Racial Americana South Atlantic Quarterly:

The South Atlantic Quarterly John Spencer Bassett, Edwin Mims, William Henry Glasson, William Preston Few, William Kenneth Boyd, William Hane Wannamaker, 1923 *The South Atlantic Quarterly ...*, 1903 **Slavery, Race and American History** John David Smith, 2015-03-04 These essays introduce the complexities of researching and analyzing race This book focuses on problems confronted while researching writing and interpreting race and slavery such as conflict between ideological perspectives and changing interpretations of the questions **Racial Asymmetries** Stephen Hong Sohn, 2014-01-17 Challenging the tidy links among authorial position narrative perspective and fictional content Stephen Hong Sohn argues that Asian American authors have never been limited to writing about Asian American characters or contexts *Racial Asymmetries* specifically examines the importance of first person narration in Asian American fiction published in the posttrace era focusing on those cultural productions in which the author's ethnoracial makeup does not directly overlap with that of the storytelling perspective Through rigorous analysis of novels and short fiction such as Sesshu Foster's *Atomik Aztex* Sabina Murray's *A Carnivore's Inquiry* and Sigrid Nunez's *The Last of Her Kind* Sohn reveals how the construction of narrative perspective allows the Asian American writer a flexible aesthetic canvas upon which to engage issues of oppression and inequity power and subjectivity and the complicated construction of racial identity Speaking to concerns running through postcolonial studies and American literature at large *Racial Asymmetries* employs an interdisciplinary approach to reveal the unbounded nature of fictional worlds **The Cambridge Companion to American Civil Rights Literature** Julie Armstrong, 2015-03-02 The *Cambridge Companion to American Civil Rights Literature* brings together leading scholars to examine the significant traditions genres and themes of civil rights literature While civil rights scholarship has typically focused on documentary rather than creative writing and political rather than cultural history this Companion addresses the gap and provides university students with a vast introduction to an impressive range of authors including Richard Wright Lorraine Hansberry Gwendolyn Brooks James Baldwin Amiri Baraka and Toni Morrison Accessible to undergraduates and academics alike this Companion surveys the critical landscape of a rapidly growing field and lays the foundation for future studies *The Problem South* Natalie J. Ring, 2012 For most historians the late nineteenth and early twentieth centuries saw the hostilities of the Civil War and the dashed hopes of Reconstruction give way to the nationalizing forces of cultural reunion a process that is said to have downplayed sectional grievances and celebrated racial and industrial harmony In truth says Natalie J Ring this buoyant mythology competed with an equally powerful and far reaching set of representations of the backward Problem South one that shaped and reflected attempts by northern philanthropists southern liberals and federal experts to rehabilitate and reform the country's benighted region Ring rewrites the history of sectional reconciliation and demonstrates how this group used the persuasive language of social science and regionalism to reconcile the paradox of poverty and progress by suggesting that the region was moving through an evolutionary period of

readjustment toward a more perfect state of civilization In addition The Problem South contends that the transformation of the region into a mission field and laboratory for social change took place in a transnational moment of reform Ambitious efforts to improve the economic welfare of the southern farmer eradicate such diseases as malaria and hookworm educate the southern populace uplift poor whites and solve the brewing race problem mirrored the colonial problems vexing the architects of empire around the globe It was no coincidence Ring argues that the regulatory state's efforts to solve the southern problem and reformers increasing reliance on social scientific methodology occurred during the height of U S imperial expansion

The Concise Oxford Companion to African American Literature William L. Andrews, Frances Smith Foster, Trudier Harris, 2001-02-15 A breathtaking achievement this Concise Companion is a suitable crown to the astonishing production in African American literature and criticism that has swept over American literary studies in the last two decades It offers an enormous range of writers from Sojourner Truth to Frederick Douglass from Zora Neale Hurston to Ralph Ellison and from Toni Morrison to August Wilson It contains entries on major works including synopses of novels such as Harriet Jacobs's *Incidents in the Life of a Slave Girl* Richard Wright's *Native Son* and Lorraine Hansberry's *A Raisin in the Sun* It also incorporates information on literary characters such as Big Boy Thomas Coffin Ed Johnson Kunta Kinte Sula Peace as well as on character types such as Aunt Jemima Brer Rabbit John Henry Stackolee and the trickster Icons of black culture are addressed including vivid details about the lives of Muhammad Ali John Coltrane Marcus Garvey Jackie Robinson John Brown and Harriet Tubman Here too are general articles on poetry fiction and drama on autobiography slave narratives Sunday School literature and oratory as well as on a wide spectrum of related topics Compact yet thorough this handy volume gathers works from a vast array of sources from the black periodical press to women's clubs making it one of the most substantial guides available on the growing exciting world of African American literature

The Meaning of Race Kenan Malik, 1996-07-12 In *The Meaning of Race* Kenan Malik throws new light on the nature and origins of ideas of racial difference Arguing that the concept of race is a means through which Western society has come to understand the relationship between humanity society and nature the book re-examines the relationship between Enlightenment thought and racial discourse clarifies the nature of scientific racism and presents a critique of postmodern theories of cultural difference

An Emotional History of the United States Peter N. Stearns, Jan Lewis, 1998 Emotions lie at our very core as human beings How we process and grapple with our emotions how and what we emote and how we respond to the emotions of others constitute the essence of our social universe In a very real sense we exist only through the prism of our emotions And yet the profound effect of human emotion on history politics religion and culture remains underexamined While the influence of emotion in such realms as American foreign policy has been well documented other emotional aspects of American history have escaped notice What role for instance does emotion have in the practice of African American religion How do shame and self-hatred influence American conceptions of identity How does our emotional life change as we age To what degree is

American consumerism driven by basic human emotion With this landmark anthology historians Peter N Stearns and Jan Lewis provide a road map of the American emotional landscape From the emotional world of working class Massachusetts to the prayers of evangelical and pentecostal women and the gendered nature of black rage these essays provide a multicultural snapshot of the unique nature and evolution of American emotions

Away Down South James C. Cobb, 2005-10-01 From the seventeenth century Cavaliers and Uncle Tom's Cabin to Civil Rights museums and today's conflicts over the Confederate flag here is a brilliant portrait of southern identity served in an engaging blend of history literature and popular culture In this insightful book written with dry wit and sharp insight James C Cobb explains how the South first came to be seen and then came to see itself as a region apart from the rest of America As Cobb demonstrates the legend of the aristocratic Cavalier origins of southern planter society was nurtured by both northern and southern writers only to be challenged by abolitionist critics black and white After the Civil War defeated and embittered southern whites incorporated the Cavalier myth into the cult of the Lost Cause which supplied the emotional energy for their determined crusade to rejoin the Union on their own terms After World War I white writers like Ellen Glasgow William Faulkner and other key figures of Southern Renaissance as well as their African American counterparts in the Harlem Renaissance Cobb is the first to show the strong links between the two movements challenged the New South creed by asking how the grandiose vision of the South's past could be reconciled with the dismal reality of its present The Southern self image underwent another sea change in the wake of the Civil Rights movement when the end of white supremacy shook the old definition of the Southern way of life but at the same time African Americans began to examine their southern roots more openly and embrace their regional as well as racial identity As the millennium turned the South confronted a new identity crisis brought on by global homogenization if Southern culture is everywhere has the New South become the No South Here then is a major work by one of America's finest Southern historians a magisterial synthesis that combines rich scholarship with provocative new insights into what the South means to southerners and to America as well

What Reconstruction Meant Bruce E. Baker, 2007 Examining the southern memory of Reconstruction in all its forms is an essential element in understanding the society and politics of the twentieth century South

Encyclopedia of American Race Riots Walter C. Rucker, James N. Upton, 2006-11-30 Race riots are the most glaring and contemporary displays of the racial strife running through America's history Mostly urban mostly outside the South and mostly white instigated the number and violence of race riots increased as blacks migrated out of the rural South and into the North and West's industrialized cities during the early part of the twentieth century Though white black violence has been the most common form of racial violence riots involving Asians and Hispanics are also included and examined Race riots are the most glaring and contemporary displays of the racial strife running through America's history Mostly urban mostly outside the South and mostly white instigated the number and violence of race riots increased as blacks migrated out of the rural South and into the North and West's industrialized cities during the early part of the twentieth

century While most riots have occurred within the past century the encyclopedia reaches back to colonial history giving the encyclopedia an unprecedented historical depth Though white on black violence has been the most common form of racial violence riots involving other racial and ethnic groups such as Asians and Hispanics are also included and examined Organized A Z topics include notorious riots like the Tulsa Riots of 1921 the Los Angeles Riots of 1965 and 1992 the African American community s preparedness and responses to this odious form of mass violence federal responses to rioting an examination of the underlying causes of rioting the reactions of prominent figures such as H Rap Brown and Martin Luther King Jr to rioting and much more Many of the entries describe and analyze particular riots and violent racial incidents including the following Belleville Illinois Riot of 1903 Harlem New York Riot of 1943 Howard Beach Incident 1986 Jackson State University Incident 1970 Los Angeles California Riot of 1992 Memphis Tennessee Riot of 1866 Red Summer Race Riots of 1919 Southwest Missouri Riots 1894 1906 Texas Southern University Riot of 1967 Entries covering the victims and opponents of race violence include the following Black Soldiers Lynching of Black Women Lynching of Diallo Amadou Hawkins Yusef King Rodney Randolph A Philip Roosevelt Eleanor Till Emmett Lynching of Turner Mary Lynching of Wells Barnett Ida B Many entries also cover legislation that has addressed racial violence and inequality as well as groups and organizations that have either fought or promoted racial violence including the following Anti Lynching League Civil Rights Act of 1957 Economic Opportunity Act of 1964 Ku Klux Klan National Association for the Advancement of Colored People NAACP Nation of Islam Vigilante Organizations White League Other entries focus on relevant concepts trends themes and publications Besides almost 300 cross referenced entries most of which conclude with lists of additional readings the encyclopedia also offers a timeline of racial violence in the United States an extensive bibliography of print and electronic resources a selection of important primary documents numerous illustrations and a detailed subject index

The Impact of Race on U.S. Foreign Policy Michael L. Krenn, 2020-08-26 This book shows that race has played an important role in the nation s foreign relations from the time the first English colonists clambered onto the shores of the North American continent It also shows that the colonists had already progressed rather far in defining themselves in racial terms

The War Within Daniel Joseph Singal, 2014-02-01 The years after World War I saw a different sort of war in the American South as Modernism began to contest the New South Creed for the allegiance of Southern intellectuals In *The War Within* Daniel Joseph Singal examines the struggle between the characteristic culture of twentieth century America and the South s tenacious blend of Victorianism and the Cavalier myth He explores the lives and works of historians Ulrich B Phillips and Broadus Mitchell novelists Ellen Glasgow William Faulkner and Robert Penn Warren publisher William T Couch sociologists Howard Odum Rupert Vance Guy Johnson and Arthur Raper and Agrarian poets John Crowe Ransom Donald Davidson and Allen Tate The drama Singal unfolds is as much national as regional in its implications His sophisticated and original analysis of the complex relationship between these southern writers and their heritage enables him to trace the transition to Modernism with

unusual clarity and to address questions of major importance in American intellectual history How did Modernism come into being Does it display a fundamental underlying pattern What are its essential values beliefs and assumptions Singal marshals archival and published sources and combines them with oral history interviews to trace this process of change on the levels of both formal thought and individual experience He uses the interwar South as the locale for a pioneering examination of the momentous change that has affected all of Western culture

Jim Crow Citizenship Marek D. Steedman, 2012-05-22 In the late 1860s the U S federal government initiated the most abrupt transition from slavery to citizenship in the Americas The transformation of course did not stick but it did permanently alter the terms of American citizenship and initiated a century long struggle over the place of African Americans in the American polity Southern Progressives crucial in this account were faced with a significant ideological challenge how to reconcile their liberal principles with their commitments to racial hierarchy The ideological work performed by Southern Progressives was instrumental to the establishment of white supremacist institutions in the heart of a putatively liberal democracy and illuminate how combinations of liberal and illiberal principles have affected the history of American political thought In this work Marek Steedman demonstrates how Southern Progressives combined commitments to liberal even democratic politics with equally strong commitments to the maintenance of racial hierarchy He shows that there are systematic features of the traditions of liberal and republican thought on the one hand and ideologies of race on the other that facilitate their combination Jim Crow Citizenship relates familiar developments in American state building legal development and political thought to race thus showing how race intertwines with these developments often shaping them in decisive fashion

The Social Gospel in Black and White Ralph E. Luker, 2000-11-09 In a major revision of accepted wisdom this book originally published by UNC Press in 1991 demonstrates that American social Christianity played an important role in racial reform during the period between Emancipation and the civil rights movement As organizations created by the heirs of antislavery sentiment foundered in the mid 1890s Ralph Luker argues a new generation of black and white reformers many of them representatives of American social Christianity explored a variety of solutions to the problem of racial conflict Some of them helped to organize the Federal Council of Churches in 1909 while others returned to abolitionist and home missionary strategies in organizing the NAACP in 1910 and the National Urban League in 1911 A half century later such organizations formed the institutional core of America s civil rights movement Luker also shows that the black prophets of social Christianity who espoused theological personalism created an influential tradition that eventually produced Martin Luther King Jr

Race, Culture and Media Anamik Saha, 2025-05-14 Race Culture and Media is a critical impassioned and accessible exploration of this complex relationship This new edition moves past conventional discourse on diversity challenging you to confront the real issues of power and participation Anamik Saha s approachable writing starts from the ground up leading you through nuanced topics such as how capitalism and legacies of colonialism shape media content today and the value and limitations of key concepts like stereotype representation and

racialisation You will be empowered to Understand the multifaceted theories and experiences of race and its intersections with gender sexuality and class Analyse key topics from how algorithms AI produce racism in digital media to the politics of superdiversity in popular culture to ongoing anti migrant and anti Muslim racism in news media Engage with brand new case studies which cover the latest developments on how race is made in media including YouTube and social media This book will challenge your preconceptions and ignite your critical thinking making it essential reading for students and researchers across media communication and cultural studies

Religion, Race, and Reconstruction Ward M. McAfee, Ward McAfee, 1998-07-10 Religion Race and Reconstruction simultaneously resurrects a lost dimension of a most important segment of American history and illuminates America s present and future by showing the role religious issues played in Reconstruction during the 1870s

An Anthology of African Cultural Studies, Volume I Keyan G. Tomaselli, Handel Kashope Wright, 2024-10-04 This volume provides an overview of fundamental or grounding themes in African Cultural Studies including the articulation of African cultural studies the issue of Africa s diaspora s African identity and identifications and media studies in Africa and its relationship with cultural studies The first of two volumes the book predominantly pulls together a rich reservoir of previously published articles from Critical Arts South North Cultural and Media Studies mapping a long history of the field that draws from a diverse range of origins and locations especially from within Africa itself The first section of the book addresses how African cultural studies has been called for and explained both as a comprehensive continental and sometimes national discourse and as being in conversation with established global cultural studies The second section addresses the African diaspora and what might be termed diasporic African cultural studies A third principal theme explored is how African identities and identifications are articulated in African cultural studies On spatiality the volume takes a stance on the exclusive continental versus continuity conception of Africa the African diaspora is treated as contributory and its relationship to the continent as problematic while taking up continental Africa as the principal location of African cultural studies In terms of identity Blackness is taken up as the dominant but importantly not exclusive racial identity and identification of African cultural studies and gender and social class are also addressed in novel ways The book ends with an examination of the complex relationship between media studies and cultural studies This book will be a key resource for academics researchers and advanced students of African cultural studies media and cultural studies African studies history politics sociology and social and cultural anthropology while also being of interest to those seeking an introduction to the sub field of African cultural studies
