Sanders, 1996-07-15 *Divided by Color* supplies the reasons for this division showing that racial resentment continues to exist Despite a parade of recent books optimistically touting the demise of racial hostility in the United States the authors marshal a wealth of the most current and comprehensive evidence available to prove their case

*Beyond Racial Division* George A. Yancey, 2022-03-15 We have struggled to effectively address racial tension in the United States While colorblindness ignores our history of injustice antiracism efforts have often alienated people who need to be involved In his model of collaborative conversation and mutual accountability sociologist George Yancey offers an alternative to racial alienation where all seek the common good for all to thrive

The Racial Politics of Division Monika Gosin, 2019-06-15 *The Racial Politics of Division* deconstructs antagonistic discourses that circulated in local Miami media between African Americans white Cubans and black Cubans during the 1980 Mariel Boatlift and the 1994 Balsero Crisis Monika Gosin challenges exclusionary arguments pitting these groups against one another and depicts instead the nuanced ways in which identities have been constructed negotiated rejected and reclaimed in the context of Miami s historical multiethnic tensions Focusing on ideas of legitimacy Gosin argues that dominant race making ideologies of the white establishment regarding worthy citizenship and national belonging shape inter minority conflict as groups negotiate their precarious positioning within the nation Rejecting oversimplified and divisive racial politics *The Racial Politics of Division* portrays the lived experiences of African Americans white Cubans and Afro Cubans as disrupters in the binary frames of worth citizenship narratives Foregrounding the oft neglected voices of Afro Cubans Gosin posits new narratives regarding racial positioning and notions of solidarity in Miami By looking back to interethnic conflict that foreshadowed current demographic and social trends she provides us with lessons for current debates surrounding immigration interethnic relations and national belonging Gosin also shows us that despite these new

demographic realities white racial power continues to reproduce itself by requiring complicity of racialized groups in exchange for a tenuous claim on US citizenship

**The Dynamics of Racial Progress** Antoine L. Joseph, 2016-07-22 Race relations in the United States have long been volatile marked on the one hand by distrust and violence but tempered on the other by periods of conciliation integration and relative harmony This path breaking blend of history sociology political science and economics argues that the key factor determining the quality of race relations is economic When economic equality spreads so do social and political equality Conversely economic downturns and widening income disparities promote political inequality polarizing blacks and whites To support this provocative thesis the author examines key events and eras in American history since the Reconstruction particularly the black migration and the New Deal policies of the interwar years the civil rights movement of the 1950s and 60s and the rise and decline of affirmative action in the late twentieth century He also analyzes the racial policies and politics of the major political parties and shows how they played the race card to win support

[Millennial Jewish Stars](#) Jonathan Branfman, 2024-06-18 Highlights how millennial Jewish stars symbolize national politics in US media Jewish stars have longed faced pressure to downplay Jewish identity for fear of alienating wider audiences But unexpectedly since the 2000s many millennial Jewish stars have won stellar success while spotlighting rather than muting Jewish identity In *Millennial Jewish Stars* Jonathan Branfman asks what makes these

explicitly Jewish stars so unexpectedly appealing And what can their surprising success tell us about race gender and antisemitism in America To answer these questions Branfman offers case studies on six top millennial Jewish stars the biracial rap superstar Drake comedic rapper Lil Dicky TV comedy duo Abbi Jacobson and Ilana Glazer man baby film star Seth Rogen and chiseled film star Zac Efron Branfman argues that despite their differences each star s success depends on how they navigate racial antisemitism the historical notion that Jews are physically inferior to Christians Each star especially navigates racial stigmas about Jewish masculinity stigmas that depict Jewish men as emasculated Jewish women as masculinized and both as sexually perverse By embracing deflecting or satirizing these stigmas each star comes to symbolize national hopes and fears about all kinds of hot button issues For instance by putting a cuter twist on stereotypes of Jewish emasculation Seth Rogen plays soft man babies who dramatize and then resolve popular anxieties about modern fatherhood This knack for channeling national dreams and doubts is what makes each star so unexpectedly marketable In turn examining how each star navigates racial antisemitism onscreen makes it easier to pinpoint how antisemitism white privilege and color based racism interact in the real world Likewise this insight can aid readers to better notice and challenge racial antisemitism in everyday life
