with the brown pelican over the past century This beloved bird with the mythically bottomless belly to say nothing of its prodigious pouch has been deemed a living fossil and the most dinosaur like of creatures The pelican adorns the Louisiana state flag serves as a religious icon of sacrifice and stars in the famous parting shot of Jurassic Park but most significantly spotlights our tenuous connection with the environment in which it flies feeds and roosts the coastal United States In 1903 Theodore Roosevelt inaugurated the first national wildlife refuge at Pelican Island Florida in order to rescue the brown pelican among other species from the plume trade Despite such protections the ubiquity of synthetic agents of death most notably DDT in the mid twentieth century sent the brown pelican to the list of endangered species By the mid 1960s not one viable pelican nest remained in all of Louisiana Authorities declared the state bird locally extinct Conservation efforts including an outlandish but well planned birdnapping saved the brown pelican generating one of the great success stories in animal preservation However the brown pelican is once again under threat particularly along Louisiana s coast due to land loss and rising seas For centuries artists and writers have portrayed the pelican as a bird that pierces its breast to feed its young symbolizing saintly piety Today the brown pelican gives itself in other ways sacrificed both by and for the environment as a bellwether bird an indicator species portending potential disasters that await Brown Pelican combines history and first person narrative to complicate deconstruct and reassemble our vision of the bird the natural world and ourselves

**Sourcebook of Experiential Education** Thomas E. Smith,Clifford E. Knapp,2011-01-20 This sourcebook book provides a much needed overview and foundations for the field of experiential education through portraits of philosophers educators and other practitioners whose work is relevant to understanding its philosophy and methodology *BSCS Science T.R.A.C.S.: Investigating ecosystems* ,1999 Four modules explore topics in physical science earth and space science life science and science and technology with hands on activities designed to engage students in the processes of scientific inquiry and technological design Modules within a developmental level may be taught in any sequence *Department of the Interior, Environment, and Related Agencies Appropriations for Fiscal Year 2013* United States. Congress. Senate. Committee on Appropriations. Subcommittee on Department of the Interior, Environment, and Related Agencies,2013
